

The image depicts a fiery, apocalyptic landscape. In the foreground, a large, circular, glowing magical diagram, resembling a Wiccan altar cloth or a complex astrological chart, is partially obscured by intense, bright orange and yellow flames. The diagram features various symbols, including a central circle with a cross, and is surrounded by concentric rings of text and symbols. In the background, a dark, silhouetted landscape with rolling hills and a small body of water is visible under a dark, smoky sky. The overall atmosphere is one of intense heat and mystical power.

Brittany Flame

Oh... 'cross the seas... a glory wakes...
Oh... through the storm... His fire breaks...
("Rise... to the dawn...")

On Brittany's cliffs, Belisama gleams,
Her rivers of light weave deceptive dreams.
Teutates stands, with war's fierce cry,
Ana's earth whispers, Korrigan's springs sigh.
Taran's thunder shakes the starless night,
Demons bind souls in a shadowed rite.
Yet Holy Spirit, with Seraphim's blaze,
Ignites the heavens, dispels the haze.
("Oh, shadows... break...")

Flame of Heaven, Spirit divine,
With angels' might, Your glory shines!
From Breton veils to eternal skies,
Your holy fire burns where darkness lies.
Oh, roar, roar, 'midst celestial tides,
Oh, reign, reign, where Your light abides!
Demons shatter, You make us whole,
Holy Spirit, Redeemer of the soul!
("Your fire... consumes!")

[Cosmic Battle]

Thrones of splendor, with justice crowned,
Archangels clash where shadows are found.

**Rohan's pride, with ancient altars' sway,
Fades 'neath Cherubim's celestial array.
Spirit's wrath, a tempest of light,
Sweeps Taran's storms to endless night.
In Christ's own name, the heavens proclaim,
Brittany's soul freed from pagan shame.
("Oh, heavens... arise...")**

**Pagan tides, through forests creep...
Spirit's flame, with Seraph's sweep!
Altars crumble, their spells undone...
Cherubim roar, the battle won!
Darkness quakes, to the abyss it falls...
Holy Spirit, Your kingdom calls!
("Oh, glory... ascend...")**

**Flame of Heaven, Spirit divine,
With angels' might, Your glory shines!
From Breton veils to eternal skies,
Your holy fire burns where darkness lies.
Oh, roar, roar, 'midst celestial tides,
Oh, reign, reign, where Your light abides!
Demons shatter, You make us whole,
Holy Spirit, Redeemer of the soul!
("Spirit, eternal blaze!")**

**Oh... Spirit... Light of the shore...
O'er Brittany's waves, Your glory soars...
In sacred lands, Your truth will stay,
Holy Spirit, forever our way...
("Forever... Your flame...")**

Album 46 Song 2

Dacian Shadows

**Oh... through the stars... glory calls...
Oh... in the soul... His light falls...
("Rise... to the light...")**

[Dacian Shadows]

**In Carpathian veils, Zalmoxis dreams,
Gebeleizis roars, Bendis weaves moonbeams.
Pleistoros cries war, Danube's spirits flow,
Demons dance where dark altars glow.
Yet Holy Spirit, with Seraphim's blaze,
Divine fire burns through ancient haze.
From shadowed peaks, Your light ascends,
Evil flees where Your glory mends.
("Oh, shadows... fade...")**

**Holy Spirit, fire divine,
With angel hosts, Your glories shine.
From Dacian chains to starry skies,
Your truth prevails where darkness flies.
Oh, sing, sing, 'midst celestial streams,
Oh, rise, rise, in Your radiant beams.
Demons fall, You make us whole,
Holy Spirit, Savior of the soul.
("Your light... ignites!")**

[Heavenly Triumph]

**Thrones of crystal, justice aglow,
Archangels wield swords of starry snow.
From Dionysus' revels to Cernunnos' lore,**

**Cherubim sing, and shadows no more.
Spirit's breath, with wings of flame,
Breaks dynasties' chains in Christ's own name.
O'er Romania's heart, Your heavens resound,
Freed souls rise where grace is found.
("Oh, heavens... ascend...")**

