

The image is a vertical collage of religious-themed photographs. At the top, a man with grey hair and a beard is shown in profile, looking upwards with his hands clasped in prayer. Below this, a large, central image of Jesus with long brown hair and a beard, wearing a white robe, is the focal point. He has a serene expression and is surrounded by a soft, golden glow. Several white doves are depicted in flight around him. To the right of Jesus, a pair of hands is shown with palms up, positioned in front of a glowing cross. Below the central Jesus image, the text 'Album 65' is repeated. Further down, another image shows a man in a white robe with his hands raised in prayer, with a halo effect around his head. To the left, a man in a brown robe is also shown in prayer. Below that, an older man with a white beard is praying. To the right, a man in a white robe is shown in profile, looking up. Further down, a man in a brown robe is shown in profile, looking up with his hands raised. Below this, a large image shows two hands with palms up, framing a smaller image of Jesus with his arms outstretched. To the right, a large cross is shown against a bright sky, with hands raised in front of it. At the bottom left, a man is shown in profile, looking up with his hands raised. Album 65 - Healing and deliverance

Album 65 Song 1

He-la (Anthem of Healing)

He-la-la-la-la-la

He-la-la-la-la-la

He-la, he-la, he-la, he-la, he-la, he-la, he-la, he-la

He-la, he-la, he-la, he-la, he-la, he-la, he-la, he-la

Three voices rise in sacred song, the matrix breaks its reign not long

Falls before the Savior's tide

Tumors grow, their shadow spreads, yet shrink beneath His holy threads

By His stripes we three proclaim

Labs of greed, their lies undone, crumble now the battle won

A river stained, washed away by mercy's rain

Alzheimer's fog of mind's dark veil, if swear Christ's own truth prevails

Alzheimer's fog of mind's dark veil, makes no more their God's display

Sickness unnamed, its hold displaced, restored the skies our pleas to all

Our anthem ring, Jesus reigns our sovereign

Pharaoh's fall to Noah's flood, freedom flows through holy blood

Joyful hearts no longer frail, by His grace we shall prevail

The tree of life in glory bloom, healing light where once was gloom

Three voices shout the war is done, the Father, Spirit, Holy Son

Declare the earth forever free from every plague eternally

O Jesus reign, Your truth we sing, Hallelujah, victory's King

A mighty throng of voices soar, the matrix falls, its reign no more

From Egypt's gods to Vedic lore, their plagues collapse, their power's no more

HIV and Ebola bow, cancer kneels before Him now

Rheumatoid, its fire still, sickle cells, their curse fulfilled

Parkinson's tremors fade away, MS dissolves in heaven's day
Alzheimer's chains no mind can find, cystic lungs breathe life divine
By His word we all confess, sickness ends, He does profess
Labs of greed, their schemes are torn, earth reborn where Christ was born

Purest water, air so clean, springs of life where death has been
Tumors plague both great and small, shatter at the Spirit's call
No more pain our anthem cries, joy ascends to cloudless skies
Sorrow's shadow, schemes of woe, fall before the Savior's glow

Businesses that spread despair, vanish in His holy glare
Genetic flaws, their hold released, humanity in glory pleased
Victory we shout as one, the war is fought, the fight is won
Nations rise, their praises sing, healing flows from heaven's spring

The tree of life in splendor grows, fruitful earth where rivers flow
No more sorrow, no more fear, Christ the cornerstone is here
From Noah's flood to Moses' stand, freedom reigns across the land
Hallelujah, voices blend, diseases vanquished, plagues descend

Spirit fills each heart and soul, humanity made fully whole
Every tongue His name adore, Jesus reigns forevermore
The throng unites a holy sound, proclaiming Christ our hope is found
The earth is free, we boldly cry, by His blood we'll never die

Glory Lord, Your kingdom come, O victory over disease we sing
In Jesus' name our praises ring, the matrix falls, the curse is ceased
The earth renewed in perfect peace, from every plague we're set apart
Healing flows to every heart, the Holy Ghost our strength, our guide

No sickness stands, no tears abide, worthy is the Lamb we say
Disease is gone this glorious day, the kingdom comes, His will be done
Victory's ours through God's own Son

Album 65 Song 2

From Duat to Dawn

(Ah-ah-ah-ah)

(Ah-ah-ah-ah)

**In just four flow net
God with cams the boo
For the art for twin
The shadows bar be sue**

**In just four flow net
God with cams the boo
For the art for twin
The shadows bar be sue**

**A cosmic throw our voices rise
The matrix breaks beneath the skies
Kex void dissolves its chaos spent
Sobek's throne to dust is rent
Anubis fades his gates unbarred
Horus falls his reign discarded
Thus wisdom crumbles lies no more
Ammit's jaws forever tore**

