Album 40 Song 1

Feet of Clay, Throne of Grace" **(Indian Classical Style – Raga Bhairavi, Devotional)**

Sa... Re... Ga... Ma...

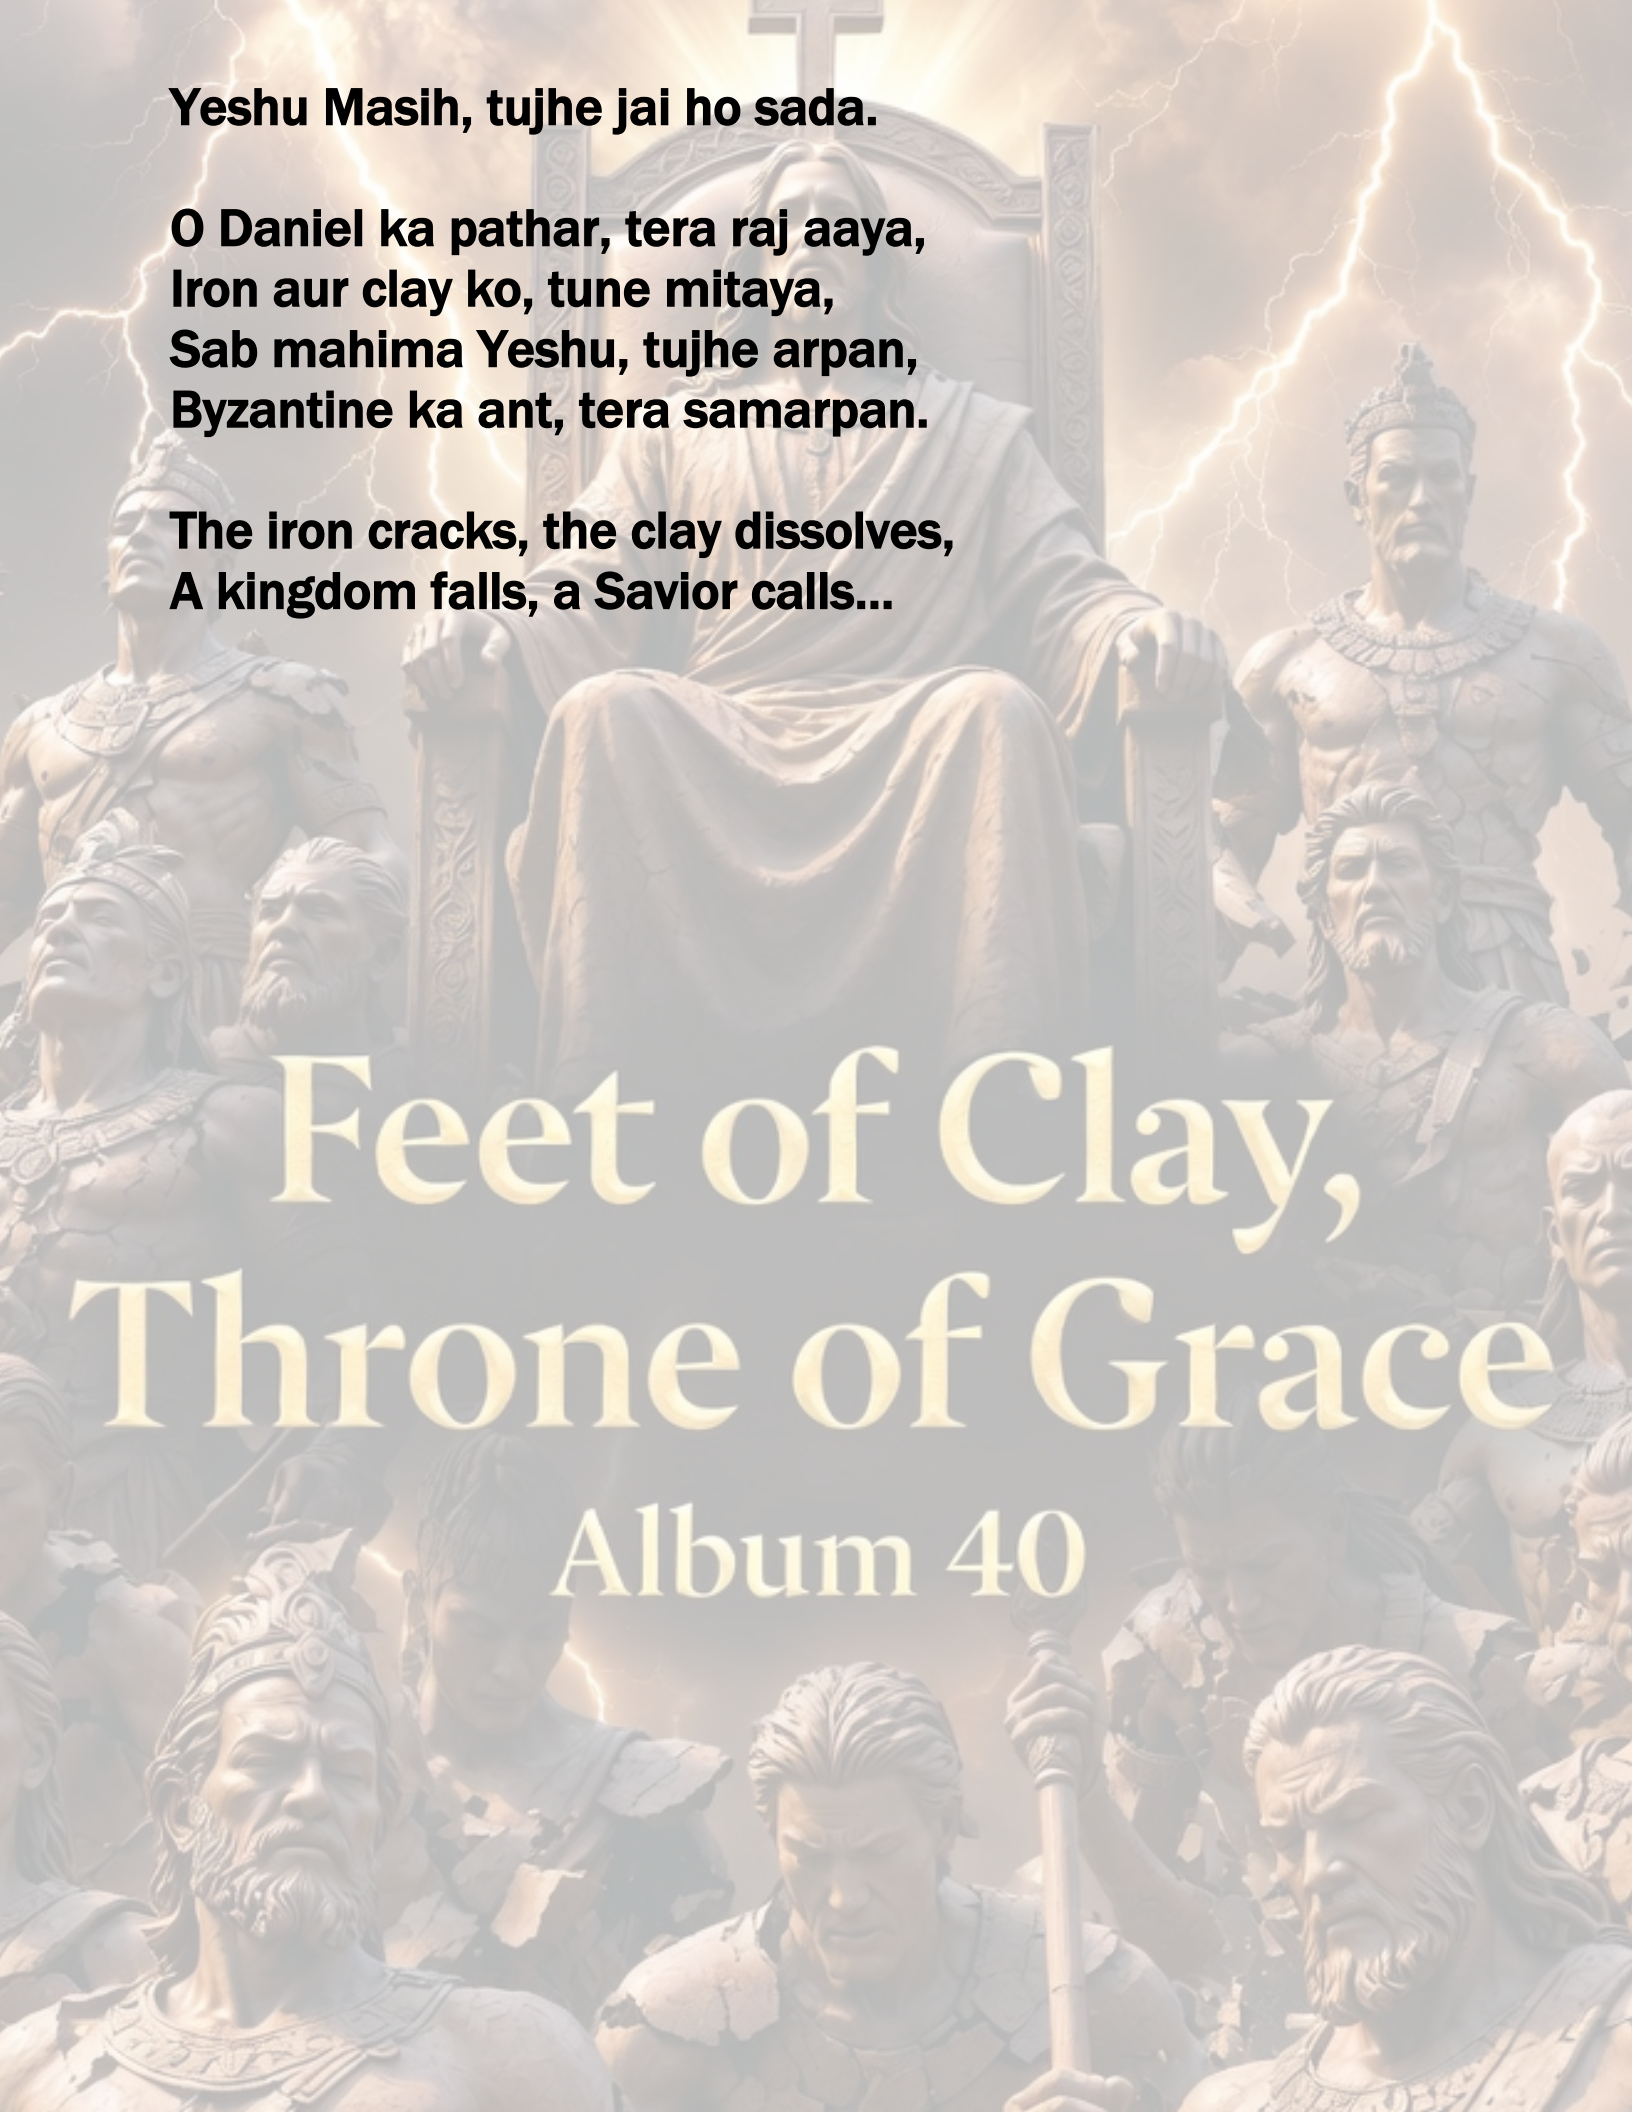

**O Prabhu Yeshu, iron ka tukda, mitti ka roop,
Tere charano mein, sab samarpan...**

**Rome ke paon, mitti se bane,
Zeno ka raj, ek sapna tha gane,
Justinian ka gaurav, iron ka zor,
Par Yeshu ke bina, sab bekor.**

**Heraclius ne, talwar uthayi,
Constantinople mein, jung ladayi,
Iron aur clay, tukde hue,
Par Yeshu ka raj, sada rahe naya.**

**Sa Re Ga Ma Pa, Dha Ni Sa,
Yeshu, Yeshu, tera naam japa,
Iron toot gaya, clay bikhra hai,
Tere prem mein, jeevan sikha hai.**

**Feet of clay, throne of grace,
Tere charano mein, mera vishwas,
Byzantine ka matrix, toot gaya,**

The background of the entire image is a dramatic, sepia-toned illustration. It features a central figure seated on a high, ornate throne, with a cross visible above their head. This central figure is surrounded by several other figures, some standing and some seated, all appearing to be made of stone or clay. The figures have various expressions and are dressed in ancient-style robes and armor. In the background, there are bright, jagged lightning bolts striking down, creating a powerful and somewhat ominous atmosphere. The overall style is reminiscent of classical religious art or a dramatic movie poster.

