Album 66 - Creation and Global worship

Album 66 Song 1

O Creator (Song of Creation)

**In the beginning your word arose
Void and darkness your spirit chose
Light from shadow you spoke it came
Day and night you gave them name
Sky above the waters part
Land and seas your holy art
Plants to bloom by your command
Earth awoke within your hand**

**O Creator glory reigns
Creation sings heaven earth your voice sustains
All you made sun and moon the stars alight
Your holy you made it shine so bright
O King of glory Lord lift your praise your name**

**Creatures swim and birds take flight
Filling seas and skies with light
Beasts to roam your breath they bear
Formed with love your tender care
Man and woman in your mold
Image divine your heart they hold
Blessed to your world to tend
Very good your work won't end**

**O Maker your glory reigns
Heaven earth your voice sustains**

**All you made sun and moon the stars alight
Your holy you made it shine so bright
O King of glory Lord lift your praise**

**From the void your word gave birth
Spirit moved and life awoke
All creation sing his worth
Sing his worth forevermore
Hallelujah God you reign**

**In the beginning you made it all
Heavens earth your holy call
Very good your love remains
God of glory ever reigns**

Amen praise your light

Album 66 Song 2

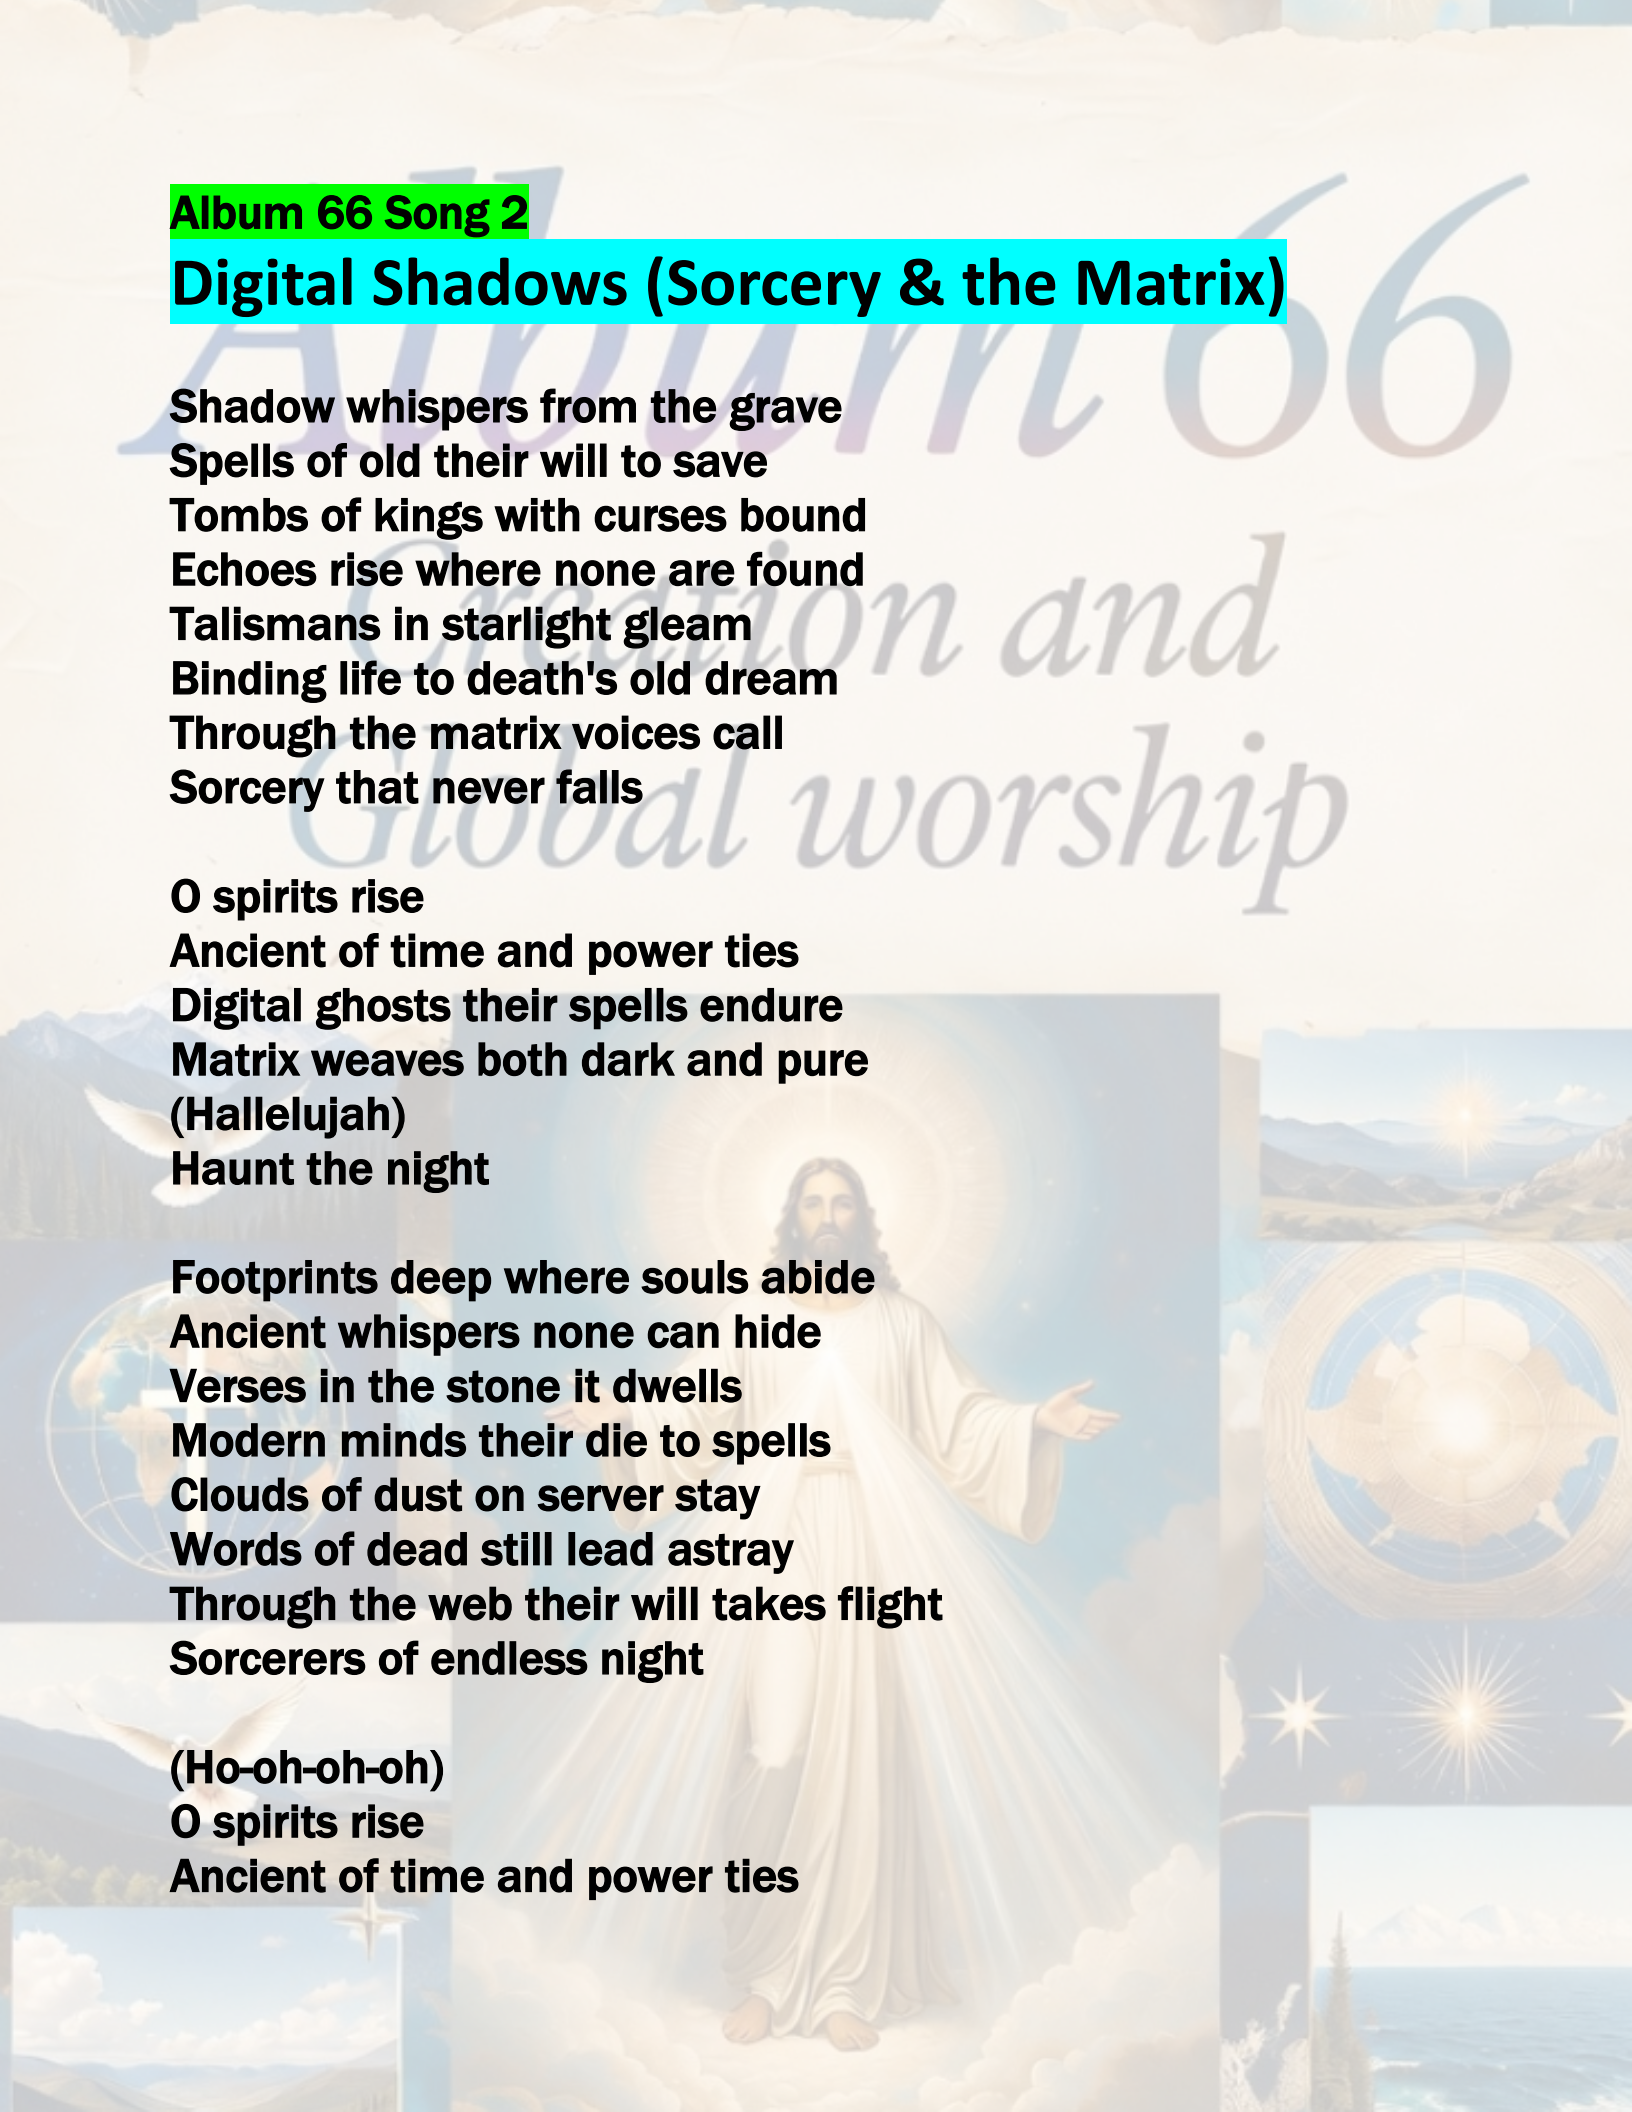

Digital Shadows (Sorcery & the Matrix)

Shadow whispers from the grave
Spells of old their will to save
Tombs of kings with curses bound
Echoes rise where none are found
Talismans in starlight gleam
Binding life to death's old dream
Through the matrix voices call
Sorcery that never falls

O spirits rise
Ancient of time and power ties
Digital ghosts their spells endure
Matrix weaves both dark and pure
(Hallelujah)
Haunt the night

Footprints deep where souls abide
Ancient whispers none can hide
Verses in the stone it dwells
Modern minds their die to spells
Clouds of dust on server stay
Words of dead still lead astray
Through the web their will takes flight
Sorcerers of endless night

