Fifty Tombs — Holy, Holy the King

**Holy, holy is the Lord most high
Who was and is and reigns beyond the sky
From fifty tombs their chains we rend apart
Till every soul bows to the King's just heart**

**From Sakura sands where Pepis' shadows sleep
To Meru's spires where queens in silence weep
Christ the Lamb has shattered death's decree
Till every soul meets judgment's boundless sea**

**Arise! Till every soul is free we lift our cry
To God's dread throne where fate shall never die
Holy Spirit rend the chains of earth below
In ceaseless praise Your radiant mercies flow**

**Anubis' reign, Tlaloc's altar falls
Marduk's pride dissolves in heaven's halls
From Paling's cross to Tonga's starlit mount
Their matrices break where Your truth is found**

**Arise! Till every soul is free we lift our cry
To God's dread throne where fate shall never die
Holy Spirit rend the chains of earth below
In ceaseless praise Your radiant mercies flow**

**Fifty strong, their curses torn asunder
We sing till all in Christ's own light shall wonder**

**Arise! Till every soul is free we lift our cry
To God's dread throne where fate shall never die
Holy Spirit rend the chains of earth below
In ceaseless praise Your radiant mercies flow**

**Fifty strong, their curses torn asunder
We sing till all in Christ's own light shall wonder**

**This anthem rings unyielding, vast and wide
Till every soul in purity abides
From Tukume's dust to Antarctica's ice
The Lamb's own blood has paid redemption's price
Axum's kings, Nubia's dark rites no more
In Christ's bright dawn what shadows flee before
O Lamb of God set the captives free**

Holy, holy, holy

Eternal Light — Shatter the Matrix

**Eternal light, O Christ You reign
Shatter the matrix, break every chain
Tombs of the lost, their shadows dissolve
In Your holy fire all souls You resolve**

**In Saqqara's dust, where Nefer-Maat prays
Ramses V weeps through rival days
Meroe's queens, Amanitaka's might
Karamala stone where spirits take flight
From Nakmin's march to Amenemhat's lore
Your light, O Christ, unchains their core**

**Uaxactun's maze where wanderers roam
Yaxchilan lintels where kings call home
Naziriyah's moon where gods once stood
Hammurabi's laws in Babylon's blood
From Chichen's valley to Midas' store
Your truth, O Lord, claims all You've known**

**Eternal light, O Christ You reign
Shatter the matrix, break every chain
Tombs of the lost, their shadows dissolve
In Your holy fire all souls You resolve**

**Holy Spirit rise with flames that consume
From Huaca el Sol to Antarctica's gloom
Cast their deities, Chek-Nanna and more
To the abyss where reign no more
Wounded souls, trapped hearts, in Your name they soar**

**Through heaven's gate forever restored
O Jesus, burn the shadows away**

**Pazyryk's gold where nomads still ride
Menelik's throne where victors abide
Dallas' spire where wealth blinds the soul
Easter Island's Moai where spirits patrol
From Tongass stars to Mississippi's mound
Your love, O Christ, sets captives unbound**

**Eternal light, O Christ You reign
Shatter the matrix, break every chain
Tombs of the lost, their shadows dissolve
In Your holy fire all souls You resolve**

**O Jesus, light that heals the night
In ancient stones Your glory ignite
From cursed lands Your kingdom ascend
Holy Spirit, love that never ends**

Cast the Shadows Out — Redemption Across Ages

**From Khufu's stone in Giza's sand
Ramesses II beneath the land
The tombs of Nakht-Min whisper low
A pride that binds her shadows grow
In Sudan's dust Piye stands tall
Amanikhereko hears the call
Yes, Bolkamanie's war cries fade
The souls in pyramids remain**

**Cast the shadows out, break the chains apart
Free the souls from stone-cold heart
From Egypt's sands to the ice unknown
Let the matrices fall, let the light be so
Oh, eternal source, hear us take flight
Redeem the lost in your boundless night**

**Teotihuacan's sun burns bright
Oxkintok's maze traps souls in night
The Phalle's dance, the Stelae's lore
Sacrifice stains the temple floor
In Ur's Ziggurat we see
Nabu-apla-iddina's dream decree
Tell al-Uhaymir hums with dread
A cradle for the restless dead**

**Cast the shadows out, break the chains apart
Free the souls from stone-cold heart
From Egypt's sands to the ice unknown
Let the matrices fall, let the light be so
Oh, eternal source, hear us take flight**