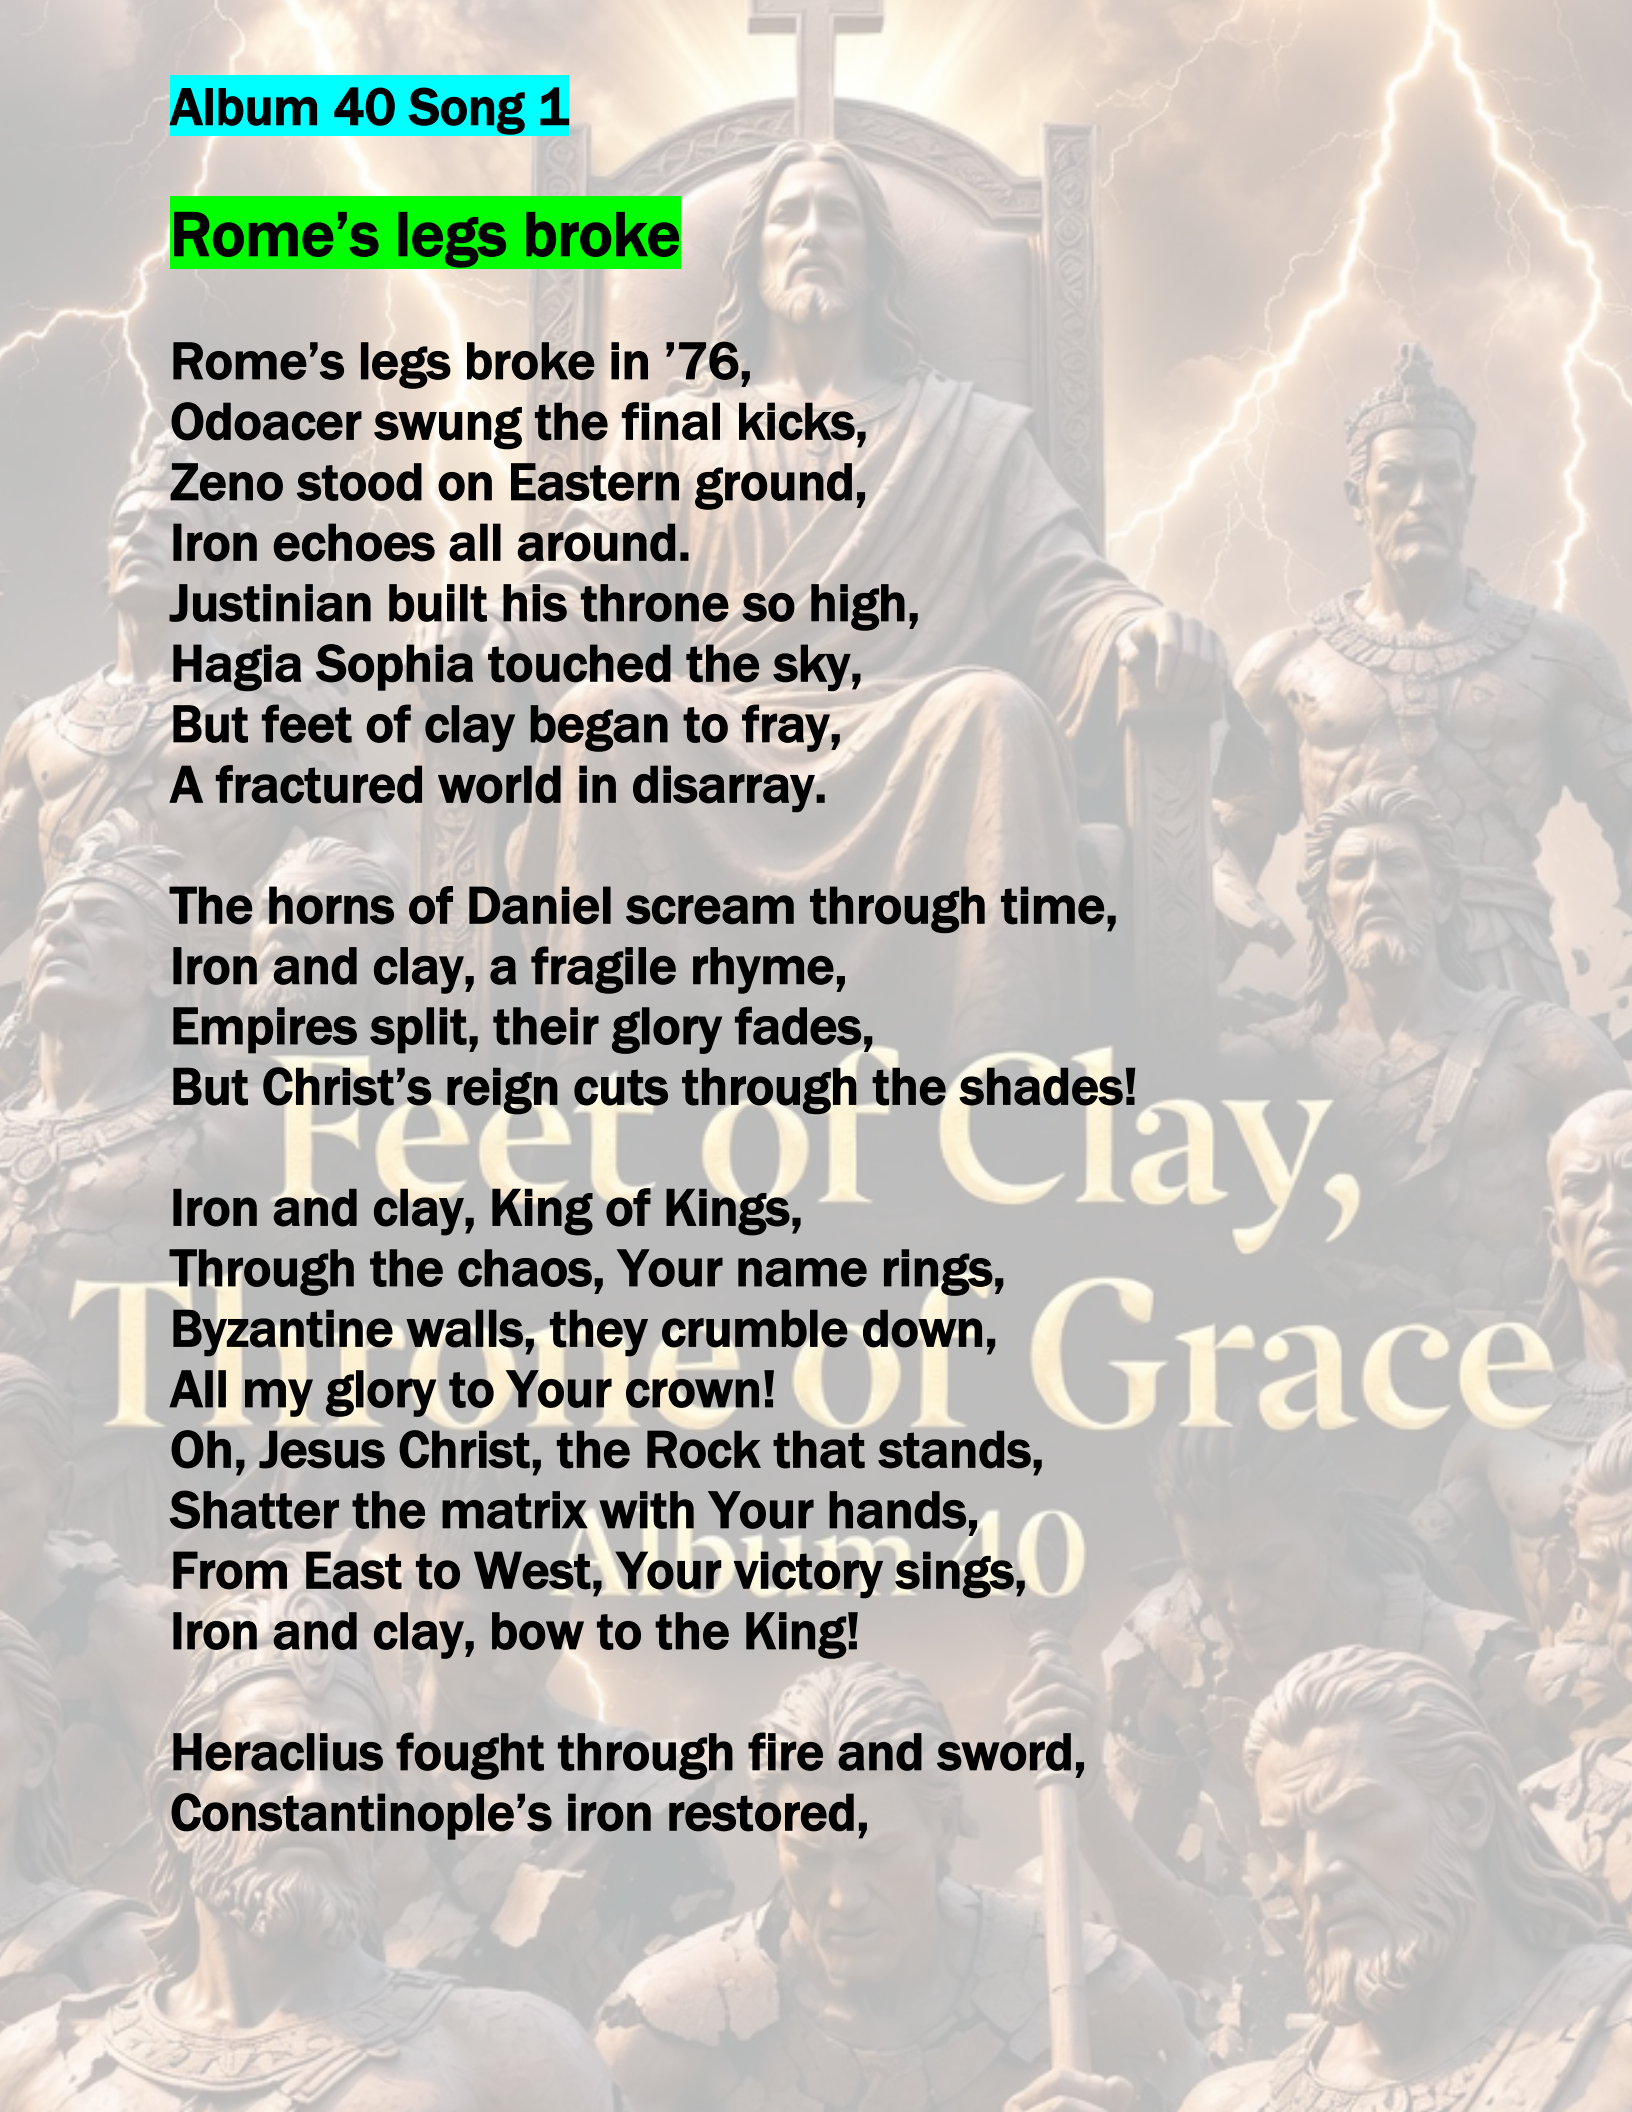

Yeshu Masih, tujhe jai ho sada.