**Pyramids bow the secrets freed
Dead souls ascend from bondage freed
High places powers their scepters break
Fallen angels for judgment's sake**

**By his blood we all decree
Christ has won eternity
Dead energies their hold is gone**

Earth reborn in heaven's dawn

**Clear waters flow the air is pure
Spirits of life forever sure
Wickedness flees its reign is through
Jesus light makes all things new
No more chains our anthem soars
Freedom reigns on golden shores
From Egypt's stones to Mem's dark lore
Christ's redemption evermore**

**Schemes of elites their plans undone
High places fall the battle won
Souls released no longer bound
Cycles bind truth restores the heart and mind
Hallelujah we proclaim as one
The matrix shattered the war is done
Nations sing their praises blend
Healing flows no tears to mend
The tree of life in glory stands
Fruitful peace in every land
No more darkness no more fear
Christ the king is reigning here**

**From Duat's depths to starry heights
His glory pierces endless nights
Victory our voices ring
Jesus savior sovereign king
The spirit fills each soul with grace
Earth reflects his holy face
Every tongue his name confess
Lord of all in righteousness
The throng unites a radiant sound
Proclaiming Christ our hope is found**

Album 65 Song 3

Matrix Triumph

**A mighty throng, our voices soar
The Matrix breaks its reign no more
Mekhane's gears to dust they fall
Yaldabaoth's flesh, no strength at all**

**Scarlet King's wrath, its fire's quenched
Now of the thoughts of schemes forever drenched
SCP-682, its hatred stilled by Christ's own blood
Its chaos stilled, peace of mind 999, its glow is dimmed
SCP-001's bond, no match for Him
05's veil, the secrets bare contained in fail**

**By His word we all confess
Chaos ends, He does profess
Sarkic rites, their altars torn
Children's cries no longer borne
Pure light descends, the air is free
Springs of life where death would be
Matrix powers, their thrones collapse
Principalities bound in Heaven's grasp
No more lies, our anthem rings
Truth ascends on holy wings**

**From Revelation's seals to SCP's dread
Christ's redemption where we tread
Insurgency's chaos, its plans undone
High places fall, the battle won
Souls released, no chains remain
Love restores what lies did stain**

*captives free

Album 65 Song 4

Spirit come like rain

Holy Spirit, come like dew
Softly fall, our hearts renew
Drizzle down as gentle rain
Wash away our fear and pain
Breeze of wind, your presence near
Touch our souls, your voice we hear
Spring of water, fill our thirst
Guardian Spirit, you come first

Spirit come, Spirit come like rain, oh pour your love
Flow as rivers from above
Like a cloud o'er mountains high [fill the earth]
Holy Spirit live in me, live in us eternally
Hallelujah, rain down oh Lord

Holy Spirit, soft your touch
Heal our hearts, we need you most
Wind of grace, through valleys sweep
Wake our souls from weary sleep
Life of water, flow within
Cleanse our hearts from every sin
Guardian of our souls abide
Lead us where your rivers glide

Spirit come, Spirit come like rain, oh pour your love
Flow as rivers from above [from above your glory falls]
Like a cloud o'er mountains high [fill the earth]
Holy Spirit live in me, live in us eternally

Light of Christ (Songs from the Break)

**О, Честный Отче, услышь наш зов
Holy Father, break terror's claws**

**С картелями бой, с братвой удар
Clan del Golfo falls, bratva's scar**

**Огонь отнимет мамонов власть
Santa Muerte's greed, chaos cast**

Слава! Light of Christ, shine break the chains

Свет Христа, разрушь оковы

Holy Spirit, burn like flames

Дух Святой, гори в нас снова

Cast the darkness to the deep

Бездна тьмы, где хаос спит

Fill the earth with peace to keep

Мир земли в Твоей любви

Shine, Lord!

God of vengeance, hear our cry

Боже правды, тьму суди

Scatter powers, break the hold

Силы зла как прах уйди

Слезы их Твоей рукой

Spirit come with healing balm

Album 65 Song 7

Break the Chains of Stone

Jesus light who breaks the night
Shatter mountains of ancient might
From Cahokia's silent graves
Free the souls that darkness craves
Pyramids of stone and lies
Fall before your holy eyes
In your name their chains unwind
God of freedom, hearts you find
O Jesus, yeah

Break the chains of stone, O Lord
Holy Spirit, truth restored
From the pyramids' dark hold
Fill the earth with peace untold
Hallelujah, rise O King

From Huaca's ancient shadowed court
And Darkest Frozen Lore
Soul traps fade, their power gone
In your cross the battle's won
Serpent Mound and Luxor's frame
Bow before your holy name
Spirit flood the void with grace
Lead the lost to your embrace
O Savior free

Break the chains of stone, O Lord
Holy Spirit, truth restored
From the pyramids' dark hold
Fill the earth with peace untold

*captives free