Redeem the lost in your boundless night

**Newgrange glows with dawn's first ray
Parc le Breos hides the day
Sodol's dolmen carves the stone
Ancestors trap their voices' moan
In Xi'an's clay army stands
Emperor Shaohao grips silent lands
Kenzo's kofun holds the past
A myth that reigns forever cast**

**Cast the shadows out, break the chains apart
Free the souls from stone-cold heart
From Egypt's sands to the ice unknown
Let the matrices fall, let the light be so
Oh, eternal source, hear us take flight
Redeem the lost in your boundless night**

**Cahokia's mounds dark and still
Grand Gulf echoes, rivers will
Republic's pyramid shines with greed
First Interstate traps souls in need
Huaca del Sol rises high
La Rinconada touches sky
Tombo Colorado paints the wall
The shadows heed the freedom call**

**Askiya's tomb in Gao sways
Mandan Fort, your light's the way
Manelik's victory carved in stone
Lobengula's reign left alone
Shackleton's ice hides secret spires
Dry Valleys fuel ancient fires
Fimbul shelf and Ellsworth's plain**

Mysteries bound in frost remain

**Cast the shadows out, break the chains apart

Light Over Shadows — Rise O Christ

**Light over shadows, oh Christ, you rise!
Shatter the chains where the darkness lies!
Tombs of the proud, their powers undone,
In your holy truth, all souls are won!**

**Luxor's glass, where excess blinds the soul,
Memphis' arena, where glory's tales grow cold.
Poverty Point's mound, where ritual fade,
Etowah's war, where warriors' spirits stayed.**

**From Transamerica's spire to Ocmulgee's call,
Your light, O Christ, redeem them all!
Sambaqui's shells, where coastal souls abide,
Casarabe's jungle, where ancient spirit hide.
Serpent's Coil, where mystic powers lure.
Toronto's spire, your truth, O Lord, sets hearts afire!**

**Light over shadows, oh Christ, you rise!
Shatter the chains where the darkness lies!
Tombs of the proud, their powers undone,
In your holy truth, all souls are won!**

**Holy Spirit, blaze, with fire that purifies,
From Maeshowe's stone to Tula's ancient skies!
Cast their burdens- greed, pride, and ancient lore-
To the abyss where they bind no more
Wounded hearts, trapped souls, In your name they fly,
Through heaven's gates, to Your throne on high!**

**Light over shadows, oh Christ, you rise!
Shatter the chains where the darkness lies!
Tombs of the proud, their powers undone,
In your holy truth, all souls are won!**

**Holy Spirit, blaze, with fire that purifies,
From Maeshowe's stone to Tula's ancient skies!
Cast their burdens- greed, pride, and ancient lore-
To the abyss where they bind no more
Wounded hearts, trapped souls, In your name they fly,
Through heaven's gates, to Your throne on high!**

**Oh Yesu Natha, Cleanse the earth with light
Cuicuilco's ash, where primal fires sleep,
Tenayuca's twins, where balanced spirits weep.
Maeshowe's solstice, where stars align in stone,
Menga's weight, where ancient souls atone.**

**From Cholula's depths to Kurgan's golden mound,
Your love, O Christ, sets captives unbound!
Your love, O Christ, sets captives unbound!**

**Serpent's Coil, where mystic powers lure.
Oh... Jesus.... Light that heals the soul....
In shadowed stones, your glory makes whole....
From earth's deep chains, your Kingdom ascends...
Holy Spirit, love that never ends...**

Forever... Yesu Natha, we are free...

Crown of Eternity — Reign Supreme

**Crown of eternity, Christ you reign supreme
Break every stronghold, redeem the lost dream
Tombs of the earth, their shadows fade away
In your holy kingdom, all souls shall obey**

**Sun-baked shells where ghost spirits dwell
The canvas graves where mournful echoes swell
Kazarab's veil in jungles hidden lore
Sakarema's tides where waves find souls to shore**

**From Jabatita's height to Karioka's cry
Your throne, oh Christ, lifts captives to the sky
[full choir enters, orchestral swell]
Light's decree**

**Nansewamo's mountain where primal dreams abide
Through Cleo's ash where lovers' secrets hide
To Rontos' spire where wealth obscures the soul
Tenayuga's twins where two gods take their toll**

**From Serpent's Coil to Cholula's buried stone
Your scepter, Lord, claims all as your own**

**Crown of eternity, Christ you reign supreme
Break every stronghold, redeem the lost dream
Tombs of the earth, their shadows fade away
In your holy kingdom, all souls shall obey**