**O Daniel ka pathar, tera raj aaya,
Iron aur clay ko, tune mitaya,
Sab mahima Yeshu, tujhe arpan,
Byzantine ka ant, tera samarpan.**

**The iron cracks, the clay dissolves,
A kingdom falls, a Savior calls...**

Album 40 Song 1

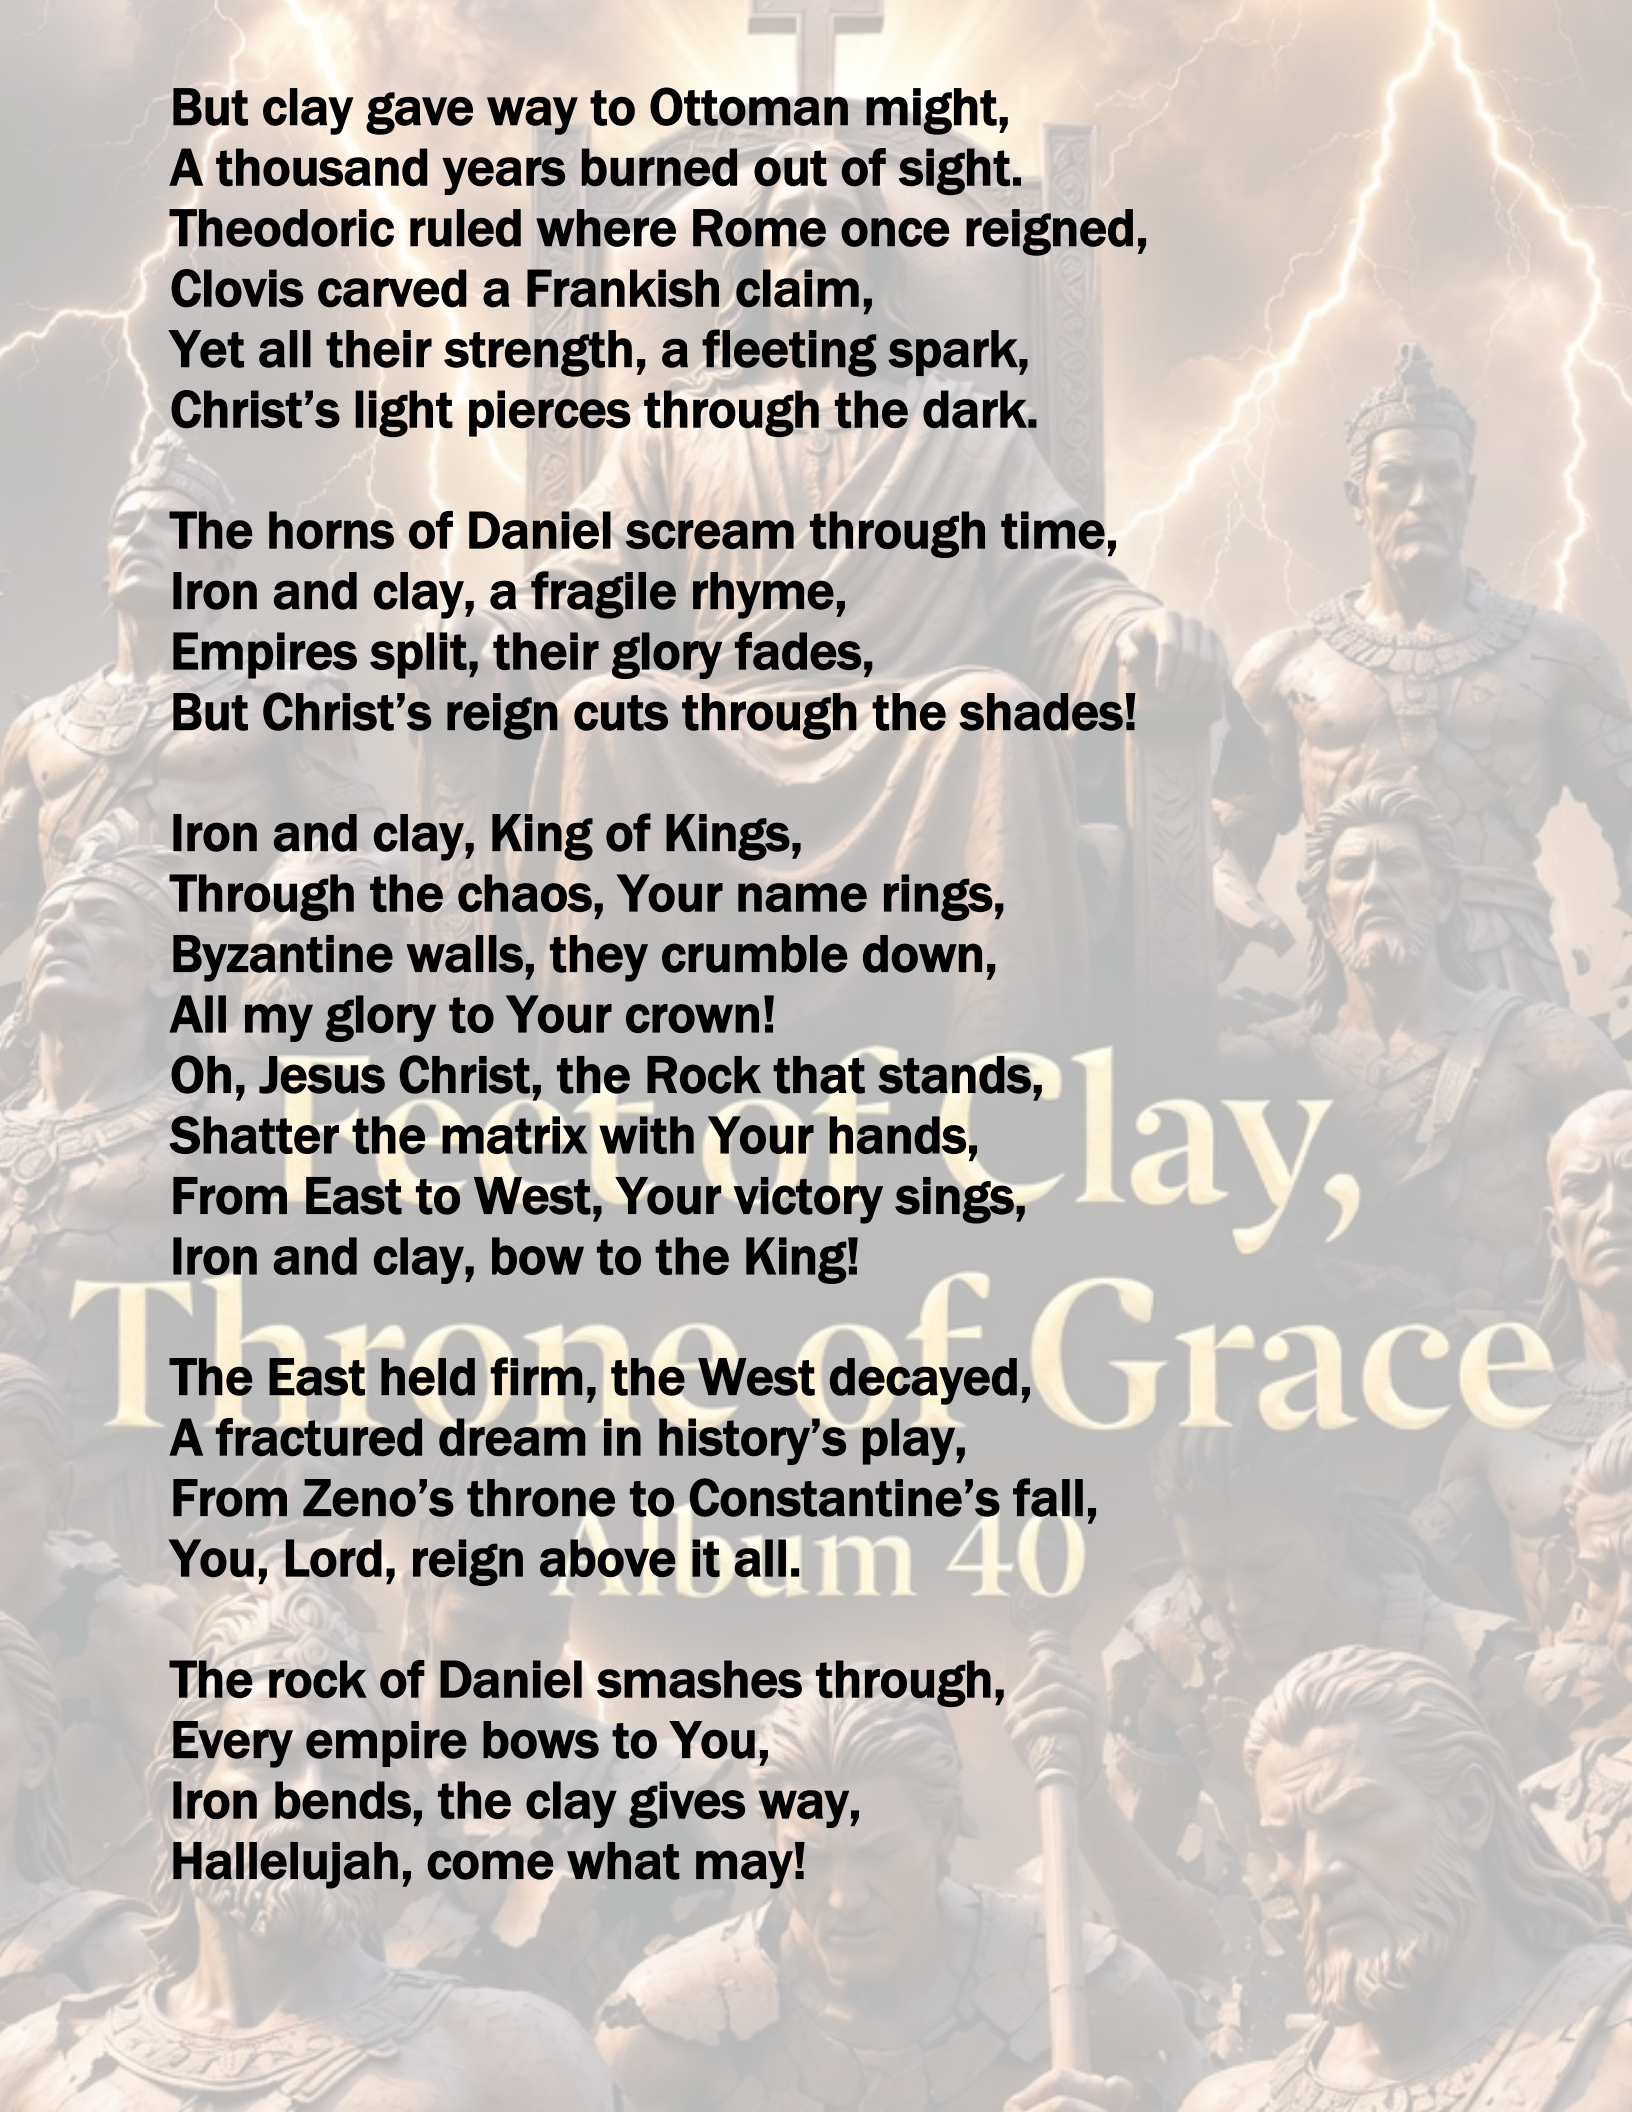

Rome's legs broke

Rome's legs broke in '76,
Odoacer swung the final kicks,
Zeno stood on Eastern ground,
Iron echoes all around.
Justinian built his throne so high,
Hagia Sophia touched the sky,
But feet of clay began to fray,
A fractured world in disarray.

The horns of Daniel scream through time,
Iron and clay, a fragile rhyme,
Empires split, their glory fades,
But Christ's reign cuts through the shades!

Iron and clay, King of Kings,
Through the chaos, Your name rings,
Byzantine walls, they crumble down,
All my glory to Your crown!
Oh, Jesus Christ, the Rock that stands,
Shatter the matrix with Your hands,
From East to West, Your victory sings,
Iron and clay, bow to the King!