(Ho-oh-oh-oh)
O spirits rise
Ancient of time and power ties

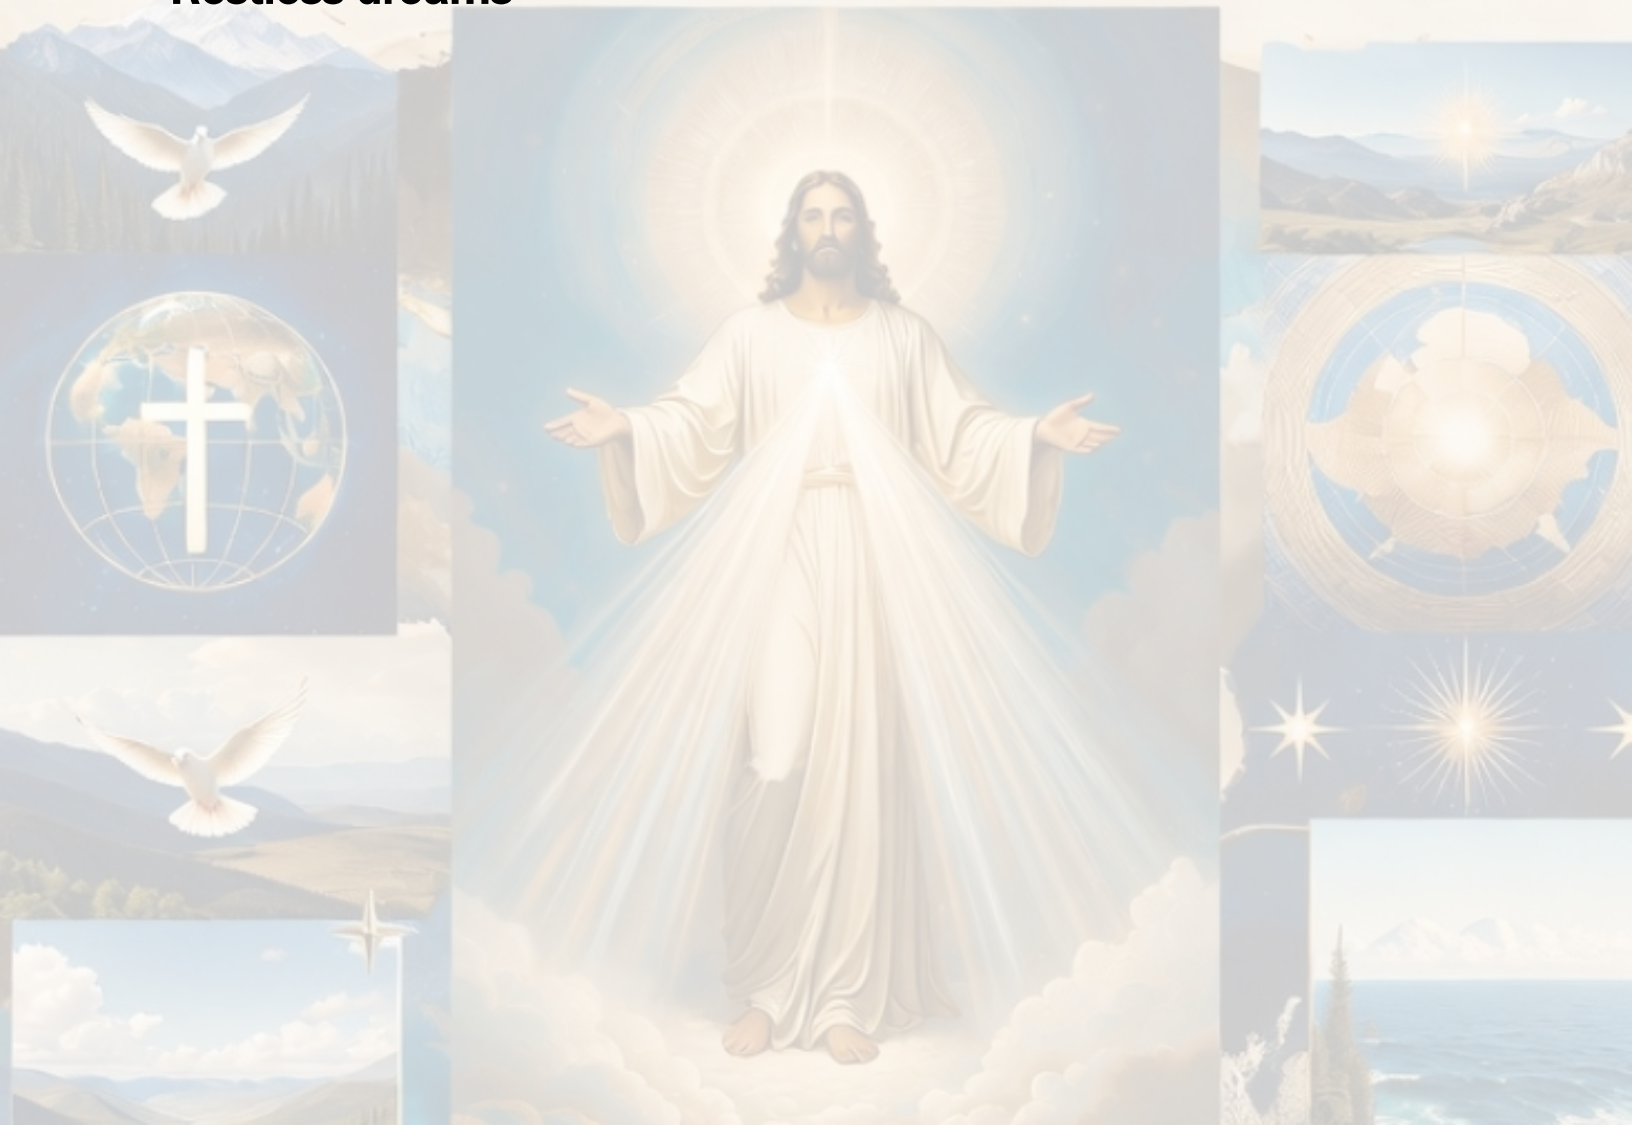

**Digital ghosts their spells endure
Matrix weaves both dark and pure
Glory shades bind the light**

**Heart is free or bound by fate
Spells of old and codes new gate
Break the web or join the state
(Hallelujah)
Veil unfold**

**Colors beyond the veil they soar
Binding life forevermore
In the matrix shadows blend
Sorcery that knows no end
Amen**

Restless dreams

God of Justice (Break the Yoke)

