Album 64 Song 1

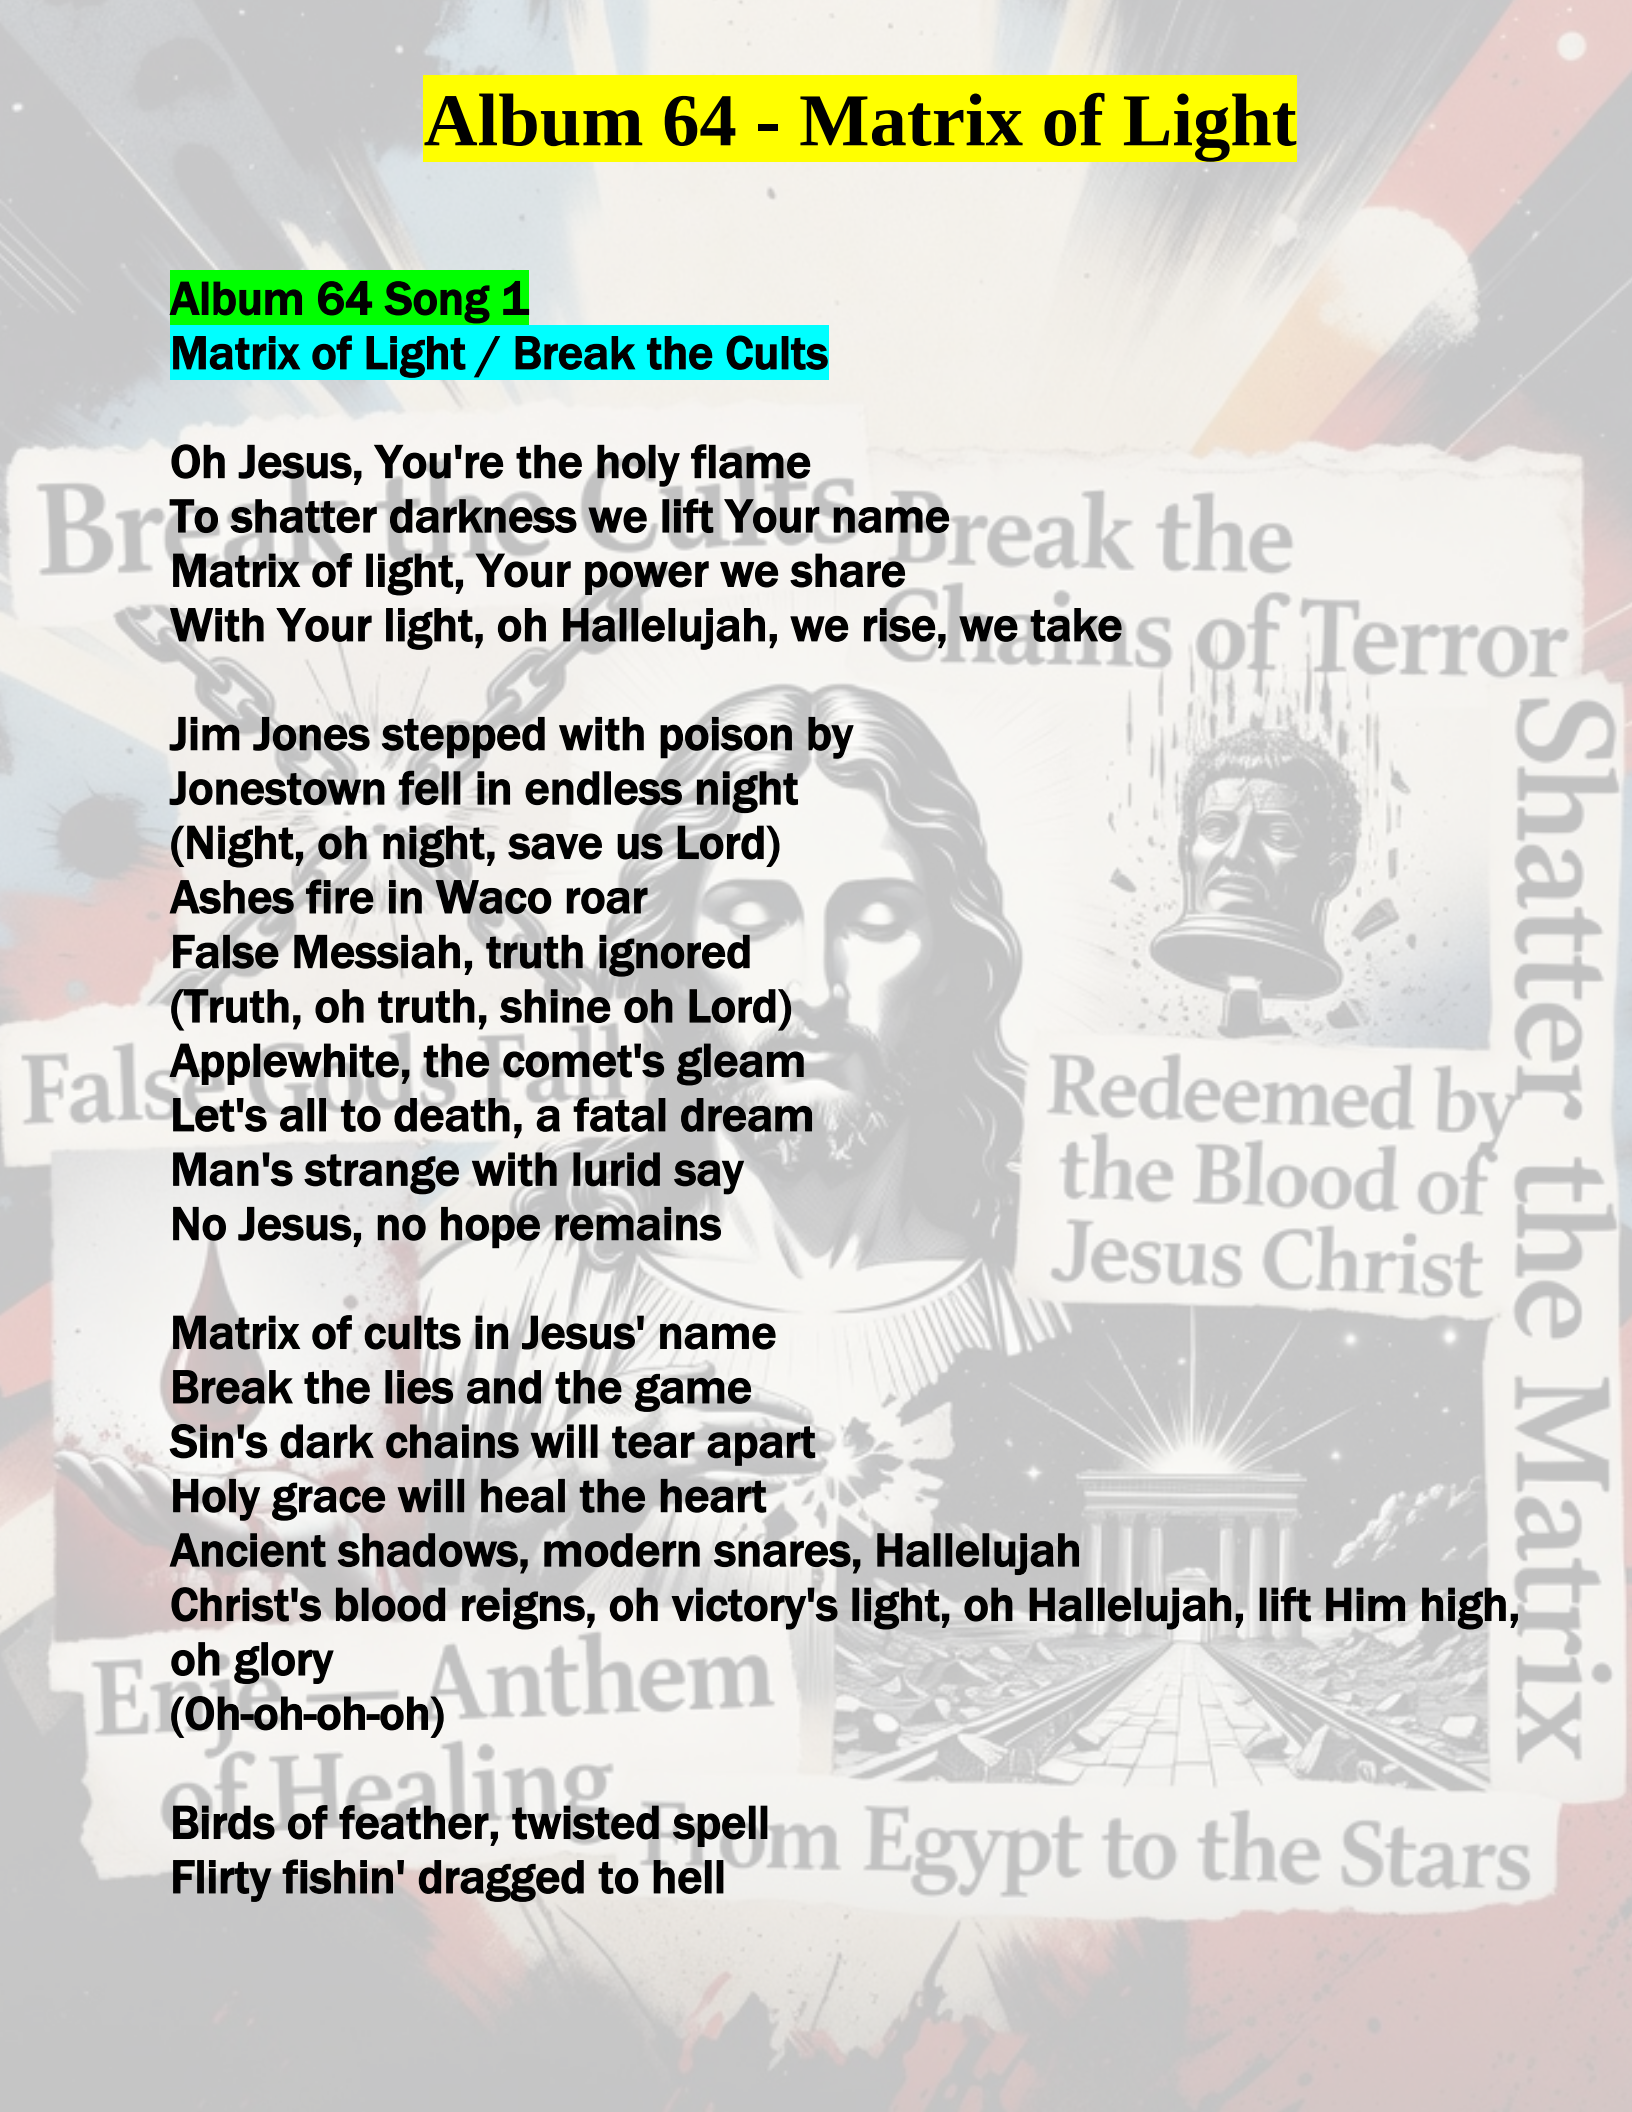

Matrix of Light / Break the Cults

Oh Jesus, You're the holy flame
To shatter darkness we lift Your name
Matrix of light, Your power we share
With Your light, oh Hallelujah, we rise, we take

Jim Jones stepped with poison by
Jonestown fell in endless night
(Night, oh night, save us Lord)
Ashes fire in Waco roar
False Messiah, truth ignored
(Truth, oh truth, shine oh Lord)
Applewhite, the comet's gleam
Let's all to death, a fatal dream
Man's strange with lurid say
No Jesus, no hope remains