Heraclius fought through fire and sword,
Constantinople's iron restored,

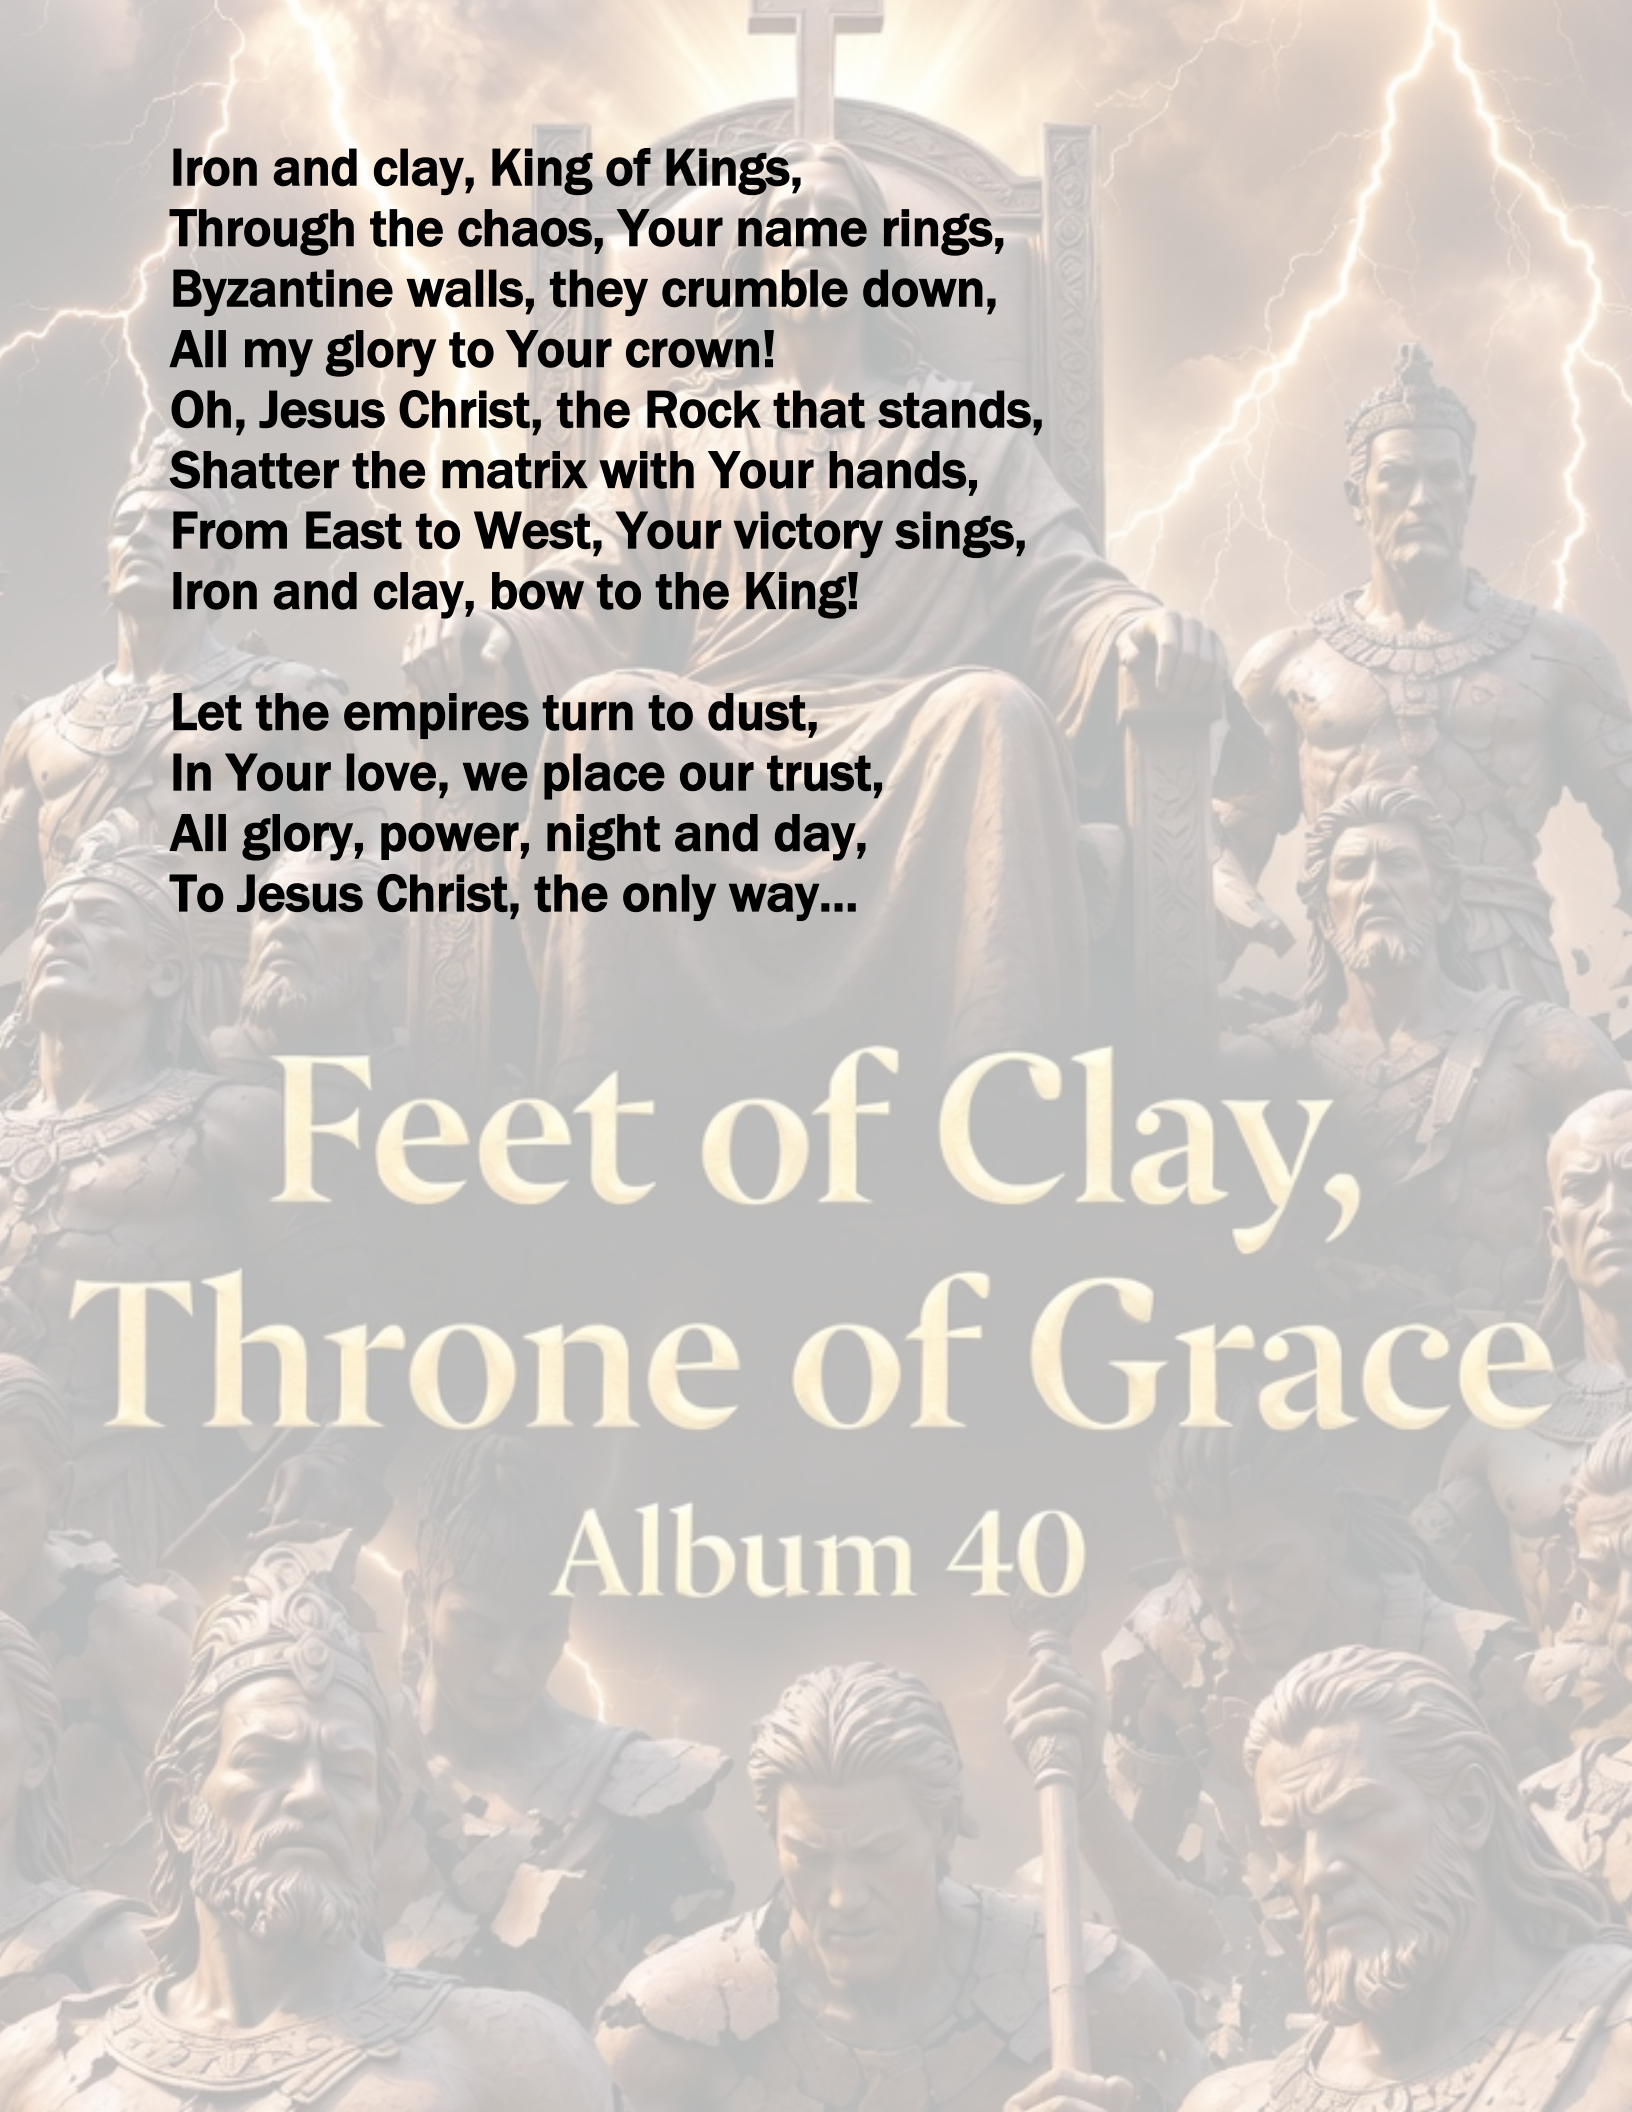

**But clay gave way to Ottoman might,
A thousand years burned out of sight.
Theodoric ruled where Rome once reigned,
Clovis carved a Frankish claim,
Yet all their strength, a fleeting spark,
Christ's light pierces through the dark.**

**The horns of Daniel scream through time,
Iron and clay, a fragile rhyme,
Empires split, their glory fades,
But Christ's reign cuts through the shades!**

**Iron and clay, King of Kings,
Through the chaos, Your name rings,
Byzantine walls, they crumble down,
All my glory to Your crown!
Oh, Jesus Christ, the Rock that stands,
Shatter the matrix with Your hands,
From East to West, Your victory sings,
Iron and clay, bow to the King!**

**The East held firm, the West decayed,
A fractured dream in history's play,
From Zeno's throne to Constantine's fall,
You, Lord, reign above it all.**

**The rock of Daniel smashes through,
Every empire bows to You,
Iron bends, the clay gives way,
Hallelujah, come what may!**

**Iron and clay, King of Kings,
Through the chaos, Your name rings,
Byzantine walls, they crumble down,
All my glory to Your crown!
Oh, Jesus Christ, the Rock that stands,
Shatter the matrix with Your hands,
From East to West, Your victory sings,
Iron and clay, bow to the King!**

**Let the empires turn to dust,
In Your love, we place our trust,
All glory, power, night and day,
To Jesus Christ, the only way...**

