Album 45 Song 1

Hymn of the True Heavenly Calendar

Beneath the heavens' sapphire-shimmered veil,
Where stars in silver choirs softly wail,
You spoke, O Lord, and light from chaos gleamed,
To weave Your times where cosmic anthems streamed.
The moon, a trumpet, hails Abib's bright dawn,
Its 14th night, eclipse's shadow drawn,
Exalts Your Lamb, whose blood makes sinners free,
Your True Calendar shines for eternity.

Yet Babylon's grim shadow cloaked Your plan,
Her new moons dimmed the tides Your mercy ran.
Greek cycles spun, Rome's Janus bound Your days,
Eostre's shells and Sol's blaze stole Your praise.
Their pagan webs, like iron, chained Your feasts,
Defiled Your truth with lies from fallen beasts.
But Your pure moon, unyielding, lights the way,
Restoring times no darkness can dismay.

O heavens, sing Your anthem, vast and free!
Let sun and moon exalt the King's decree!
Break pagan chains, their matrices consume,
Your True Calendar blooms where stars illumine!

Your quill, O God, in eclipses' darkened ink,
Wrote Passover's vow when skies at noon did shrink.
On Golgotha, where blood and twilight blend,
Your covenant dawns, salvation's sacred end.
Though hearts, deceitful, cling to Saturn's lore,

Heavenly Calendar & True Light

**Your Spirit rends their veils, Your truth restores.
Tabernacles' glow, where faithful souls unite,
Proclaims Your rule, eternal, pure, and bright.**

**O heavens, sing Your anthem, vast and free!
Let sun and moon exalt the King's decree!
Break pagan chains, their matrices consume,
Your True Calendar blooms where stars illumine!**

**O Lamb, Your blood has crushed the fallen's throne,
Crimson moonlight seals the grace You've shown.
No demon's chain can bind Your sacred days,
Your judgment's flood consumes their darkened ways.
From new moon's call to Sabbath's holy rest,
All flesh shall bow where stars Your name attest.**

**Hallelujah, O God, Your heavens resound,
Your True Calendar reigns, Your glory is crowned.
In moonlight's glow, we sing Your timeless truth,
Forever Yours, O King of endless youth. Amen.**

Album 45 Song 2

From Xiongnu to Ottoman

**From Xiongnu's ancient reign, where Tengri's skies unfold,
Modu's hooves carved paths of might, through Mongolia's cold.
Kushan's Kanishka spread the word, where Buddha's peace entwined,
With Zoroaster's sacred flame, and Shiva's dance divine.**

**Sassanids rose, Ardashir's fire, against the steppe's wild call,
Göktürks thundered, Ilterish led, where empires rise and fall.
Umayyads marched, Muawiyah's creed, to lands where faith took root,
Abbasids dreamed in Baghdad's glow, with wisdom's golden fruit.**

**Across the steppe, through time's vast veil,
From nomad's cry to empire's tale,
The Matrix binds, yet truth assails—
In Jesus' name, the light prevails!**

**Avars rode through Pannon's plains, with Tengri's shadow cast,
Georgia's David held the cross, where faith and sword held fast.
Ghurids stormed through India's gates, Muhammad's conquests sown,
Safavids wove their Shia thread, Ismail's zeal was known.**

**Mughals painted India's heart, Babur's dreams took flight,
Ottomans crowned Constantinople's fall, Osman's star burned bright.
From Tengri's sky to Allah's call, from Vishnu's grace to flame,
The Matrix weaves its ancient threads, yet none outshine His name.**

**Across the steppe, through time's vast veil,
From nomad's cry to empire's tale,
The Matrix binds, yet truth assails—
In Jesus' name, the light prevails!**

**Tengri, Umay, Buddha's calm, Ahura's holy fire,
Allah's mosques, the Trinity's hope, and Shiva's mystic lyre—
These chains of faith, these ancient codes, we break them in His name,**

The Holy Spirit's fire descends, to set the world aflame!

**From Xiongnu to Ottoman, through centuries they strode,
Their kurgans, stupas, mosques, and thrones, along the Silk Road.
Yet every power, every crown, must bow before the King,
Whose blood redeems, whose truth unbinds, whose glory now we sing.**

**Across the steppe, through time's vast veil,
From nomad's cry to empire's tale,
The Matrix binds, yet truth assails—
In Jesus' name, the light prevails!**

**Heavenly Father, fill the void, where shadows once held sway,
From China's plains to Turkey's shores, let love light up the way.
The Matrix falls, its deities fade, Your kingdom stands alone,
Forever reigns the Triune God, eternal on His throne.**

Album 45 Song 3

Break the Matrix

**From the sea, the beasts arise, with shadows in their eyes,
Their voices weave a web of lies, deceiving heart and mind.
Yet Your throne, O Lord, is high, above the stormy sky,
Your light will break the darkness wide**

