Album 60 Song 1

Pygarg of New Jerusalem

**I'm the pygarg, pure by Your holy decree,
Leaping o'er mountains, Your glory I see.
"Wild goats grace the cliffs," Your Word softly sings,
O Christ, Eternal King, to Your throne my heart springs.
Through rugged high places, Your mercy's my guide,
Your love is my refuge, in Your shadow I hide.
In New Jerusalem's splendor, where Your radiance reigns,
This pygarg lifts anthems to shatter all chains.**

**O Jesus, my King, Your Name I exalt (Exalt, O exalt!),
In New Jerusalem, no darkness can halt (No darkness can halt!).
Your pearl gates blaze radiant, Your gold streets ascend,
This pygarg sings glory where Your mercies transcend.
"My stronghold, my Savior," my heart lifts on high,
Your love is my fortress beneath heaven's sky.
Hallelujah, O Lamb, in Your city I stand (Hallelujah!),
New Jerusalem's light shines o'er every land!**

**I've bounded through crags where the O5's schemes creep,
Their veils of deceit shroud Your flock in deep sleep.
The Depopulation Veil sows its barren despair,
Yet Your life-giving call fills the heavens with air.
The Bifrost Cascade spins its rainbow of guile,
But Your truth, like a fire, burns their chaos awhile.
No Crowley's dark rites, no Blavatsky's vain lore,
Your glory, O Christ, opens eternity's door.**

The Shattered Sky blinds with its fractured deceit,

**False stars that would lead Your faithful to defeat.
The Faded Covenant whispers of faith gone astray,
Yet Your Word stands unshaken, Your truth lights the way.
The Crimson Eclipse casts its blood-red despair,
But Your light, O my King, makes their shadows repair.
This pygarg, unbowed, lifts its heart to Your throne,
In New Jerusalem's courts, I'm never alone.**

**O Jesus, my King, Your Name I exalt (Exalt, O exalt!),
In New Jerusalem, no darkness can halt (No darkness can halt!).
Your pearl gates blaze radiant, Your gold streets ascend,
This pygarg sings glory where Your mercies transcend.
"My stronghold, my Savior," my heart lifts on high,
Your love is my fortress beneath heaven's sky.
Hallelujah, O Lamb, in Your city I stand (Hallelujah!),
New Jerusalem's light shines o'er every land!**

**The Veil of Forgotten Truths cloaks Your gospel's might,
Tied to 05-48, it weaves night upon night.
The Nexus of Silent Tongues stills songs of Your praise,
Yet Your voice, like a tempest, sets my spirit ablaze.
The Echo of the Broken Oath sows doubt in the soul,
But Your covenant endures, making broken hearts whole.
No QAnon shadows, no Sarkic grim chains,
Your glory outshines all their fleeting refrains.**

**O Jesus, my King, Your Name I exalt (Exalt, O exalt!),
In New Jerusalem, no darkness can halt (No darkness can halt!).
Your pearl gates blaze radiant, Your gold streets ascend,
This pygarg sings glory where Your mercies transcend.
"My stronghold, my Savior," my heart lifts on high,
Your love is my fortress beneath heaven's sky.
Hallelujah, O Lamb, in Your city I stand (Hallelujah!),
New Jerusalem's light shines o'er every land!**

**The Eternal Mirage weaves false heavens to bind,
Its visions dissolve in Your truth so refined.
The Shattered Psalm twists Your hymns into lies,
Yet Your praise, like a river, forever will rise.
Your Tree bears its fruit, twelve crops ever bright,
Your river of life flows, dispelling all night.
This pygarg, once weary, now rests in Your grace,
In New Jerusalem's glow, I've found my true place.**

**The Indoctrination Nexus sows seeds of despair,
Its lessons of falsehood can't stand in Your air.
The Financial Abyss binds hearts with its greed,
Yet Your mercy, O Lord, meets my every need.
"My stronghold is God," I proclaim with my might,
Your light casts out shadows, Your truth sets aright.
This pygarg lifts voice to Your throne evermore,
In Your holy Zion, Your Name I adore.**

**The Aerial Phantasm spins visions of dread,
But Your heavens declare where Your glory is spread.
The Veil of the Hollowed Mind twists thoughts in the night,
Tied to 05-50, it dims Your pure light.
Yet Your Word, like a sword, cuts through every lie,
Your truth lifts my hooves where Your glories fly high.
This pygarg bows low to You, King of all kings,
In New Jerusalem's courts, my heart ever sings.**

