Album 69 Song 1

Danakil Veil

(Hoo-ah-hoo-ah-hoo-ah)

**In Danakil's depths the urban veil falls
Its shadow drowns hope in despairing calls
Hexen's priests with spectral eyes arise
Spreading void 'neath apocalyptic skies**

**Eyes of water, An-Anarchy's curse
Their darkness takes hold
Humanity fades in their nihilist cold**

**Enochian shadows spew the bane
Colonial scars, their grief runs deep
But God's light will end this curse-sleep
(God's light, Hallelujah)
Oh Heavenly Father, Your words are flame
Seal this Apollyon in the void's dark clay**

**Forever hope dissolves where shadows creep
Spectral priests, so void, so deep
Dark El-Tid haunts its cursed might
Z-K class doom in eternal night**

Ethiopia weeps 'neath colonial chains

**Yet its veil tears fate in twain
(Break the chain, break the chain)**

**Solomon's keys unlock the praise
Enochian shadows spew the bane
Colonial scars, their grief runs deep
But God's light will end this curse-sleep
(God's light, Hallelujah)
Oh Heavenly Father, Your words are flame
Seal this Apollyon in the void's dark clay**

**Song 42 breaks its curse-shrine
No shadow can stand against the Spirit's might
The abyss awaits in eternal night
From Ethiopia's pain to the world's last cry
Your hope, oh God, will never die
(Hallelujah, Hallelujah, Hallelujah)**

Sing Nations Sing

**Sing nations sing, hearts arise
Bahrain's koali lifts the skies
Comoros sings with twilight's grace
Dinka's cattle songs, your face
Equatorial's ballet, rhythm flows
Fijian meke, your glory grows
Grenada's soka, spices blend
Hazaras' faith, you'll never end**

**Oh Creator shine, let all nations sing to God
Sing to God, His name applaud
King of Earth, your reign unfurled
Reign unfurled, in awe we're thralled
Praises send, your glory reigns
Glory reigns, no fear remains
Stars and seas, your name sustains
Name sustains, forever reigns
Hallelujah, Lord of all**

**It was high life, praise takes flight
Jarai's gongs, your holy light
Kikuyu's kuyu, step resound
Luzon's tinikling, grace is found
Marshalls' chants, by ocean's call
Nauru's birds, your name enthrall**

**Oman's desert songs ascend
Pashtuns' attan, your love won't end**

Oh Savior reign, let all nations lift as high

**Lift as high, His name on high
Saint Lucia's dance, heaven's sigh
Heaven's sigh, your love supply**

**Transformed, the stars align
Stars align, for light divine
All lead, Hallelujah, nations soar
Nations sing, your praise we bring
Bound as one, to Christ our King
Through the stars, your kingdom see
Glory God, eternally
Amen, forever yours**

Album 69 Song 3

Silence the Abyssal War

**From Jerusalem's rift, the war cries rise (Who's driving my mind?)
SCP-42-TRIFE, talk where peace now lies (Lies, sky)
Abyssal herald's voice, nations clash (Clash, oh no)
Armageddon looms in alliance's flash (Flash of doom, beware)
Demonic lives, the bots obey (They, they obey)
Colonial scars fuel war's cruel play (God's own play)**

**Silence the Abyssal War, tear its lies apart (Tear it apart)
Cast SCP-3303 to free fire from the human heart (From the heart)
Oh Lord, to the abyss we send its war-like grace (Send it down,
down)
By Christ's holy name, peace rises again (It rises, hallelujah)
Oh Heavenly Father, Your words are shield (Our shield, our might)
Seal this Apollyon in the abyss night**

**Missile spire where hope once stood (Once stood)
Signals flood with nations' blood (Bloodstains)
Cults crave its memetic might
CK-class doom in endless night
Nations cry 'neath brass-built chains (Ancient chains)
Yet war binds hope in vain
Break the chain!**

**Silence the Abyssal War, tear its lies apart (Tear it apart)
Cast SCP-3303 to free fire from the human heart (From the heart)
Oh Lord, to the abyss we send its war-like grace (Send it down,
down)
By Christ's holy name, peace rises again (It rises, hallelujah)
Oh Heavenly Father, Your words are shield (Our shield, our might)
Seal this Apollyon in the abyss night**

**Revelation's truth burns the war's core (Burn it down, oh Lord)
Psalm 46 crowns God evermore (Crown Him high, amen)
No bot can stand 'gainst Spirit's might
The abyss waits in eternal night
From rift's dark glow to the world's last cry
Your mercy, oh God, will never die (Never die!)**

**Silence the Abyssal War, tear its lies apart (Tear it apart)
Cast SCP-3303 to free fire from the human heart (From the heart)
Oh Lord, to the abyss we send its war-like grace (Send it down,
down)
By Christ's holy name, peace rises again (It rises, hallelujah)
Oh Heavenly Father, Your words are shield (Our shield, our might)
Seal this Apollyon in the abyss night**

**In Jesus' name, with Spirit's grace (Holy grace)
We decode its lies, recode its play (Recode it, Lord)**