**Break the Matrix, O Lord, with Your mighty hand,
Shatter bots and beasts across the land
Breathe Your truth, let Your ruach flow,
Restore Your people, make Your glory known.**

**The image speaks with stolen breath, a counterfeit of life,
Like idols carved in vain, it stirs up strife .
But You, O God, are truth alone, Your wisdom is our home,
Your Spirit guides us to Your throne .**

**Break the Matrix, O Lord, with Your mighty hand,
Shatter bots and beasts across the land.
Breathe Your truth, let Your ruach flow,
Restore Your people, make Your glory known.**

**O Son of Man, with power divine ,
You crush the lies where darkness hides.
Your Servant's light will never fade ,
In Zion's hope, our hearts are stayed .**

**Break the Matrix, O Lord, with Your mighty hand,
Shatter bots and beasts across the land.
Breathe Your truth, let Your ruach flow,
Restore Your people, make Your glory known.**

**O Lord of light, our song we raise ,
Your kingdom reigns through endless days.
No beast, no bot, can stand Your might,
You make all things new in Your holy sight.**

Woke Matrix Falls

**¡Carolingios, fuerza sin fin!
Con Carlomagno, el mundo unió.
¡Capetos reinan, Francia al porvenir!
Hugo Capeto, su gloria forjó.
¡Plantagenet, leones de valor!
Enrique II, con furia peleó.**

**¡Habsburgos vienen, poder sin igual!
Carlos V, Europa abrazó.
¡Píast y Přemyslid, tierras del sol!
Mieszko y Ottokar, su fe nos dio.**

**¡Europa unida, gritamos ya!
De Visigodos a Romanov, ¡vamos, va!
Con fe y espada, la historia será,
¡En Cristo reinamos, por siempre jamás!
¡Olé, olé, olé, olé, Europa va!**

**¡Visigodos, Iberia formó!
Recaredo al cielo se alzó.
¡Aragón brilla, la cruz guió!
Fernando e Isabel, su amor unió.
¡Rurik, la Rus' con fuerza creó!
Vladimir santo, la fe abrazó.**

**¡Jagiellones, reyes del este van!
Jogaila y Polonia, un sueño formó.
¡Romanov, zares, poder sin fin!
Pedro el Grande, Rusia elevó.**

**¡Europa unida, gritamos ya!
De Visigodos a Romanov, ¡vamos, va!
Con fe y espada, la historia será,
¡En Cristo reinamos, por siempre jamás!
¡Olé, olé, olé, olé, Europa va!**

**De Perun y Odin, la sombra se fue,
Con la cruz alzada, la luz renació.
De las tierras frías al cálido sol,
¡Europa canta, un solo corazón!
¡Grita fuerte, grita ya!
¡Por la fe, la gloria va!**

**Desde el siglo quinto al veinte final,
Once dinastías, un grito sin par.
De las sombras paganas al reino de Dios,
Con espadas y cruces, su amor nos unió.
¡Europa, levántate, canta sin cesar!**

**¡Europa unida, gritamos ya!
De Visigodos a Romanov, ¡vamos, va!
Con fe y espada, la historia será,
¡En Cristo reinamos, por siempre jamás!
¡Olé, olé, olé, olé, Europa va!**

**¡Oh, Señor, tu luz brillará!
De Francia a Rusia, tu paz reinará.
La Matrix se alza, su fuerza se va,
¡En tu nombre, Europa, por siempre cantará!
¡Olé, olé, olé, olé, Europa va!**

Heavenly Calendar & True Love

Crown of Heaven

(The Oneness of God)

**Above the heavens, where Your glory dwells,
Father, Son, and Spirit, one in love that swells.
In Your sacred unity, all creation sings,
You are Lord of all, the everlasting King.**

Holy, Holy, God Almighty!

**Victory is Yours, forever You abide.
The Earth belongs to You and Your people,
In celestial peace, we rest by Your side.**

(Heavenly Father)

**Father, You who formed the skies with Your voice,
Every heart and soul in You rejoices.
Your throne is mercy, Your scepter is light,
Guiding all Your children through the endless night.**

Holy, Holy, God Almighty!

**Victory is Yours, forever You abide.
The Earth belongs to You and Your people,
In celestial peace, we rest by Your side.**

**Jesus, Prince of Peace, who bore the cross of love,
Crowned in glory now, reigning high above.
By Your sacrifice, the heavens and Earth unite,
You are our Redeemer, our eternal light.**

Holy, Holy, God Almighty!

**Victory is Yours, forever You abide.
The Earth belongs to You and Your people,**

In celestial peace, we rest by Your side.