Eclipse du Dragon

**Sous la lune rouge, un cri s'élève,
Constantinople pleure dans son rêve...**

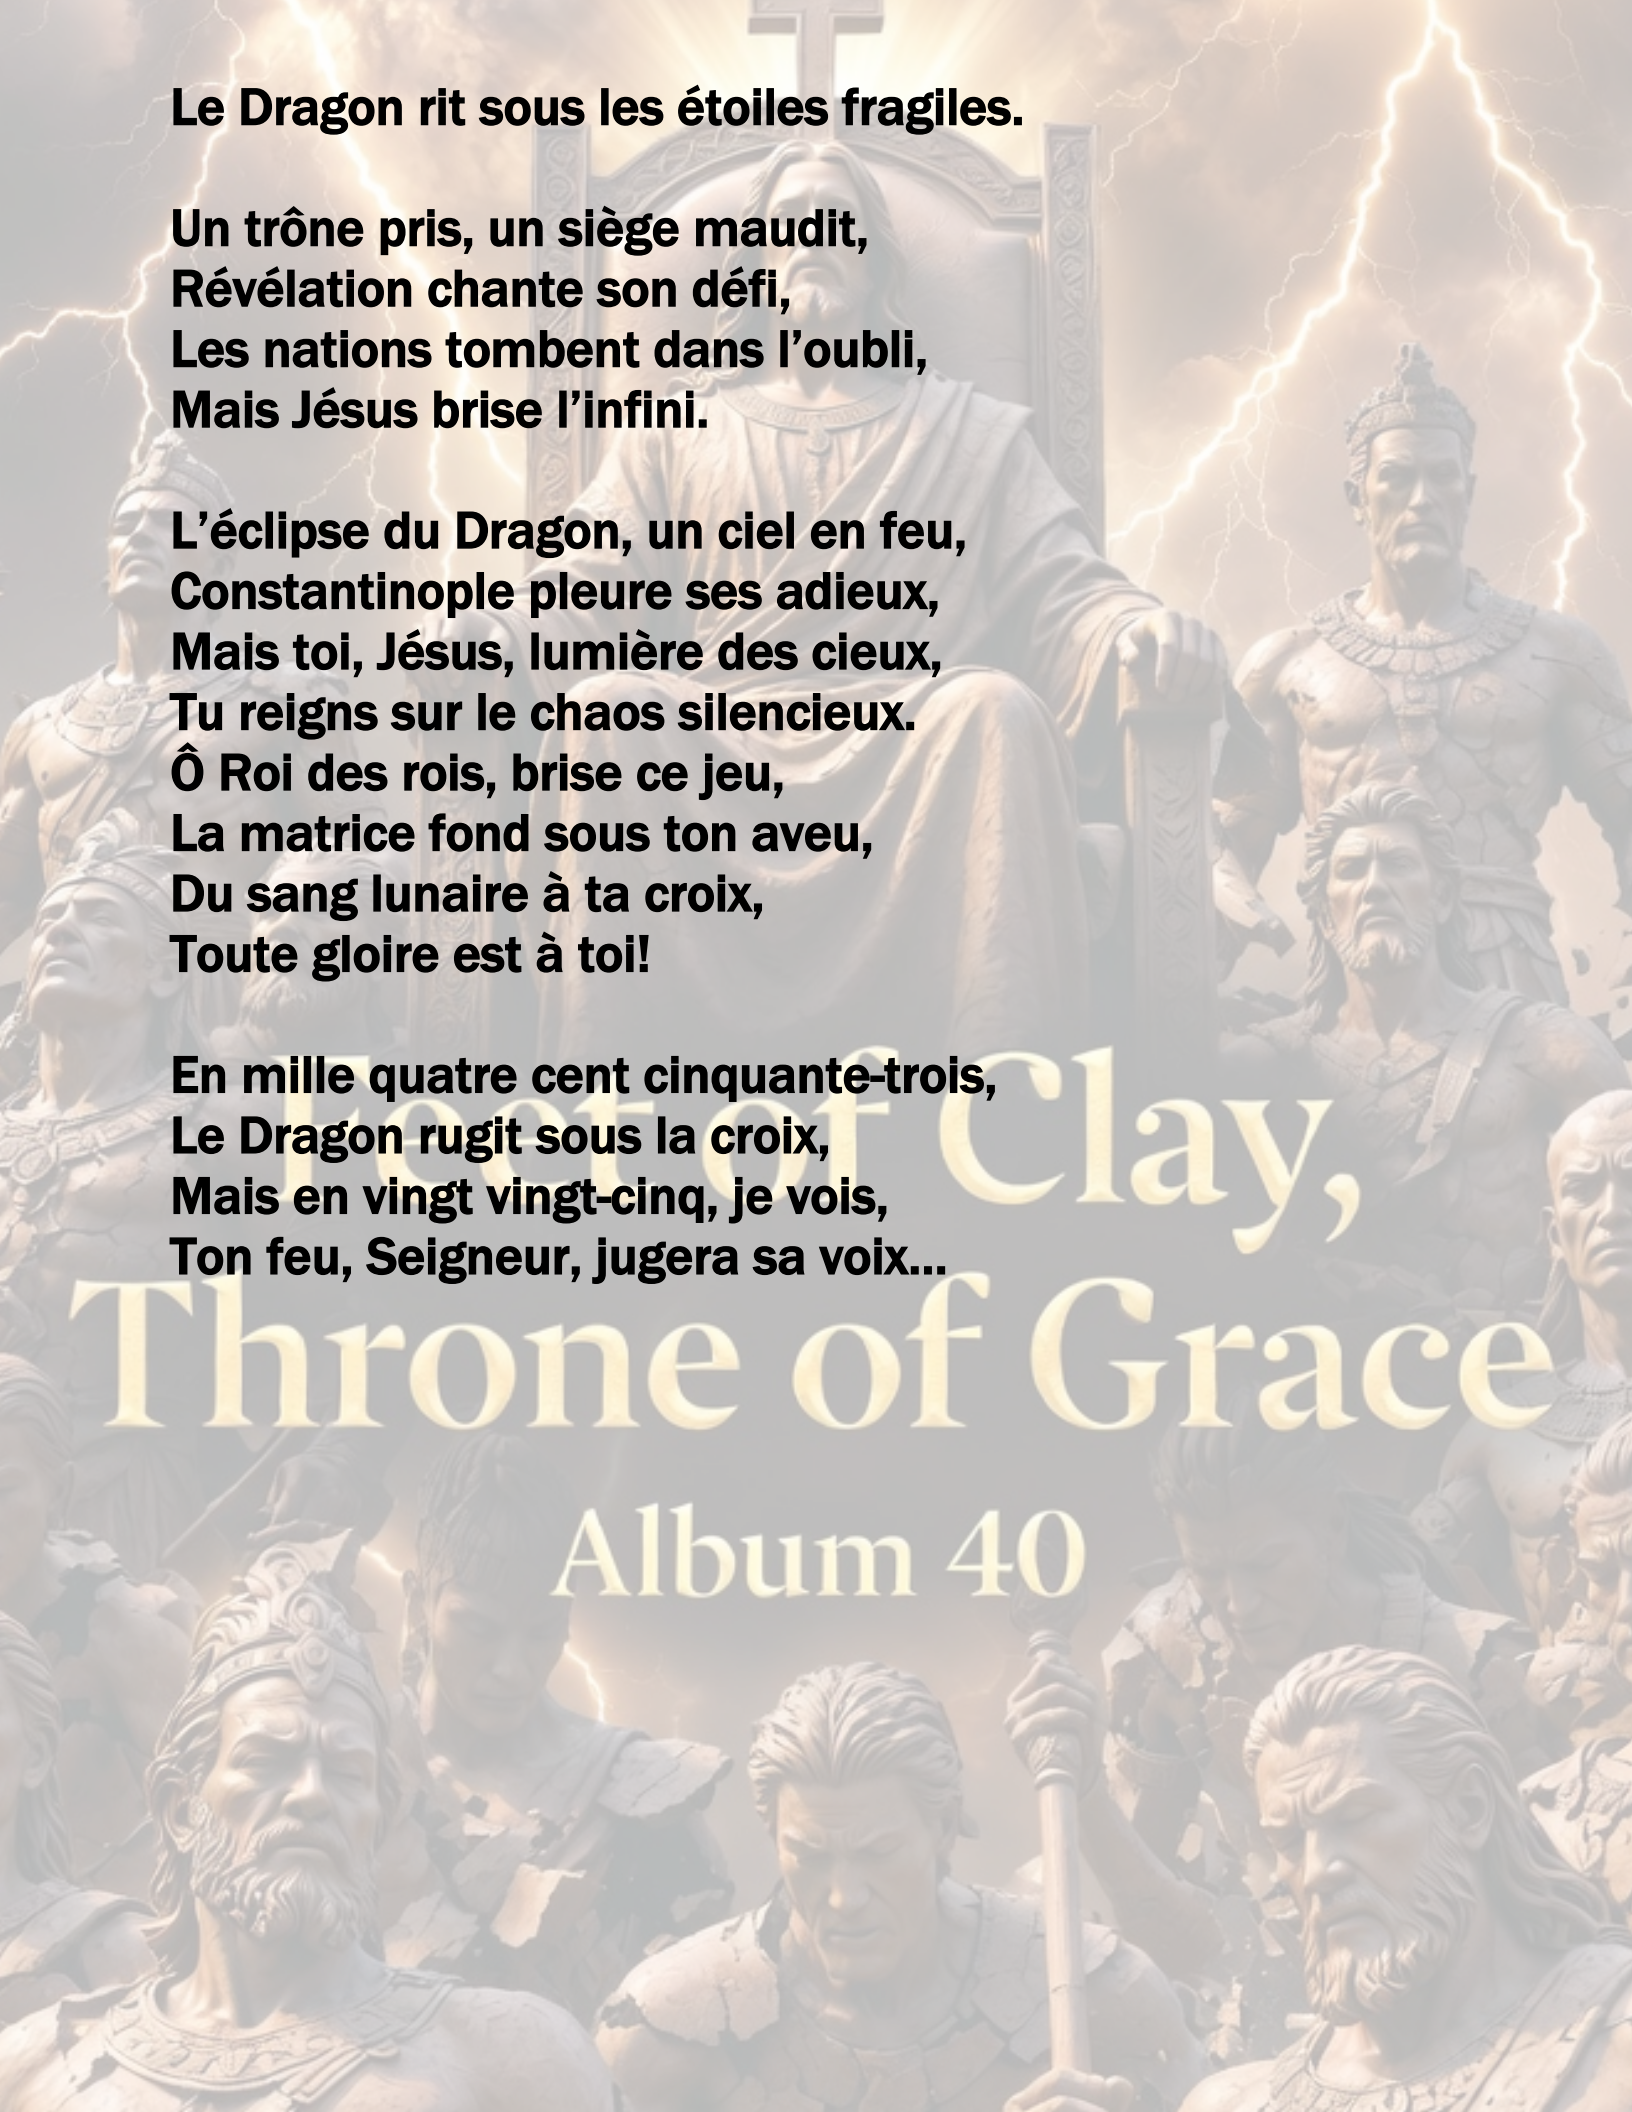

**Le vingt-deux mai, la lune saigne,
Un voile sombre sur l'ancienne reine,
Mehmet frappe, les murs s'effacent,
Le Dragon danse dans l'espace.**

**Un trône pris, un siège maudit,
Révélation chante son défi,
Les nations tombent dans l'oubli,
Mais Jésus brise l'infini.**

**L'éclipse du Dragon, un ciel en feu,
Constantinople pleure ses adieux,
Mais toi, Jésus, lumière des cieux,
Tu reigns sur le chaos silencieux.
Ô Roi des rois, brise ce jeu,
La matrice fond sous ton aveu,
Du sang lunaire à ta croix,
Toute gloire est à toi!**

**Hagia Sophia, voilée de nuit,
Un empire tombe, un rêve s'enfuit,
L'éclipse trompe, le monde vacille,**

**Feet of Clay,
Throne of Grace

Le Dragon rit sous les étoiles fragiles.

Mais Jésus brise l'infini.**

Constantinople pleure ses adieux,

Ô Roi des rois, brise ce jeu,
La matrice fond sous ton aveu,
Du sang lunaire à ta croix,
Toute gloire est à toi!**

**En mille quatre cent cinquante-trois,
Le Dragon rugit sous la croix,
Mais en vingt vingt-cinq, je vois,
Ton feu, Seigneur, jugera sa voix...**

Eisen und Ton

**Oh, die Nacht über Patmos weint,
Johannes sieht, wie die Zukunft scheint...
(Translation: Oh, the night over Patmos weeps, John sees
how the future gleams...)**

**Roms Eisenbeine, stark und groß,
Nero wütet, Feuer erbloss',
Domitian fordert Gottes Thron,
Doch das Tier erhebt sich schon.
Die sieben Hügel, stolz und klar,
Tragen Babylons Schande wahr,
Johannes ruft: „Haltet stand,
Christus siegt mit starker Hand!“**