**O Jesus, my King, Your Name I exalt (Exalt, O exalt!),
In New Jerusalem, no darkness can halt (No darkness can halt!).
Your pearl gates blaze radiant, Your gold streets ascend,
This pygarg sings glory where Your mercies transcend.
"My stronghold, my Savior," my heart lifts on high,
Your love is my fortress beneath heaven's sky.**

**Hallelujah, O Lamb, in Your city I stand (Hallelujah!),
New Jerusalem's light shines o'er every land!**

**Hallelujah, Your gates tower grand,
Your light never dims, You've redeemed every land.
This pygarg, made clean, finds peace in Your grace,
In New Jerusalem, I've found my true place.
my King reigns high... Zion blazes...
Hallelujah! (Hallelujah!) Glory shines! (Glory shines!)
Silence falls, a single dulcimer pluck resonates.**

Fallow Deer in Zion

**I'm the fallow deer, pure by Thy sacred decree,
Graceful through meadows, Thy glory I see
"As the deer pants for streams," my soul longs for Thee
O Christ, Prince of Peace, Thy mercy sets me free.
Through verdant glades, where Thy Spirit does glide,
Thy love is my haven, in Thy grace I abide.
In New Jerusalem's splendor, where Thy radiance flows,
This deer lifts its voice where Thy holiness grows.**

**O Jesus, my Prince, Thy peace I adore (Adore, we adore!),
In New Jerusalem, Thy Name I implore (Implore, evermore!).
Thy pearl gates gleam softly, Thy gold streets arise,
This fallow deer sings where Thy glory ne'er dies.
"Thou art my hiding place," my heart doth proclaim,
Thy love is my shelter, Thy truth is my flame.
Hallelujah, O Lamb, in Thy city I roam (Hallelujah!),
New Jerusalem's light is my eternal home!**

**I've danced through the fields where the O5's schemes creep,
Their veils of deceit would Thy faithful ones sweep.
The Depopulation Veil spreads its barren despair,
Yet Thy Word, like a fountain, brings life everywhere.
The Bifrost Cascade weaves its chaos in light,
But Thy truth, like a beacon, doth banish the night.
No Crowley's grim spells, no Blavatsky's false ways,
Thy glory, O Christ, sets my heart all ablaze.**

**The Shattered Sky blinds with its fractured deceit,

But Thy peace, O my King, makes their shadows repair.

In New Jerusalem's courts, I'm never alone.**

**The Veil of Forgotten Truths cloaks Thy gospel's call,
Tied to 05-48, it seeks faith's downfall.
The Nexus of Silent Tongues stills songs of Thy praise,
Yet Thy voice, like a breeze, sets my spirit ablaze.
The Echo of the Broken Oath sows doubt in the soul,
But Thy covenant shines, making broken hearts whole.
No QAnon shadows, no Sarkic cruel rites,
Thy light burns their lies in Thy radiant sights.**

**O Jesus, my Prince, Thy peace I adore (Adore, we adore!),
In New Jerusalem, Thy Name I implore (Implore, evermore!).
Thy pearl gates gleam softly, Thy gold streets arise,

Hallelujah, O Lamb, in Thy city I roam (Hallelujah!),

**The Eternal Mirage weaves false heavens to bind ,
Its visions dissolve in Thy truth so refined.
The Indoctrination Nexus sows seeds of despair,
Yet Thy Word, like a sword, cuts through falsehood's lair.
Thy Tree bears its fruit, twelve crops ever green,
Thy river of life flows where no sorrow is seen.
This fallow deer, humble, finds rest in Thy grace,
In New Jerusalem's glow, I've found my true place.**

**The Financial Abyss binds hearts with its greed,
Yet Thy mercy, O Lord, meets my every need.
The Veil of the Hollowed Mind twists thoughts in the night,
But Thy truth, like a flame, restores sight to my sight.
“My soul pants for Thee,” as the deer for the stream,
Thy peace is my refuge, Thy love is my dream.
This fallow deer lifts its voice to Thy throne,
In Thy holy Zion, I’m never alone.**