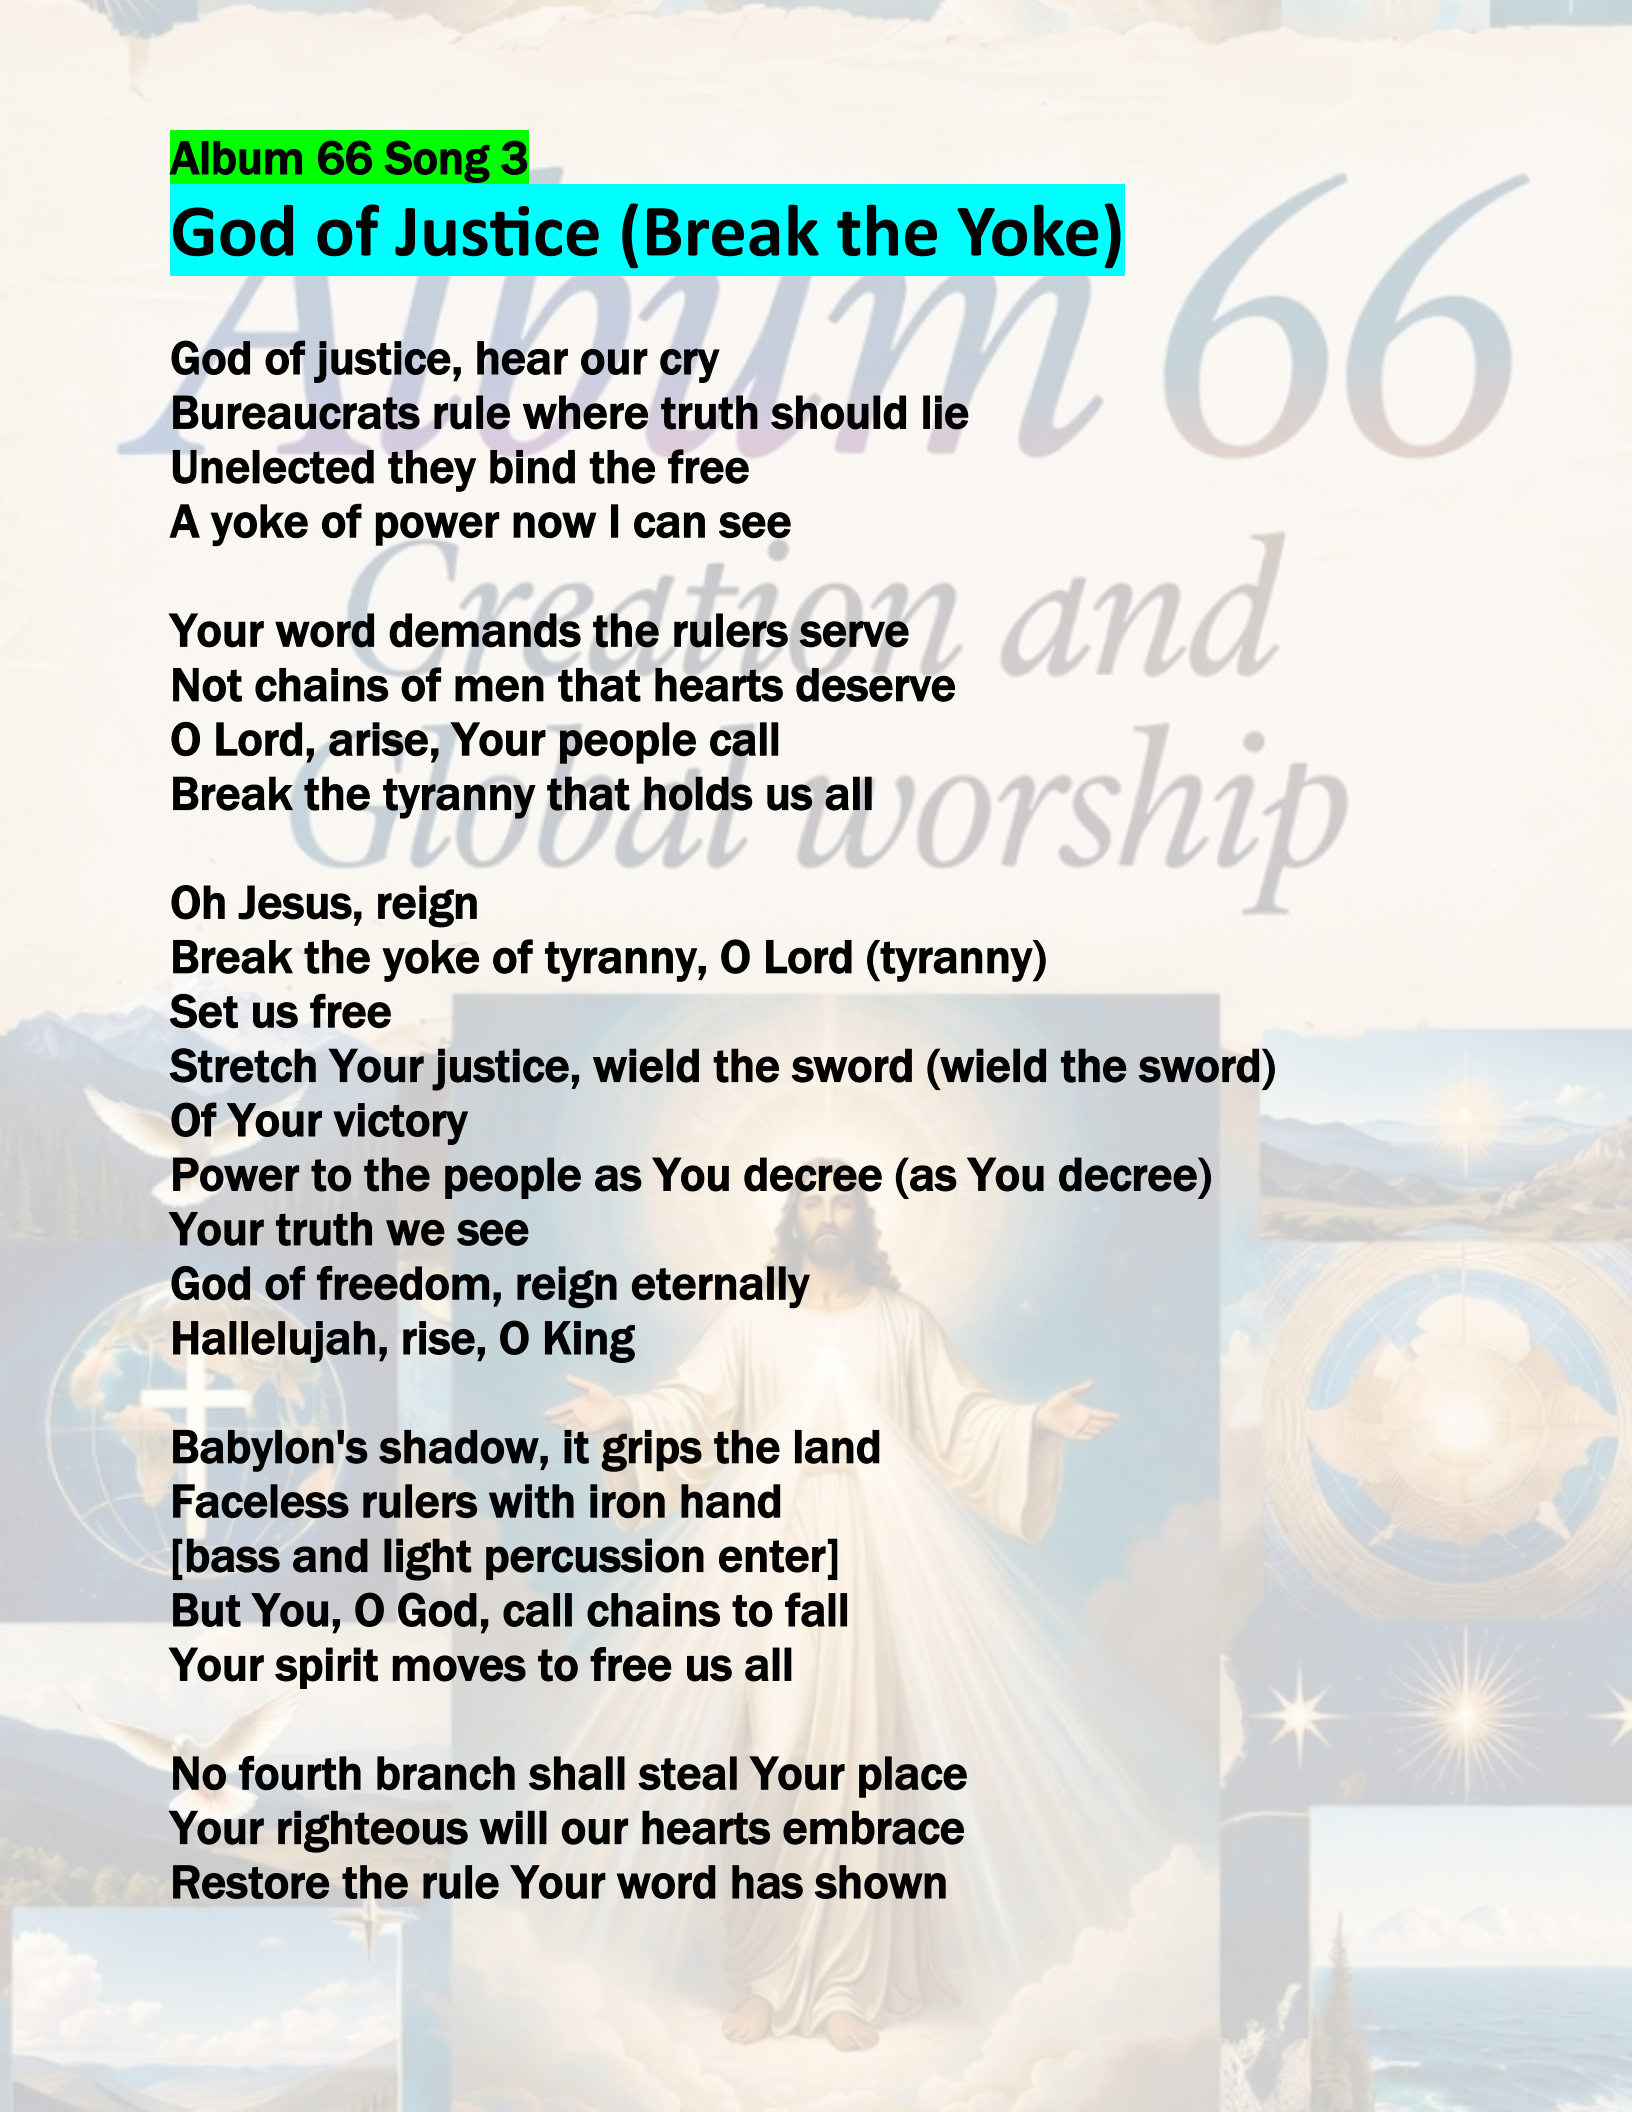

**God of justice, hear our cry
Bureaucrats rule where truth should lie
Unelected they bind the free
A yoke of power now I can see**

**Your word demands the rulers serve
Not chains of men that hearts deserve
O Lord, arise, Your people call
Break the tyranny that holds us all**

**Oh Jesus, reign
Break the yoke of tyranny, O Lord (tyranny)
Set us free
Stretch Your justice, wield the sword (wield the sword)
Of Your victory
Power to the people as You decree (as You decree)
Your truth we see
God of freedom, reign eternally
Hallelujah, rise, O King**

**Babylon's shadow, it grips the land
Faceless rulers with iron hand
[bass and light percussion enter]
But You, O God, call chains to fall
Your spirit moves to free us all**

