Break the Veil

Break the veil, oh Lord, we bring
To Jesus' name, by the Spirit's holy flame we break every veil
Come, true God, and claim Your earth forever
Arise, oh Lord, Your truth proclaim
(proclaim, truth proclaim)

Break the veil, oh Lord, we sing
Break the veil, eternal King
To the abyss cast every lie, every lie let it die
Jesus reigns, His words are flame
Hallelujah, holy name
Earth is Yours, we now acclaim
Amen, amen, Your glory's flame
Oh, glory to Your mighty name, Jesus
Flame!

Apollion's chains, a doom foretold
Ticonderoga stars, no truth they hold
Neutralized lies, their shadows wane
Your word, oh Lord, shall break their chain
Your blood, oh Christ, shatters the night
Yes, by Your truth we claim the light
Claim the light, claim the light

To the abyss their fears descend
Descend away, Your reign won't end
Oh, save the land, let Your glory shine
Break the veil, oh Lord, we sing

**Break the veil, eternal King
To the abyss cast every lie, every lie let it die
Jesus reigns, His words are flame
Hallelujah, holy name
Earth is Yours, we now acclaim
Amen, amen, Your glory's flame
Oh, lift Your name, almighty God
Glory!**

**To the abyss their schemes are cast
Cast away, Your truth will last
Oh, Hallelujah, King of light
Apollion's chains, a doom foretold
Ticonderoga stars, no truth they
Neutralized lies, their shadows wane
Chaos rebels, their power fades
Serpents hand falls in truth's
Truth!**

**We stay back now!
Your word, oh Lord, breaks every snare
Hallelujah, shine Your light where darkness dies
To the abyss their powers flee
Flee away, Christ sets us free
Hallelujah, King of light
Truth over code, oh Lord, we raise**

**In Jesus' name by the Spirit's holy light
We shatter the hollow earth**

**Arise true God and claim your creation
Exalt your name O Lord most high
Lord most high, Lord most high**

**Light of truth O Lord we raise

Let it die
Jesus reigns his words are might
Hallelujah glory light

Polar gates no truth they hold
Agartha's light a false refrain
Your word O Lord shall break their chain**

**Your blood O Christ shatters the night (Yes)

Cast away your truth will last
And hallelujah King of light**

**Matrix of lies their veil is torn

Reveal your sword of might**

Agartha's myth, they blind the eye
Secret caves, their veils shall tear
Your word, O Lord, shall truth declare
Your Spirit, Lord, breaks every spell
Oh, shine your light where shadows dwell
(Shadows dwell, shadows dwell)
To the abyss their falsehoods fly
Fly away, your truth will rise
Oh, Hallelujah, King and Lord**

**Digital lies, their code undone
Rebel hands, their power none
Veils of secrecy, they break apart
Your word, O God, shall pierce the heart
Your Lord is our strong tower
Yes, claim your earth, restore your power
(Your power, your power)
To the abyss their thrones are thrown
Thrown away, Christ reigns alone
Oh, glory, claim your earth, O Lord**

Yeshua Arise

Oh Yeshua, shine Your light divine
Oh Yeshua, sky
Break the lies, let shadows flee
Shadows flee, set us free
Jesus reigns, His words are flame
Hallelujah, holy name
Earth is yours, we now proclaim
Amen, amen, Your glory's flame

To the depths their powers cast
Binding souls in a dark despair
False decrees they'll fade away
Your truth, O Lord, will light the day

O Jesus, tear the veil, arise
Cast their lies beneath Your skies
Beneath Your skies, beneath Your skies

To the depths their powers cast
Cast away, Your truth will last
O Savior, let Your glory shine

Banner of truth, we lift on high
Lift on high to the sky
Break the lies, let shadows flee
Shadows flee, set us free
Jesus reigns, His words are flame
Hallelujah, holy name
Earth is yours, we now proclaim
Amen, amen, Your glory's flame