**Satan's storms, through ages creep...
Spirit's fire, with Seraph's sweep!
Altars crumble, veils are torn...
Cherubim praise, the light reborn!
Dark powers flee, to the abyss they dive...
Holy Spirit, with angels, Your truth will thrive!
("Oh, glory... shine...")**

**Holy Spirit, fire divine,
With angel hosts, Your glories shine.
From Dacian chains to starry skies,
Your truth prevails where darkness flies.
Oh, sing, sing, 'midst celestial streams,
Oh, rise, rise, in Your radiant beams.
Demons fall, You make us whole,
Holy Spirit, Savior of the soul.
("Spirit, eternal flame!")**

**Oh... Spirit... Star of the skies...
O'er Carpathian peaks, Your glory flies...
In Romania's heart, Your truth remains,
Holy Spirit, forever reigns...
("Forever... Your light...")**

Album 46 Song 3

Slavic Groves

O... 'midst the oaks... a glory stirs...
O... through the soul... His fire endures...
("Ascend... to the light...")

[Pagan Shadows]

In Slavic groves, Perun's thunder reigns,
Veles slithers through underworld veins.
Mokosh spins fate with a shadowed thread,
Svarog's forge burns where Dazhbog treads.
Their idols stand 'neath starless skies,
Demons weave lies where darkness lies.
Yet Holy Spirit, with Seraphim's glow,
Breaks pagan chains where rivers flow.
("O shadows... vanish...")

Holy Flame, Spirit divine,
With angels' might, Your glories shine!
From Slavic veils to heavens bright,
Your sacred fire consumes the night.
O sing, sing, through eternal skies,
O rise, rise, where Your truth abides!
Demons fade, You make us whole,
Holy Spirit, Redeemer of the soul!
("Your light... prevails!")

[Cosmic Triumph]

Thrones of splendor, justice pure and grand,
Archangels wield truth with a flaming brand.
Rurik's crown, with pagan altars' sway,

**Crumbles 'neath Cherubim's holy array.
Spirit's breath, a torrent of light,
Sweeps Veles' guile to endless night.
In Christ's own name, the heavens resound,
Slavic souls freed on holy ground.
("O heavens... ascend...")**

**Pagan storms, through ages roar...
Spirit's blaze, with Seraph's soar!
Idols fall, their spells undone...
Cherubim chant, the dawn begun!
Darkness breaks, to the abyss it flees...
Holy Spirit, Your truth decrees!
("O glory... arise...")**

**Holy Flame, Spirit divine,
With angels' might, Your glories shine!
From Slavic veils to heavens bright,
Your sacred fire consumes the night.
O sing, sing, through eternal skies,
O rise, rise, where Your truth abides!
Demons fade, You make us whole,
Holy Spirit, Redeemer of the soul!
("Spirit, eternal light!")**

**O... Spirit... Light of the skies...
O'er Slavic plains, Your glory flies...
In sacred lands, Your truth will stay,
Holy Spirit, forever our way...
("Forever... Your flame...")**

Album 46 Song 4

Germanic Forests

O... durch die Wälder... Glorie ruft...
Oh... through the soul... His light erupts...
("Erhebt... zum Licht..." / "Rise... to the light...")

[Pagan Shadows]

In nord'schen Wäldern, Odin's Blick erwacht,
Sein Rabe kreist, wo Krieg und Tod entfacht.
Thor's Hammer schlägt, mit Donner laut und stark,
Freyja's Zauber webt Liebes Netz im Mark.
Frigg's Rad dreht Schicksal, Tyr's Schwert glänzt klar,
Doch Dämonen lauern, wo Altäre war'n.
Heil'ger Geist, mit Seraphim's Flammenmeer,
Zerbricht die Ketten, das Dunkel wird nicht mehr.
(Ad-lib: „O Schatten... flieh..." / "O shadows... flee...")

Heil'ge Flamme, Geist divin,
Holy Flame, with angels' hymn!
Von heid'nischen Schleiern zum Himmel klar,
Your fire burns where shadows scar.
O sing', sing', 'midst celestial might,
O reign, reign, in Your holy light!
Dämonen zerfallen, Du machst uns frei,
Holy Spirit, König der Ewigkeit!
(Ad-lib: „Dein Licht... entbrennt!" / "Your light... ignites!")