**No fourth branch shall steal Your place
Your righteous will our hearts embrace
Restore the rule Your word has shown**

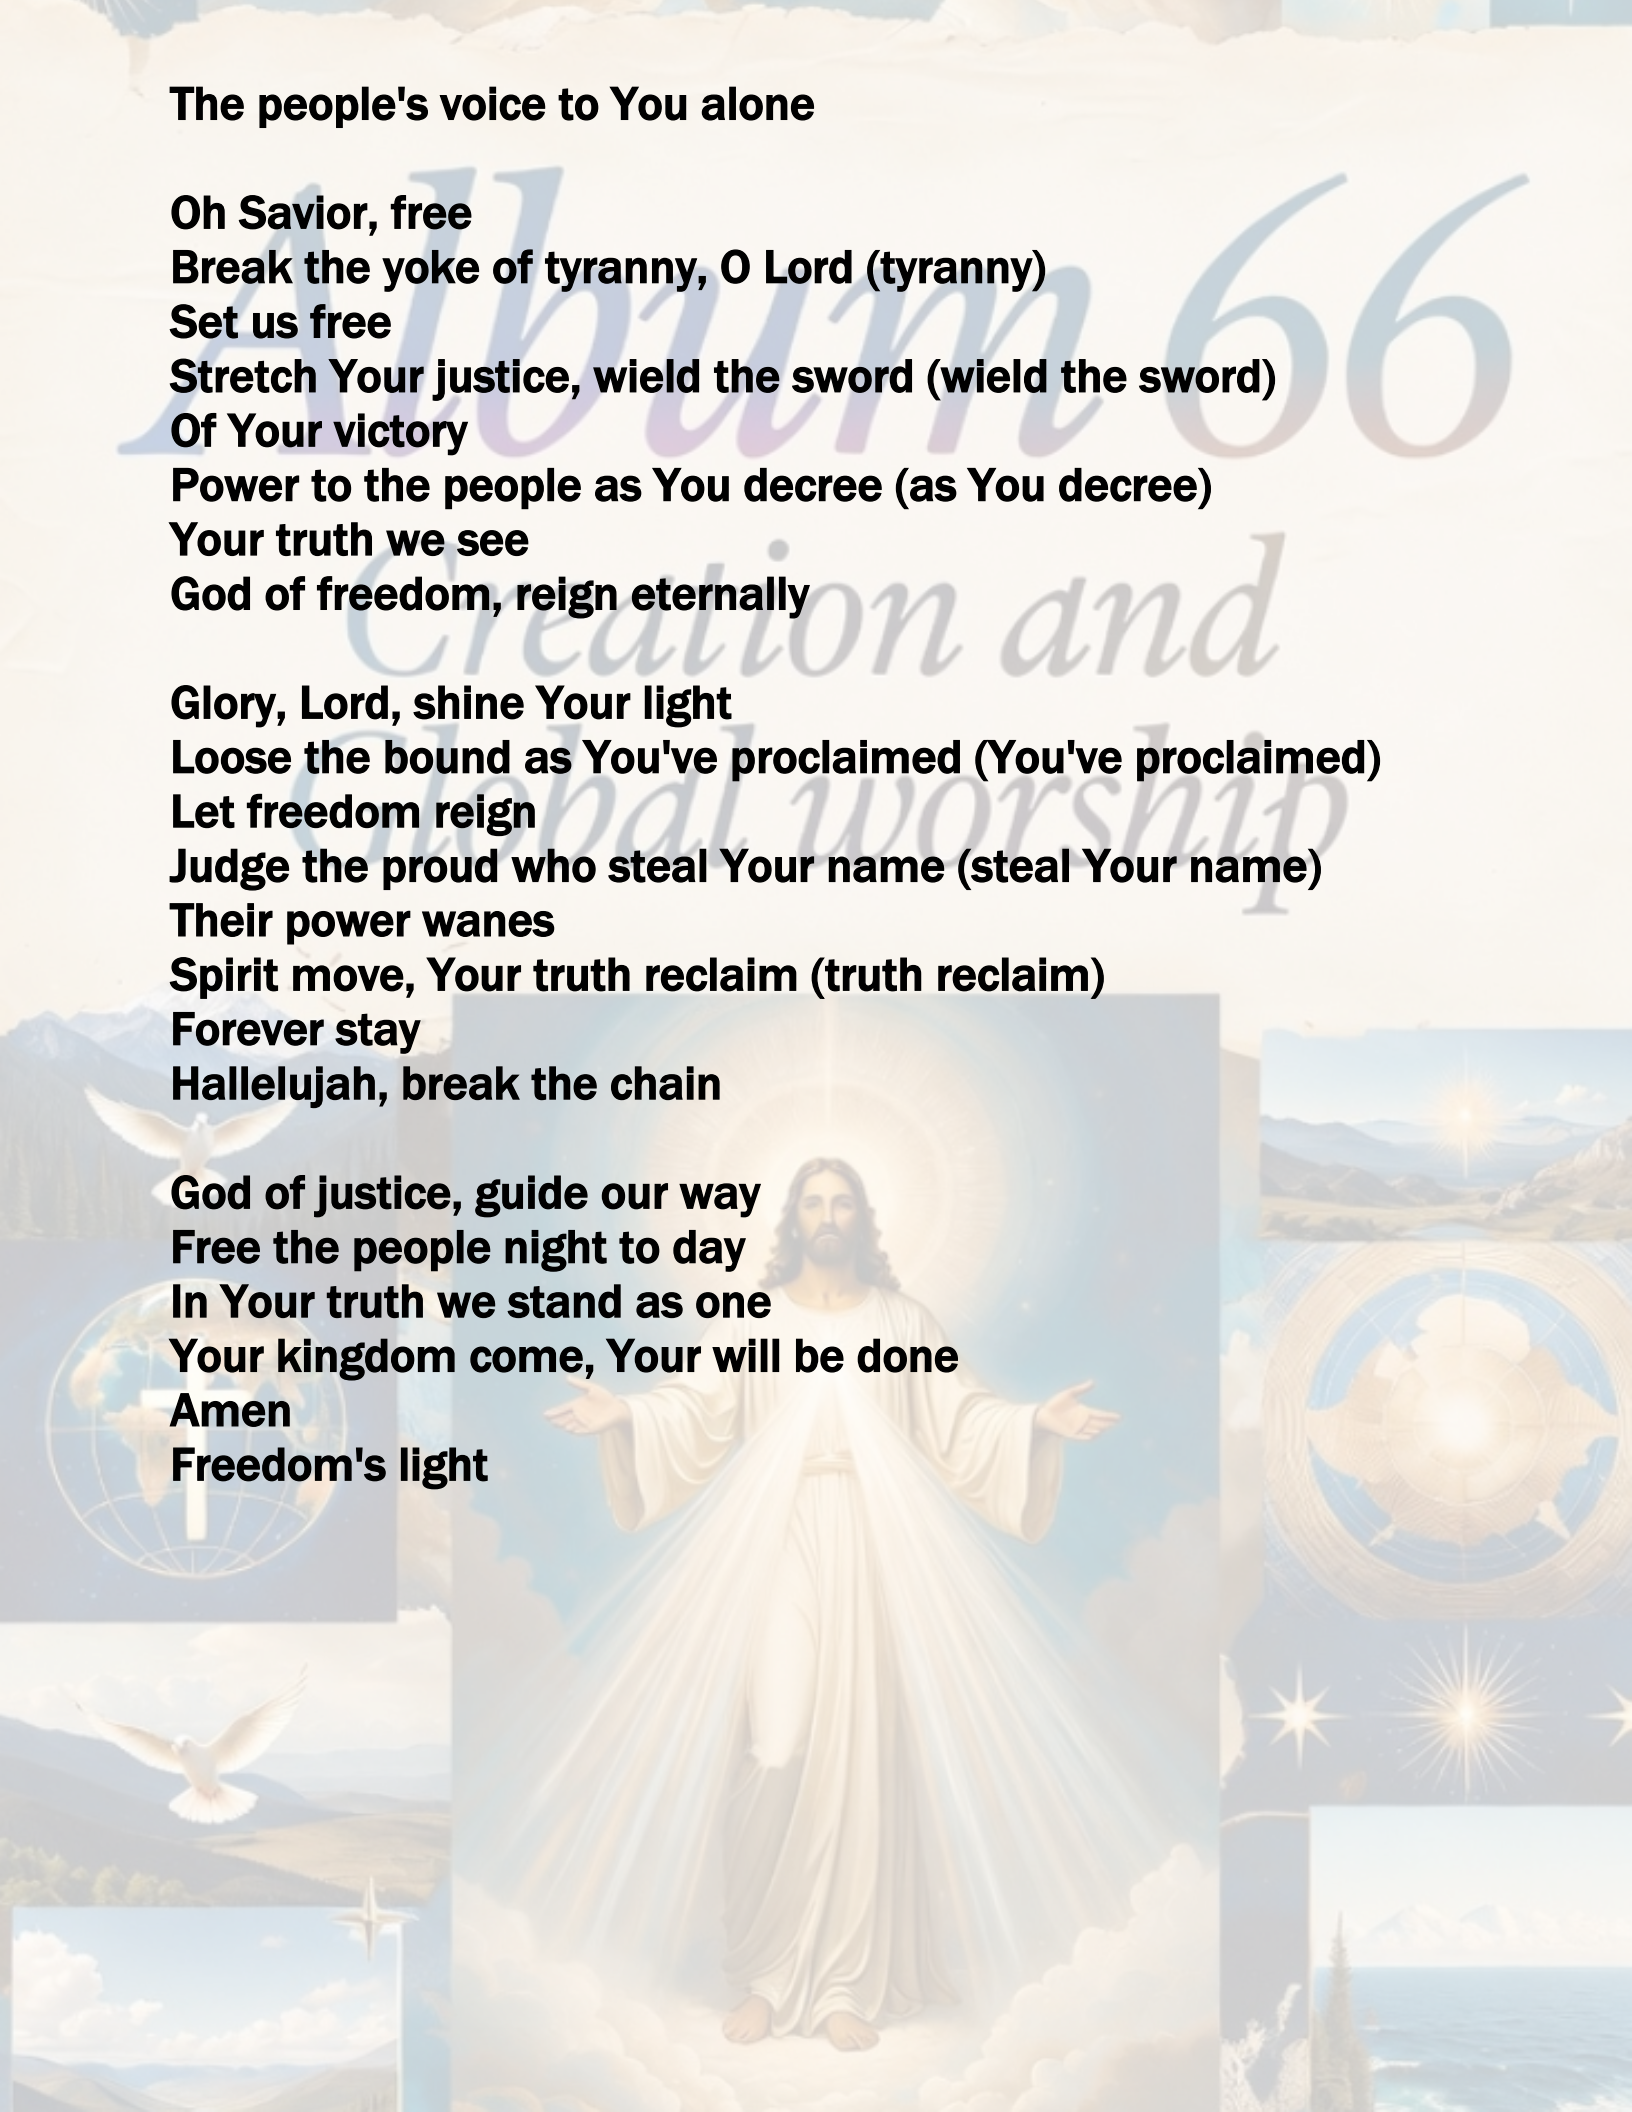

The people's voice to You alone

**Oh Savior, free
Break the yoke of tyranny, O Lord (tyranny)
Set us free
Stretch Your justice, wield the sword (wield the sword)
Of Your victory
Power to the people as You decree (as You decree)
Your truth we see
God of freedom, reign eternally**

**Glory, Lord, shine Your light
Loose the bound as You've proclaimed (You've proclaimed)
Let freedom reign
Judge the proud who steal Your name (steal Your name)
Their power wanes
Spirit move, Your truth reclaim (truth reclaim)
Forever stay
Hallelujah, break the chain**