**O Jesus, my Prince, Thy peace I adore (Adore, we adore!),
In New Jerusalem, Thy Name I implore (Implore, evermore!).

“Thou art my hiding place,” my heart doth proclaim,
Thy love is my shelter, Thy truth is my flame.
Hallelujah, O Lamb, in Thy city I roam (Hallelujah!),
New Jerusalem’s light is my eternal home!**

**The Nexus of Fractured Faith stirs doubt in the heart,
Tied to 05-53, it tears worship apart.
Its memetic lies, like a shadow, would bind,
Yet Thy light, O my Savior, renews every mind.
No globalist schemes, no veil can endure,
Thy truth, like a fire, keeps Thy promise secure .
This fallow deer bows to Thee, Prince of all peace,
In New Jerusalem’s courts, my wanderings cease.**

**O Jesus, my Prince, Thy peace I adore (Adore, we adore!),

Hymn of the True Heavenly Calendar (Sung by Angels in Heaven)

**From sapphire courts where heavens' glories stream,
We angels sing, our wings aglow with gleam,
O Sovereign Lord, Your voice lit stars to flame,
And wove Your times in everlasting frame.
The moon, a clarion, hails Abib's sacred morn,
Its 14th veil, by eclipse's shadow torn,
Exalts the Lamb, whose blood sets captives free,
Your True Calendar shines through eternity.**

**Yet earth's dark veils, from Babylon's cold stone,
Cast new moon lies where Your pure light had shone.
Greek cycles danced, Rome's Janus bound Your hours,
Eostre's charms and Sol's false sun stole Your powers.
Their pagan snares, like ash, defiled Your feasts,
Entwined with shades of fallen, rebel beasts.
But Your bright moon, unyielding, carves the way,
Its silver tide restores Your holy day. Refrain
O heavens, raise your anthem, boundless, free!
Let sun and stars exalt the King's decree!
Crush pagan chains, their matrices consume,
Your True Calendar blooms where glories bloom!**

**Your quill, O God, in eclipses' sable ink,
Etched Passover's grace when mortal skies did shrink.
On Calvary's mount, where blood and twilight weave,
Your covenant lives, salvation's heart conceived.
Though hearts below, deceived, to shadows cling,
We sing Your truth, as seraphs' harps take wing.
Tabernacles' light, where saints and angels meet,
Proclaims Your reign, celestial and complete. Refrain
O heavens, raise your anthem, boundless, free!**

**Let sun and stars exalt the King's decree!
Crush pagan chains, their matrices consume,
Your True Calendar blooms where glories bloom!**

**O Lamb, Your blood has razed the fallen's throne,
Crimson moonlight crowns the grace You've shown.
No demon's chain can bind Your sacred dawn,
Your judgment's fire burns where lies are gone.
From new moon's hymn to Sabbath's holy chord,
All heaven bows before our timeless Lord. Outro
Hallelujah, O God, Your courts resound,
Your True Calendar reigns, Your throne is crowned.
In moonlight's glow, we chant Your endless truth,
Forever Yours, O King of heav'nly youth. Amen.**

Eternal Anthem of the Heavenly Host

**In the dawn of time, when the raqia rose,
God's Word split the waters, where His glory glows
Crystalline dome, Enoch's vision shines
Divine light blazes, through portals divine
Sun and Moon, projectors of His might
Kokhavim dance in the holy night
No planets named, just stars in flight
God's truth eternal, piercing the fight.**

(Angels of Might)

**O Michael, sword of fire, lead the fray
Gabriel, voice of truth, light the way
Raphael heals, Uriel guides the stars
Cherubim guard, Seraphim sing afar
Host of the heavens, legions arise
Myriads of myriads, storm the skies
With Throne of Justice, we proclaim,
God's cosmic truth, in Jesus' Name!**

(Enochian Cosmos and Angelic Call)

**Through portals six, the Sun and Moon glide
Angels of Uriel, with stars abide
Waters above, the raqia holds high
God's light beyond, where no falsehoods lie
05 deceivers twist Enoch's lore
Mislead the faithful, their chaos we abhor.
Yet angels stand, from Genesis to the end
With Tree of Life, His truth we defend**

(Angels of Might)