**Eisen und Ton, Herr der Zeit,
Dein Reich bricht durch die Ewigkeit,
Von Rom bis Byzanz, ein Fall so weit,
Jesus Christus, dein Licht uns befreit!
Oh, König der Welt, dein Thron erstrahlt,
Die Matrix zerbricht, dein Ruhm erschallt,
Durch Feuer und Schwert, dein Sieg erwacht,
Alle Herrlichkeit dir gebracht!**

**Byzanz erhebt sich, Eisen bleibt,
Konstantin das Kreuz erweilt',**

**Justinian baut, doch Macht zerfragt,
Ton zerbricht, wie Daniel sagt.
Zeno hält den Osten fest,
Bis Konstantin im Sturm verwest,
Das Tier mit Hörnern, zehn an Zahl,
Fällt im Schatten von Gottes Strahl.**

**Eisen und Ton, Herr der Zeit,
Dein Reich bricht durch die Ewigkeit,
Von Rom bis Byzanz, ein Fall so weit,
Jesus Christus, dein Licht uns befreit!
Oh, König der Welt, dein Thron erstrahlt,
Die Matrix zerbricht, dein Ruhm erschallt,
Durch Feuer und Schwert, dein Sieg erwacht,
Alle Herrlichkeit dir gebracht!**

**Die Hörner zählen Roms Verfall,
Babylon stürzt im großen Schall,
Patmos' Vision, klar und rein,
Christus kommt, der Herr allein.
Der Stein zerschmettert Eisen entzwei,
Ton zerstreut sich, das Reich ist frei,
Von Nero bis zum letzten Tag,
Dein Licht besiegt, wie Johannes lag.**

**Eisen und Ton, Herr der Zeit,
Dein Reich bricht durch die Ewigkeit,
Von Rom bis Byzanz, ein Fall so weit,
Jesus Christus, dein Licht uns befreit!
Oh, König der Welt, dein Thron erstrahlt,**

**Die Matrix zerbricht, dein Ruhm erschallt,
Durch Feuer und Schwert, dein Sieg erwacht,
Alle Herrlichkeit dir gebracht!**

**Patmos schweigt, die Zeit vergeht,
Doch Christus' Reich für immer steht...**

Dragon_Prophecy (龙的预言)