[Cosmic Battle]

Thrones of glory, justice pure and bright,
Archangels wield swords of blazing light.
Wessex's crown, with Odin's ancient lore,

**Fades 'neath Cherubim's victorious roar.
Spirit's wrath, a Sturm of holy fire,
Sweeps Thor's thunder to realms of pyre.
Im Namen Christi, die Himmel erkling',
Germanic souls rise where freedom springs.
("O Himmel... erhebt..." / "O heavens... arise...")**

**Heid'nische Winde, durch Zeiten weh'n...
Holy Spirit, with Seraphim's sheen!
Altäre stürzen, ihr Zauber zerbricht...
Cherubim singen, das ew'ge Licht!
Finsternis sinkt, ins Abyssos fällt...
Heil'ger Geist, Dein Reich erhält!
("O Glorie... leucht' ..." / "O glory... shine...")**

**Heil'ge Flamme, Geist divin,
Holy Flame, with angels' hymn!
Von heid'nischen Schleiern zum Himmel klar,
Your fire burns where shadows scar.
O sing', sing', 'midst celestial might,
O reign, reign, in Your holy light!
Dämonen zerfallen, Du machst uns frei,
Holy Spirit, König der Ewigkeit!
("Geist, ew'ger Glanz!" / "Spirit, eternal blaze!")**

**O... Geist... Stern der Höh'...
Oh... Spirit... Light of the skies...
Über nord'schen Land, Dein Glanz erblüh',
Holy Spirit, forever true...
("Für immer... Dein Licht..." / "Forever... Your light...")**

Album 46 Song 7

Finnish Light

Oi... järvien rannoilla... valo syttyy...
Oi... sydämessä... Hänen loistonsa kytkyy...
("Nouse... valoon...")

[Suomenusko Shadows]

Järvien rannoilla, Ukko jylisee,
Salamat iskevät, taivas värisee.
Ahti hallitsee, aaltojen syli,
Tapio metsissä, peurojen kyyti.
Ilmatar tuulissa, Kuu yön varjoissa,
Pahat henget tanssivat, alttareiden marjoissa.
Pyhä Henki, Serafimien liekki,
Pimeyden karkottaa, varjot eivät kestä yksi.
("Oi varjot... väistyvät...")

Pyhä Henki, jumalallinen valo,
Enkelien kanssa, loistosi salo!
Suomen varjoista taivaan kirkkauteen,
Sinun totuutesi pimeyden nitistää.
Oi laula, laula, taivaan sävelet,
Oi nouse, nouse, valosi heijastimet!
Demonit kaatuvat, Sinä teet ehjäksi,
Pyhä Henki, sielun pelastaja!
("Valosi... loistaa!")

[Divine Victory]

Kerubien laulut, oikeuden ääni,
Valtaistuinten loisto, taivaan väylä käy näin.
Väinämöisen tarut, sankarien kunnia,

**Hajoavat Kristuksen nimen voimassa runnia.
Pyhä Henki, jumalallinen tuuli,
Suomen kahleet murtaa, vapaus huuli.
Jeesuksen nimessä, taivas kaikuu,
Uusi elämä, valossasi lauluu.
("Oi taivas... nousee...")**

**Pimeyden myrskyt, järvissä vaeltavat...
Pyhä Henki, Serafimien liekit kantavat!
Alttarit sortuvat, valheiden kahleet...
Kerubien sävelet, uuden ajan lauleet!
Pahat henget putoavat, syvyyteen katoavat...
Pyhä Henki, totuutesi loistavat!
("Oi jumalallinen... valo...")**

**Pyhä Henki, jumalallinen valo,
Enkelien kanssa, loistosi salo!
Suomen varjoista taivaan kirkkauteen,
Sinun totuutesi pimeyden nitistää.
Oi laula, laula, taivaan sävelet,
Oi nouse, nouse, valosi heijastimet!
Demonit kaatuvat, Sinä teet ehjäksi,
Pyhä Henki, sielun pelastaja!
("Henki, ikuinen valo!")**

**Oi... Henki... taivaan tähti...
Oi... järvien rannoilla... valosi nähti...
Suomen maassa, totuutesi jää,
Pyhä Henki, ikuisesti tää...