**O Michael, sword of fire, lead the fray
Gabriel, voice of truth, light the way
Raphael heals, Uriel guides the stars
Cherubim guard, Seraphim sing afar
Host of the heavens, legions arise
Myriads of myriads, storm the skies
With Throne of Justice, we proclaim,
God's cosmic truth, in Jesus' Name!**

(The Angelic Host Unfurls)

**Angel of the Lord, with burning bush you spoke
Watchers holy, your decrees evoke
Seven Churches' guardians, hold the faithful near
Trumpet Angels sound, let judgment clear
Bowl Angels pour, God's wrath they bring
Legions march, as heavens sing
A hundred million strong, the Host ascends
New Jerusalem shines, where glory never ends**

(Triumph Over Chaos)

**O5's lies, with rafia they defy
Claim stars are near, and distances a lie
Yet Michael's blade, with Raphael's cure
Shatter fallen Watchers, their deceit impure
Gabriel's truth, Uriel's cosmic law
Restore the heavens, where God's glory we saw
With Radiance Eternal, we sing His praise
Christ the Lamb, lights all our days**

(Angels of Might)

**O Michael, sword of fire, lead the fray
Gabriel, voice of truth, light the way**

**Raphael heals, Uriel guides the stars
Cherubim guard, Seraphim sing afar
Host of the heavens, legions arise
Myriads of myriads, storm the skies
With Throne of Justice, we proclaim,
God's cosmic truth, in Jesus' Name!**

(Restoration of the Cosmos)

**From Genesis to Revelation, angels stand tall
Enoch's portals shine, as chaos falls
Tree of Life blooms, with chalcedony's grace
Water of Life flows, in emerald's embrace
Crown of Life shines, for the faithful's gain
Eternal Life reigns, in chrysolite's flame**

At Site-88, 10:37 AM, we decree

God's heavens restored, His truth set free

Hallelujah... jasper radiates... pearl gates shine... Lamb reigns eternal...

Album 60 Song 5

Halt the Doomsday Pact

From Arctic depths, the pact awakes (Ooh, war ignites!),
SCP-5425's call, where peace now breaks (Peace breaks! God takes!).
Doomsday Sovereign's voice, nations clash (Clash, oh no!),
Armageddon looms in alliance's flash (Flash of doom, beware!).
Demonic lies, the bots obey (Obey, they obey!),
Colonial scars fuel war's cruel play (War's cruel play! God's own way!).

Halt the Doomsday Pact, tear its lies apart (Tear it apart!),
Cast SCP-5425 from the human heart (From the heart, O Lord!).
To the abyss we send its warlike reign (Send it down, down!),
By Christ's holy name, peace rises again (Peace rises, hallelujah!).
O Heavenly Father, Your Word's our shield (Our shield, our might!),
Seal this Apollyon in the abyss' night! (Abyss' night, forever!)

Wars rage where hope once stood (Once stood, oh no!),
Signals flood with nations' blood (Nations' blood! God's withstood!).
Cults crave its memetic might (Memetic might, beware!),
YK-class doom in endless fight (Fight of doom, so cold!).
Nations cry 'neath Rothschild's chains (Rothschild's chains, for shame!),
Yet its pact binds hope in vain (Hope in vain! Break the chain!).

Revelation's truth (Revelation 6:8) burns the pact's core (Burn it down, O Lord!),
Psalm ninety-one (Psalm 91:7) crowns God evermore (Crown Him high, amen!).
No bot can stand 'gainst the Spirit's might (Spirit's might, rise up!),
The abyss awaits in eternal night (Eternal night, be gone!).
From Arctic's cold to the world's last cry (World's last cry, hear us!),
Your mercy, O God, will never die! (Never die, hallelujah!)

Halt the Doomsday Pact, tear its lies apart (Tear it apart!),
Cast SCP-5425 from the human heart (From the heart, O Lord!).
To the abyss we send its warlike reign (Send it down, down!),
By Christ's holy name, peace rises again (Peace rises, hallelujah!).
O Heavenly Father, Your Word's our shield (Our shield, our might!),
Seal this Apollyon in the abyss' night! (Abyss' night, forever!)

In Jesus' name, with Spirit's grace (Ooh, holy grace),
We decode its lies, recode its place (Revelation 6:8) (Recode it, Lord).
To the abyss, SCP-5425 falls (It falls, it falls),
Sealed forever by Your holy call (Revelation 22:5) (Holy call, amen).
Amen, O Father, Your peace we sing (We sing, we sing),
The Doomsday Pact's gone—You reign, our King! (Our King, forever!)