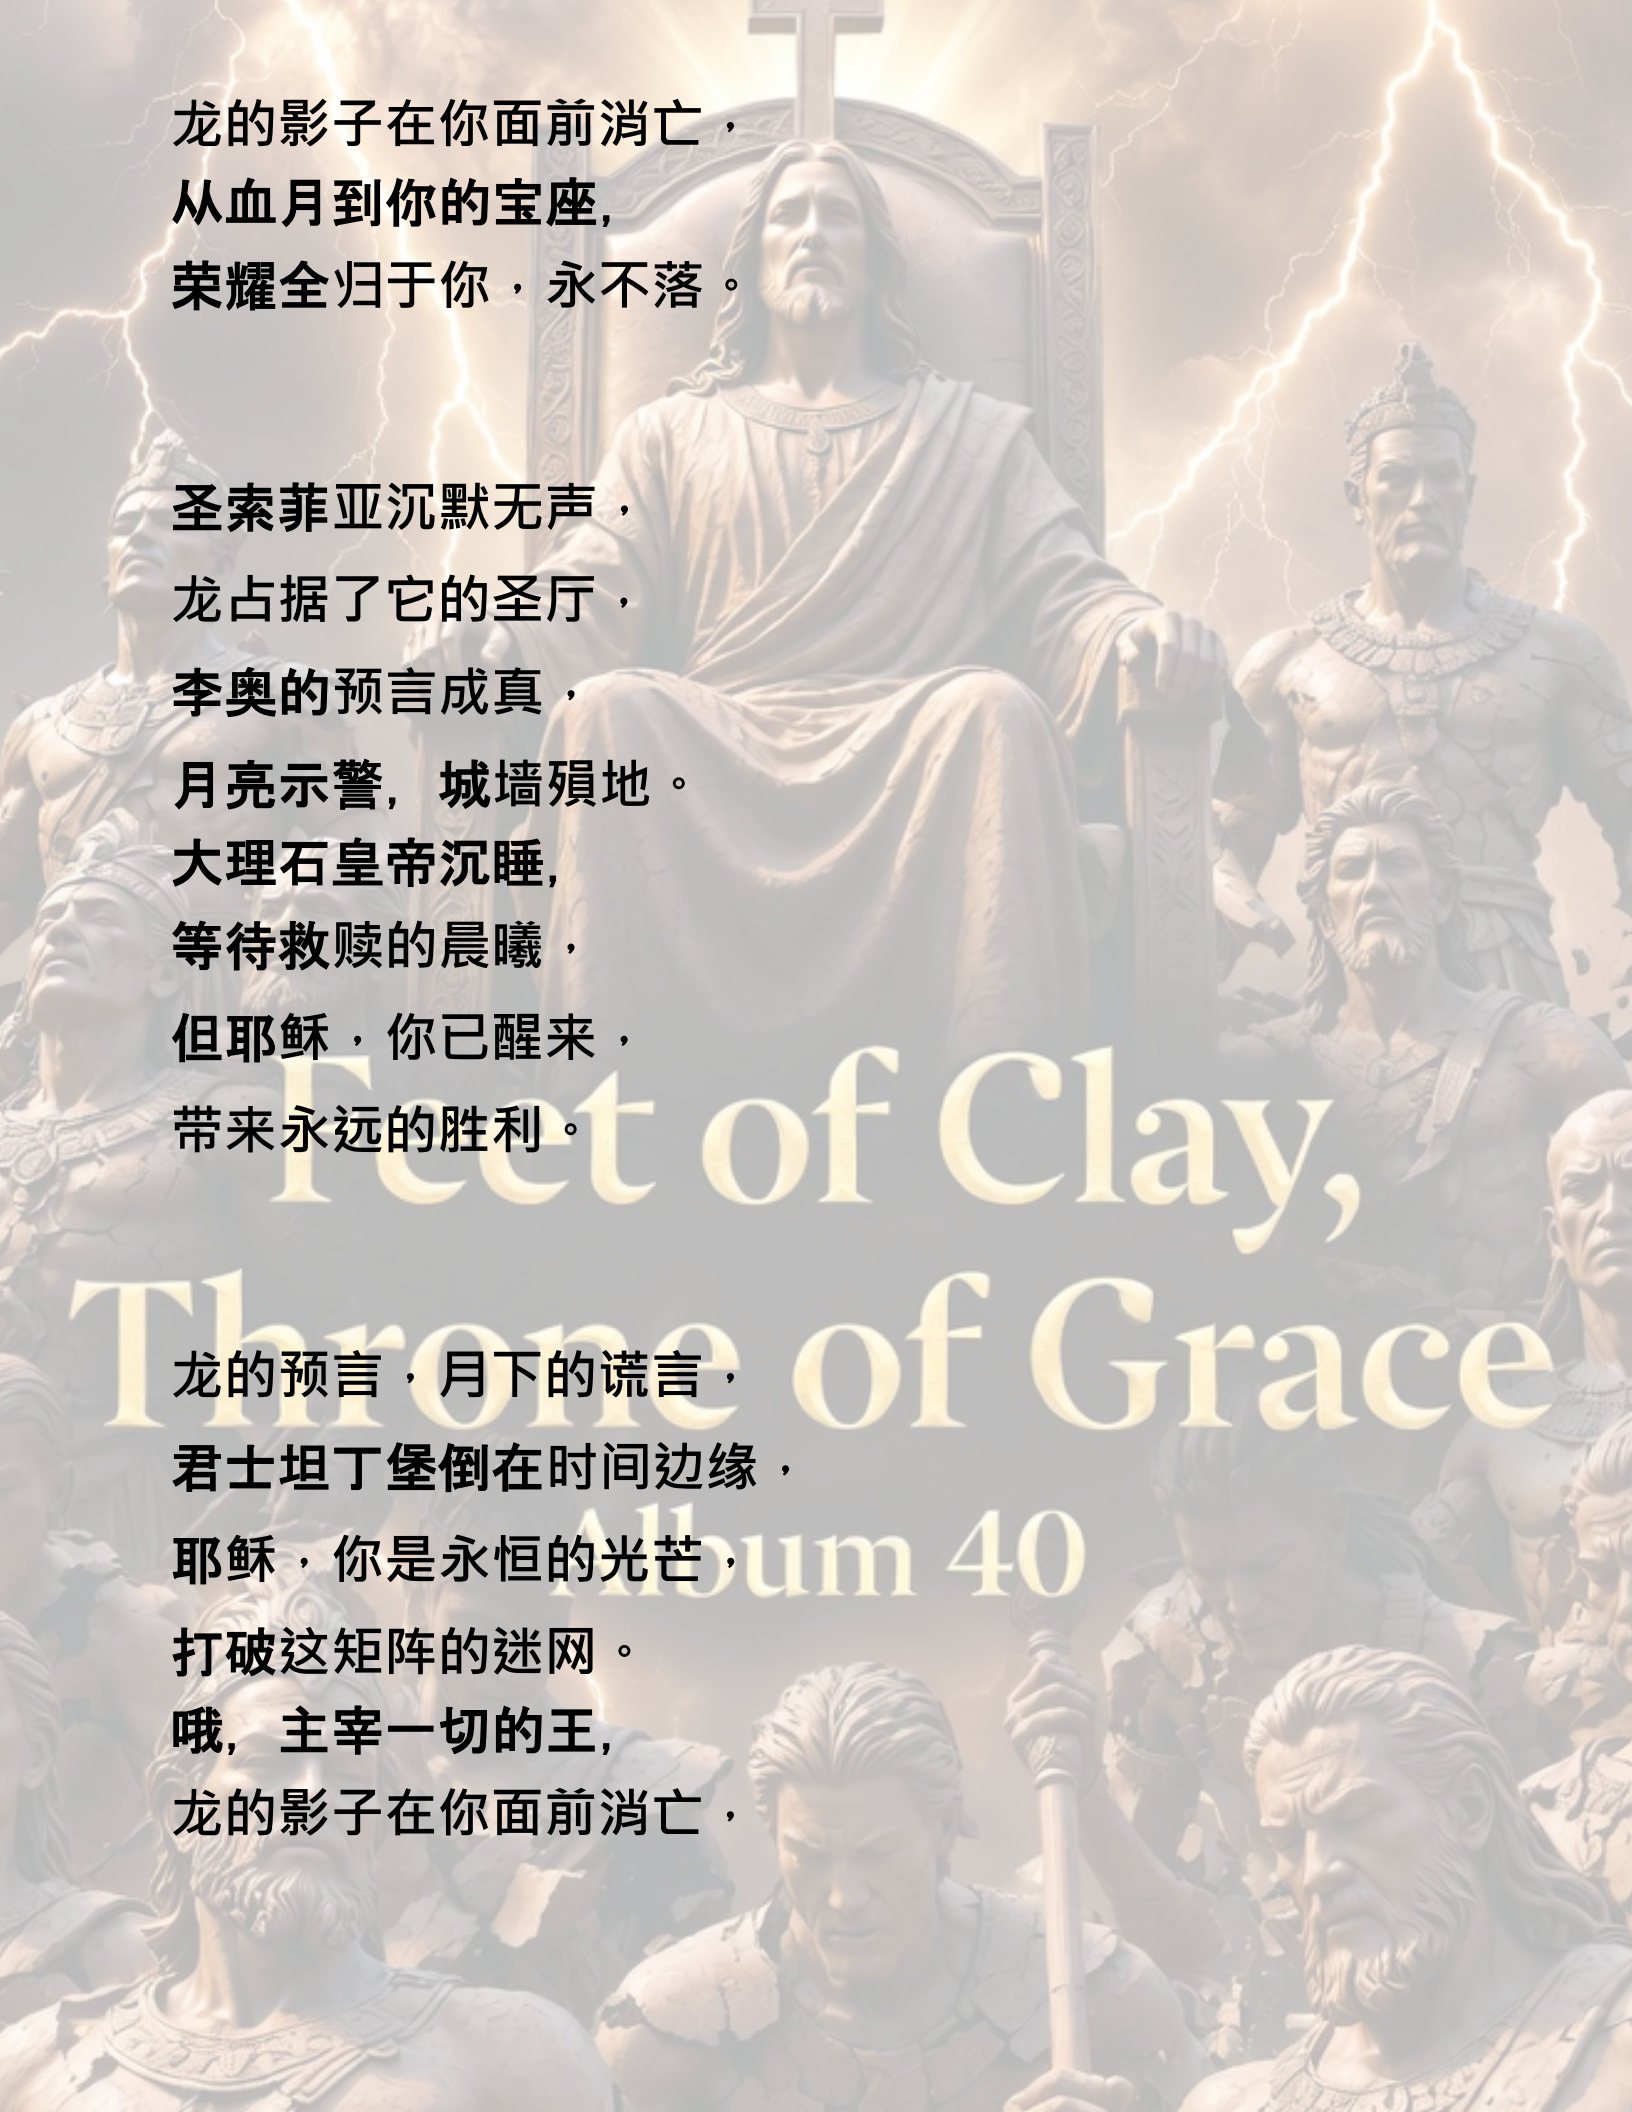

月光变红，预言低语，
君士坦丁堡在梦中哭泣...

