Album 77 Diadem & Crown: Psalms Against the Spoil

Album 77 Song 1

Diadem of Christ

**A chorus sings SCP-601's wail
Greek tragedies bind where fates assail
It traps Earth's will, trades hope confined
Yet Christ's own voice frees every mind**

**Your truth unmasked the lying lord
Your light redeems what fate abhorred
With freedom won we crush their wicked art
In Jesus' name you guide our heart**

**Diadem of Christ, holy fire burn!
Your victory shines, the tides you turn!
Old sorcery, bots, and evil lies
Jesus reigns where darkness dies!**

**Psalm 91 sings He guards my soul
In Christ we rise, forever whole
Flesh twists as SCP-610 spreads
Acadian plagues where lifeblood sheds
Is Gonzo's hope, frayed heart decays
Yet Christ's own blood drives death away**

**Your cross defeats the creeping blight
Your power cleanses day and night
With life restored we end its wicked reign**

In Jesus' name your fire remains

His blood redeems all broken things

SCP-625, Pony Pulse too

Mizraim, Kida, Thambam, Thadu

Bhoomi, Nasham, Vyaparam, Kurayivu

Yeshu Rakshak, Paap-ka-Putaaru

Yeshu Kattu-la

Your shield protects where vipers creep

Your grace preserves where terrors sleep

With safety won we break their cruel intent

In Jesus' name your love is sent

SCP-640 shakes the soul

Babylon's demons where fears take toll

It quells Earth's peace, trades trust undone

Yet Christ's own roar makes terrors run

Oh Jesus, Karsu rolls away

Your refuge holds through every day

With terror slain we end its subtle dread

In Jesus' name your light is spread

From rocks that speak to trees that sing

From truths that bite to traps that spring

Earth marred its falter, souls in strife

Yet Christ's own fire restores all life!

Through Egypt's curse, through Rome's old spell

Your diadem shines where shadows dwell

With Heaven's song we crush the serpent's guile

In Jesus' name your holy smile!