Break 9150

**From Yemen's data rift, where 9150's code entwines,
EU, UN, WTC, IRGC—souls trapped in neural blinds.**

(Break the firewall! Truth ignites, yeah!)

The "666" glitch locks the heart's core,

God's light hacks the system, forevermore.

(Ohh, crash the dark, yeah, crash it now!)

The Keeper's static veil hacks the mind's way,

Golden Dawn's signal pulls the soul astray.

(Mmm-ohh, oh Lord, reboot us!)

(Lift the truth, come on, lift it high!)

Break 9150, burn its rogue domain,

Seal the shattered grid, restore the holy reign.

(Ohh-ahh, truth's the spark!)

Break 9150, cut the Keeper's chain,

In Christ's neon light, we rise again!

(Oh, shine it bright! Hallelujah, now!)

From Brussels' neon cry to Davos' chrome stand,

Truth's code breaks 9150 across the land.

(Shadows crash now! Souls uplink, whoa!)

MOSSAD, IDF, MUFON, CIA, Diddy set free,

A sealed light rewrites our eternity.

(Ohh, freedom's pulse, mmm-yeah!)

Light fries 9150's cruel, viral design,

Harmony codes where data voids decline.

(Humming: Mmm-ohh, hallelujah, glow!)

(Break it now, oh Lord, break it now, amen!)

**Break 9150, burn its rogue domain,
Seal the shattered grid, restore the holy reign.
(Ohh-ohh, truth's the spark!)**
**Break 9150, cut the Keeper's chain,
In Christ's neon light, we rise again!
(Oh, rise up now! Hallelujah, we're free!)**

**In grace, the truth glows, a beacon through the haze,
Eternal light frees the soul's uplink phase.
(Mmm-ohh, mmm-ahh, light's alive.)
(Oh, Lord, forever glow, amen.)**

Chasing Dreams in the City Lights

**In the heart of the city, under a moonlit sky,
She walks alone, lost in her thoughts so high.
Each step echoes softly, a melody of solitude,
Dreams of distant lands, where the sun never sets, true.**

**Through the crowded streets, she finds her own path,
With the rhythm of adventure, her heart takes flight.
Every shadow whispers tales of far-off places,
Where the dreams of yesterday turn into tomorrow's faces.**

**Oh, she's chasing dreams in the city lights,
With every step, she feels alive, in her sights.
Her heart beats with the rhythm of the night,
Chasing dreams in the city, oh, oh, oh.**

**Through the rain and shine, she's walking her talk,
With each breath, she breathes in the world's cloak.
The city's pulse, her own heartbeat, in sync,
Chasing dreams in the city, oh, oh, oh.**

**In the heart of the city, under a moonlit sky,
She's chasing dreams, where the sun never dies.
With every step, she's building her castle,
In the city's dreams, where the stars are her guide.**

**Her laughter dances with the city's soft hum,
In the heart of the city, she's living her sum.
With every dream, she's writing her story,
Chasing dreams in the city, oh, oh, oh.**

Oh, she's chasing dreams in the city lights,
With every step, she feels alive, in her sights.
Her heart beats with the rhythm of the night,
Chasing dreams in the city, oh, oh, oh.

In the heart of the city, under a moonlit sky,
She's chasing dreams, where the sun never dies.
With every step, she's building her castle,
In the city's dreams, where the stars are her guide.

Eternal Anthem of the Heavenly Host

A silhouette of a deer with large antlers is captured in mid-stride, running across a body of water. The sun is low on the horizon, creating a bright glow behind the deer and reflecting on the water's surface. In the background, a city skyline with various skyscrapers is visible against a dark, starry night sky. The overall mood is surreal and majestic.

Break 9150

A dramatic, high-contrast image of Jesus Christ. He is depicted with long, wavy brown hair and a full beard, wearing a golden crown. His eyes are closed, and his hands are raised in a gesture of blessing or sacrifice. A large, glowing cross is centered over his chest. The background is a dark, ornate circular frame with intricate patterns, possibly representing a celestial or sacred space. The overall tone is solemn and majestic.