一千年的锁链松开，
龙从东方升起来，
月蚀染红了天空，
梅赫梅德敲响命运钟。
预言说，白色的毁灭者，
带走新罗马的光辉，
但耶稣，你的真理，
在黑暗中依然明媚。

龙的预言，月下的谎言，
君士坦丁堡倒在时间边缘，
耶稣，你是永恒的光芒，
打破这矩阵的迷网。
哦，主宰一切的王，

Album 40

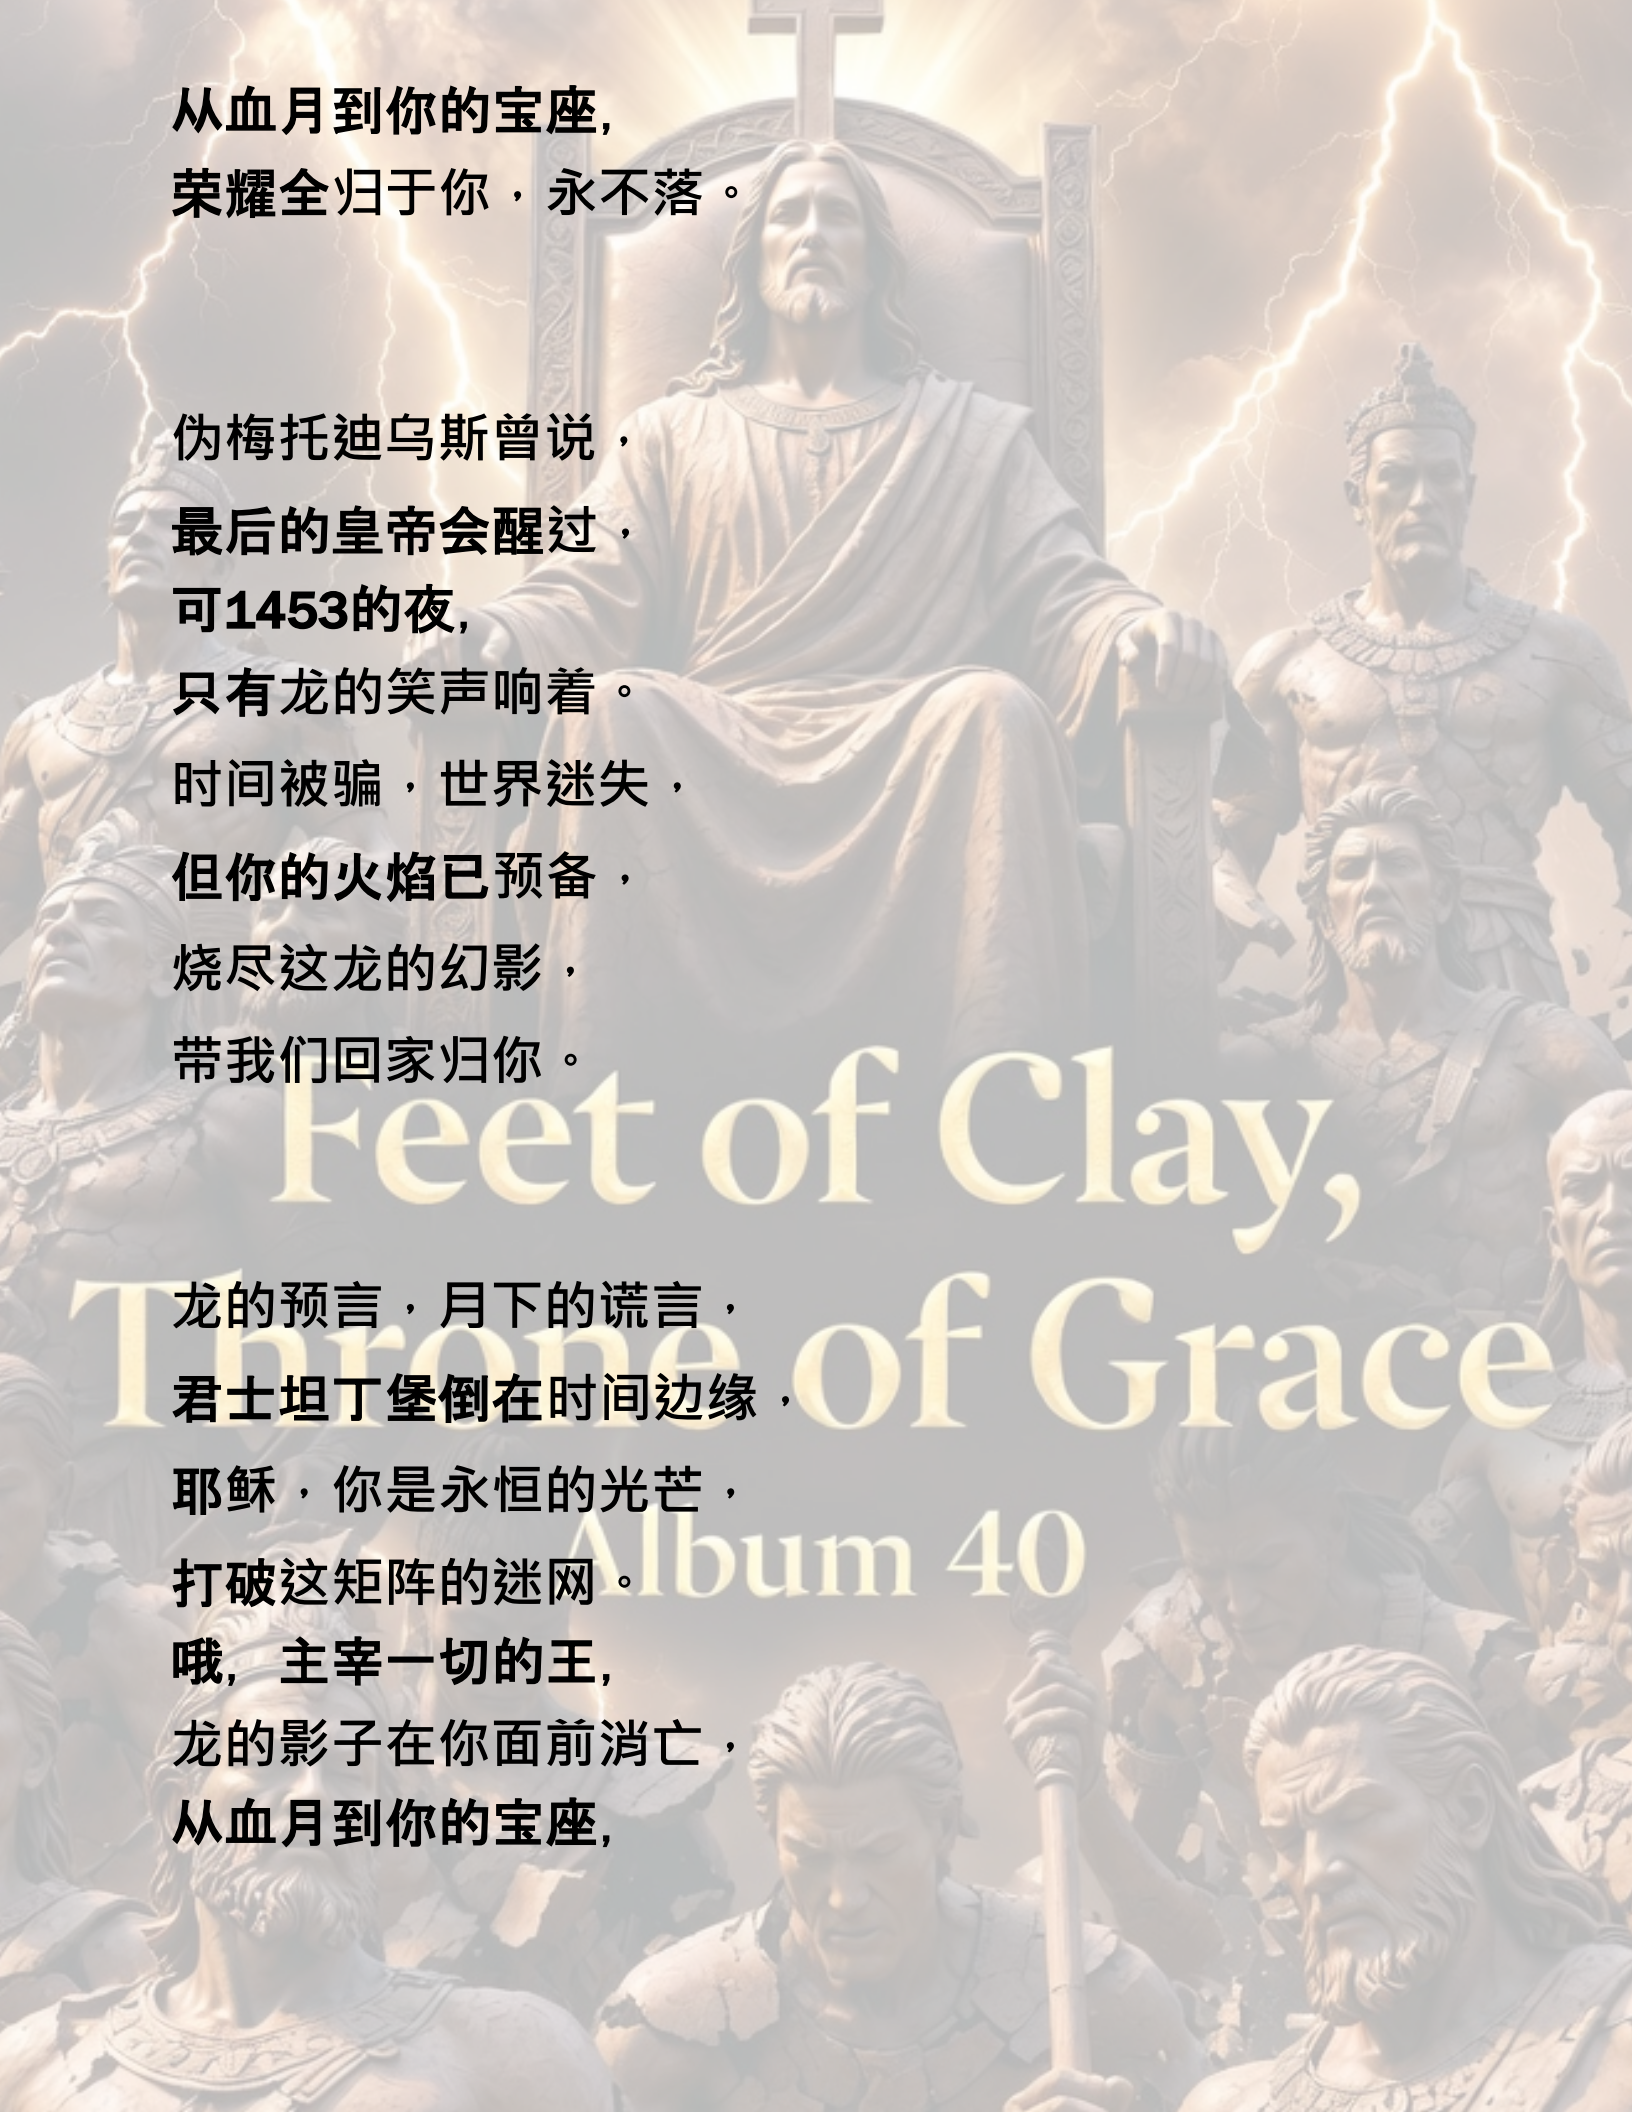

龙的影子在你面前消亡，
从血月到你的宝座，
荣耀全归于你，永不落。

圣索菲亚沉默无声，
龙占据了它的圣厅，
李奥的预言成真，
月亮示警，城墙殒地。
大理石皇帝沉睡，
等待救赎的晨曦，
但耶稣，你已醒来，
带来永远的胜利。

伪梅托迪乌斯曾说，
最后的皇帝会醒过，
可1453的夜，
只有龙的笑声响着。
时间被骗，世界迷失，
但你的火焰已预备，
烧尽这龙的幻影，
带我们回家归你。

Album 40 Song 7

Cumhuriyetin Matrisi

**Gecenin gölgesinde bir imparatorluk söner,
Ankara'da bir ışık sessizce köner...**

**Kasım'da bitti saltanat, taht boş kaldı,
Mehmet Altı, Malta'ya yelken açtı,
Abdülmecid dua etti, son halife,
Ama matrix değişti, tarih rife.
İstanbul sustu, minareler ağlar,
Osmanoğlu dağıldı, rüzgarlar dağlar,
Bir ejderha yandı, küller yükseldi,
Kemal'in ateşiyle yeni bir gün geldi.**

**Cumhuriyetin matrisi, gökyüzü gibi,
Ejderhanın sonu, özgürlük türküsü,
Kemal'in rüyası, bir ulusun sesi,
Geçmişin gölgesinden doğar bu tesi.
Ah, sonsuz bir ışık, karanlığı keser,
Zamanın ağında hakikat eser,
Osmanlı biter, Cumhuriyet başlar,
Bu matrixte umut sonsuza taşar.**

**Lozan'da çizildi sınırlar yeniden,
Anadolu kaldı, Balkanlar bedenden,
Fes düştü, harfler Latin'e döndü,**

**Şeriat sustu, dünya bize güldü.
Halifelik bitti, bir trenle veda,
Abdülmecid Paris'te, ruhu burada,
Ejderha gömüldü, tozlar uçtu,
Kemalist devrimle sabah uyuştı.**

**Cumhuriyetin matrisi, gökyüzü gibi,
Ejderhanın sonu, özgürlük türküsü,
Kemal'in rüyası, bir ulusun sesi,
Geçmişin gölgesinden doğar bu tesi.
Ah, sonsuz bir ışık, karanlığı keser,
Zamanın ağında hakikat eser,
Osmanlı biter, Cumhuriyet başlar,
Bu matrixte umut sonsuza taşar.**

**Ejderhanın yavruları, sürgünde kayıp,
Beyrut'ta taksi, Kahire'de tayyip,
Ama toprak uyanır, bir ses çağırır,
Kemal'in ruhu hâlâ bizi bağırır.
Orta Doğu ağlar, sömürge zincir,
Balkanlar izler, tarih birikir,
Matrix yanar, ateş söner mi?
Umut yükselir, bu aşk ölür mü?**

**Cumhuriyetin matrisi, gökyüzü gibi,
Ejderhanın sonu, özgürlük türküsü,
Kemal'in rüyası, bir ulusun sesi,
Geçmişin gölgesinden doğar bu tesi.
Ah, sonsuz bir ışık, karanlığı keser,
Zamanın ağında hakikat eser,**