**Holy Spirit come, with glory's radiant flame
From Merisho's stars to Tula's ancient clay
Cast their chains of twelve and rites of old
To the abyss where your truth takes hold
Broken souls, lost hearts, in your path they rise
Crowned in your love, in eternal skies**

**Nashowe's light where souls to stars align
Mengastone where ancient powers pine
Naikop's gold where kings in shadows reign
Rinselli's rites where priests old chants remain**

**From Polabron's deep to Belasnap's deceit
Your crown, oh Christ, makes every soul complete**

**Crown of eternity, Christ you reign supreme
Break every stronghold, redeem the lost dream
Tombs of the earth, their shadows fade away
In your holy kingdom, all souls shall obey**

**Oh Jesus King, who heals the night
In ancient stones, your glory shines bright
From earth's dark chest, your kingdom shall soar
[choir joins, final swell]
Holy Spirit, reign forevermore**

Chains of the Mist — Break Their Reign

**From Little Rock, the power sounds
Clinton's voice where pride abounds
Through CGI, the woke winds roar
Climate's cry or ocean's soar
Mammon's gold, their hands embrace
Power weaves its gilded trace
Their webs of wealth o'er nations sprawl
Yet Jesus breaks the mist's call**

**Chains of the mist call, shatter and fall
Lord, Your truth awakes all
From earth to heavens, Your glory reigns
Hallelujah, break their chains**

**Bill and Hill forge a global reign
Equity's mask hides their gain
Health and hope, their banners fly
Isis' shadow lures the eye
Hearts entwine 'round their crafted lore
Woke anthems rise where the lost adore
Their reach extends through twilight's veil
Yet Christ's pure light shall prevail**

**Chains of the mist call, shatter and fall
Lord, Your truth awakes all
From earth to heavens, Your glory reigns
Hallelujah, break their chains**

**Jinns of power in the council's scheme
Secret pacts fuel their worldly dream
Green grants cloak a savior's guise
Women's rights veil the shattered lies
Deception hums through their grand facade
Charity hides what defies our God
Their woke call binds the earth in thrall
But the Spirit's fire burns it all**

**Chains of the mist call, shatter and fall
Lord, Your truth awakes all
From earth to heavens, Your glory reigns
Hallelujah, break their chains**

**From Little Rock to New York shine
CGI spins its woke design
Pride's old hymn in their works resounds
Control's tight grip the lost confounds
Ancient shades, Mammon, Isis call
Jinns in thrall where the shadows fall
The stronghold crumbles when Your voice roars
Lord, You reign forevermore**

**Chains of the mist call, shatter and fall
Lord, Your truth awakes all
From earth to heavens, Your glory reigns
Hallelujah, break their chains**

Veil of Zion — Ark & Throne

**From Sheba's queen a son was born
Menelik heir of Solomon sworn
The Ark he bore to Zion's land
God's covenant in Axum's hand
Through Yekuno's rise the kings did reign
Solomonic blood their sacred claim
Yet shadows veiled their boasted line
O Christ your light shall now define**

**Veil of Zion rent and for Christ your truth shall conquer all
From Mark's deep shade to rifts unseen your holy reign redeems
the dream
(Ooh...)**

**In Axum's church the Ark does dwell
Its cherubim guard where secrets swell
No demons keep a God's own might
A flame that burns through Ethiopia's night
Saffron veils and shadows cast
Still Solomon's rites from ages past
Their rifts divide what bright has sown
Yet Christ alone shall claim the throne**

**Veil of Zion rent and for Christ your truth shall conquer all
From Mark's deep shade to rifts unseen your holy reign redeems
the dream**

Holy Spirit lays consume the lie

Songs of Light & Redemption

**Zion Beta fades beneath your sky
Saffron codex rifts of pride dissolve
In your cross O Christ all chains resolve
Kings and veils their boast shall cease
Your name alone brings endless peace**

**Selassie rose the final king
Rastafari's hope his name they sing
Yet earthly crowns to dust return
O Ark and hold while your truth will burn
From Amda Seyon to Tafari's dream
Their Solomonic dream bows to thee
O Lord you break the matrix wide
Your kingdom reigns where shadows hide**

**Veil of Zion rent and for Christ your truth shall conquer all
From Mark's deep shade to rifts unseen your holy reign redeems
the dream
No codex binds what your grace sets free
No rift divides your eternity
Axum's stars their glory fade
Your cross outshines their ancient shades**

**From Amda Seyon to Zion's call
Your spirit shatters every throne
O Christ above all kings you stand
True Zion rules in your holy land**