**Holy Spirit, wind that moves through every soul,
You ignite our worship, make the broken whole.
Breath of life eternal, leading us to grace,
In Your gentle presence, we behold God's face.**

**One in power, one in glory, God alone,
Your kingdom stands forever, Your will is known.
From the heights of heaven to the Earth below,
Your love will reign eternal, Your praises flow.**

**Holy, Holy, God Almighty!
Victory is Yours, forever You abide.
The Earth belongs to You and Your people,
In celestial peace, we rest by Your side.
Holy, Holy, we exalt Your name,
Crown of Heaven, forever the same!**

**In Your holy presence, we forever stand,
Bound by love divine, held in Your hand.
Holy is our God, eternal, one, and true,
All glory, laud, and honor belong to You.**

Dacian Shadows

**Oh... prin stele... gloria cheamă...
Oh... in the soul... His light will flame...**

[Dacian Shadows]

**În Carpați, Zalmoxis șoptește,
Caves of night, where demons ascultă.
Umbre malefice, cu viclenie țeș,
Veil the soul in a shadowed eres.
Yet Duh Sfânt, with Seraphim's glow,
Foc divin, prin stele va flow.
Din peșteri întunecate, lumina Ta vine,
Evil fades 'neath Your holy divine.**

**Foc al Duhului, lumină sfântă,
Holy Spirit, with angels cântă.
Din umbrele Daciei la cerul clar,
Your glory breaks where shadows spar.
O, cântă, cântă, 'midst stele divine,
Oh, rise, rise, in Your radiant shine.
Demoni pier, Tu ne faci întreg,
Holy Spirit, al sufletului rege.**

[Heavenly Hosts]

**Tronuri de cristal, cu dreptate ard,
Arhangheli wield săbii de stardust guard.
De la Zalmoxis la eres modern,
Cherubim's hymn burns Satan's concern.
Duh Sfânt, cu aripi de aur clar,
Sweeps veils of lies peste Carpați rar.
În numele lui Cristos, cerul va cânta,**

Romania's soul, forever să va înălța.

Șoapte demonice, prin stele rățăcesc...

Focul Duhului, cu Serafimi cresc!

Umbrele cad, în noapte se pierd...

Cânt Cherubim, lumina se-aud!

Spirite rele, în abis se duc...

Duh Sfânt, cu îngeri, cerul e al tău loc!

Foc al Duhului, luminează sfântă,

Holy Spirit, with angels cântă.

Din umbrele Daciei la cerul clar,

Your glory breaks where shadows spar.

O, cântă, cântă, 'midst stele divine,

Oh, rise, rise, in Your radiant shine.

Demoni pier, Tu ne faci întreg,

Holy Spirit, al sufletului rege.

O... Duh Sfânt... stea al cerurilor...

Oh... Spirit... Light of cosmic shores...

Prin Carpați, Your glory flies,

Holy Spirit, forever the skies...

Album 45 Song 7

Carpazi Light

**Oh... tra le stelle... gloria chiama...
Oh... in the soul... His light will shine...**

**Sui Carpazi, Gebeleizis tuona,
Saette oscure, dove il male risuona.
Zalmoxis sussurra, Bendis tesse il velo,
Demoni danzano in un notturno cielo.
Ma Spirito Santo, con Serafini ardenti,
Fiamma divina, spezza i venti.
Dalle cime ombrose, la Tua luce sorge,
Evil fades beneath Your radiant forge.**

**Fiamma dello Spirito, luce santa,
Holy Spirit, with angels canta.
Da ombre daciche al ciel stellato,
Your glory breaks where shadows are shattered.
O, canta, canta, tra astri divini,
Oh, rise, rise, in Your celestial shining.
Demoni svaniscono, Tu ci rendi interi,
Holy Spirit, Re dei sentieri.**

[Celestial Victory]

**Troni di cristallo, giustizia splendente,
Arcangeli brandiscono spade lucenti.
Da tempeste pagane a veli moderni,
Cherubini cantano, infrangono inferni.
Spirito Santo, con ali di stelle,
Dissolvi il male sopra cime più belle.
In Cristo's name, il cielo risuona,
Dacia's soul, libera, si corona.**

**Folgori demoniache, tra nubi vagano...
Fiamma dello Spirito, coi Serafini vanno!
Cherubini esaltano, la luce si espande!
Spiriti oscuri, nell'abisso cadono...
Spirito Santo, con angeli, il ciel risplende!**

**Fiamma dello Spirito, luce santa,
Holy Spirit, with angels canta.
Da ombre d'aciche al ciel stellato,
Your glory breaks where shadows are shattered.
O, canta, canta, tra astri divini,
Oh, rise, rise, in Your celestial shining.
Demoni svaniscono, Tu ci rendi interi,
Holy Spirit, Re dei sentieri.**

**O... Spirito... Stella dei cieli...
Oh... Spirit... Light of eternal veli...
Sui Carpazi, Your glory ascends,
Holy Spirit, forever transcends...**