Matrix of cults in Jesus' name
Break the lies and the game
Sin's dark chains will tear apart
Holy grace will heal the heart
Ancient shadows, modern snares, Hallelujah
Christ's blood reigns, oh victory's light, oh Hallelujah, lift Him high,
oh glory
(Oh-oh-oh-oh)

Birds of feather, twisted spell
Flirty fishin' dragged to hell

**(Hell, oh hell, save us Lord)
Costanzo's night with cruel sacrifice
Blood soaks in, no spark of life
(Life, oh life, shine oh Lord)
Cousin claimed a mother's crown
Old Glory, mummified, lies came crashing down
Moon's grand vows, minds bewitched and chained
Lost in shadows, truth strained**

**Matrix of cults in Jesus' name
Break the lies and the game
Sin's dark chains will tear apart
Holy grace will heal the heart
Ancient shadows, modern snares, Hallelujah
Christ's blood reigns, oh victory's light, oh Hallelujah, lift Him high,
oh glory
(Oh-oh-oh-oh)**

**Moonies' pride, a stateless soul
Teal Swan, truth arise
Finwall's fire, the home's delay
Hong Ji's chains, real folks say
Teal's ancient lore
Oh Jesus, reign, their lies will haunt no more
(More, oh more, Christ restore)
In God's spirit, we sing, we soar
Matrix forevermore**

**Matrix of cults in Jesus' name
Break the lies and the game
Sin's dark chains will tear apart
Holy grace will heal the heart
Ancient shadows, modern snares, Hallelujah**

Shatter the Matrix

From Egypt to the Stars

Christ's blood reigns, oh victory's light, oh Hallelujah, lift Him high,
oh glory
(Oh-oh-oh-oh)

Holy Spirit, fill every soul
Mend the broken, make them whole
In sin's dark darkness, Your mercy flows
Jesus' name will soar forevermore
The Hallelujah will shatter sin and memory
Jesus reigns forevermore, I know

Album 64 Song 2

Break the Chains of Terror

Hallelujah, praise His name
Shatter terror and get its prey
Hallelujah, praise His name

They had swords with zeal they strapped
Their echoes fueled the jihad's lap
Abbasid halls their lost group home
Twisted truth the matrix home
Wahhabi fires from Mecca's sands
Spread terror seed across the land
Oh Christ arise their roots destroy
Hallelujah cast their shadows to the void

Break the chains of terror's might
Salafi lies oh let them fall
From Somalia to Syria's pain
Oh Redeemer
Rise oh Lord with truth's bright flame
Matrix burns in Jesus' name
Oh glory, glory
Shine oh Lord tonight

Al-Qaeda's web with venom spun
Bin Laden's curse the world undone
Taliban's grip their shadows creep
Sowing fear where nations weep
Oh Jesus crush their wicked schemes
Oh mercy light their darkness with your beam
Break the chains of terror's moor
Hallelujah cast their shadows to the void

Redeemed by
the Blood of
Jesus Christ

Shatter the Matrix

Egypt to the Stars

**Break the chains of terror's might
Salafi lies oh let them fall
From Somalia to Syria's pain
Oh Redeemer
Rise oh Lord with truth's bright flame
Matrix burns in Jesus' name
Oh glory, glory
Shine oh Lord tonight**

**Bells dark storm, Hubal's cold stone
Dhu Sharah's shade their power's gone
Caliphate's spirit, pride's false claim
Its terror falls in Jesus' name
Confuse their ranks oh Lord divide
Oh glory let Babel's chaos break their pride
Keep the lies with holy might
Your kingdom dawns in endless light**

**Break the chains of terror's might
Salafi lies oh let them fall
From Somalia to Syria's pain
Oh Redeemer
Rise oh Lord with truth's bright flame
Matrix burns in Jesus' name
Oh glory, glory

Album 64 Song 3

False Gods Fall

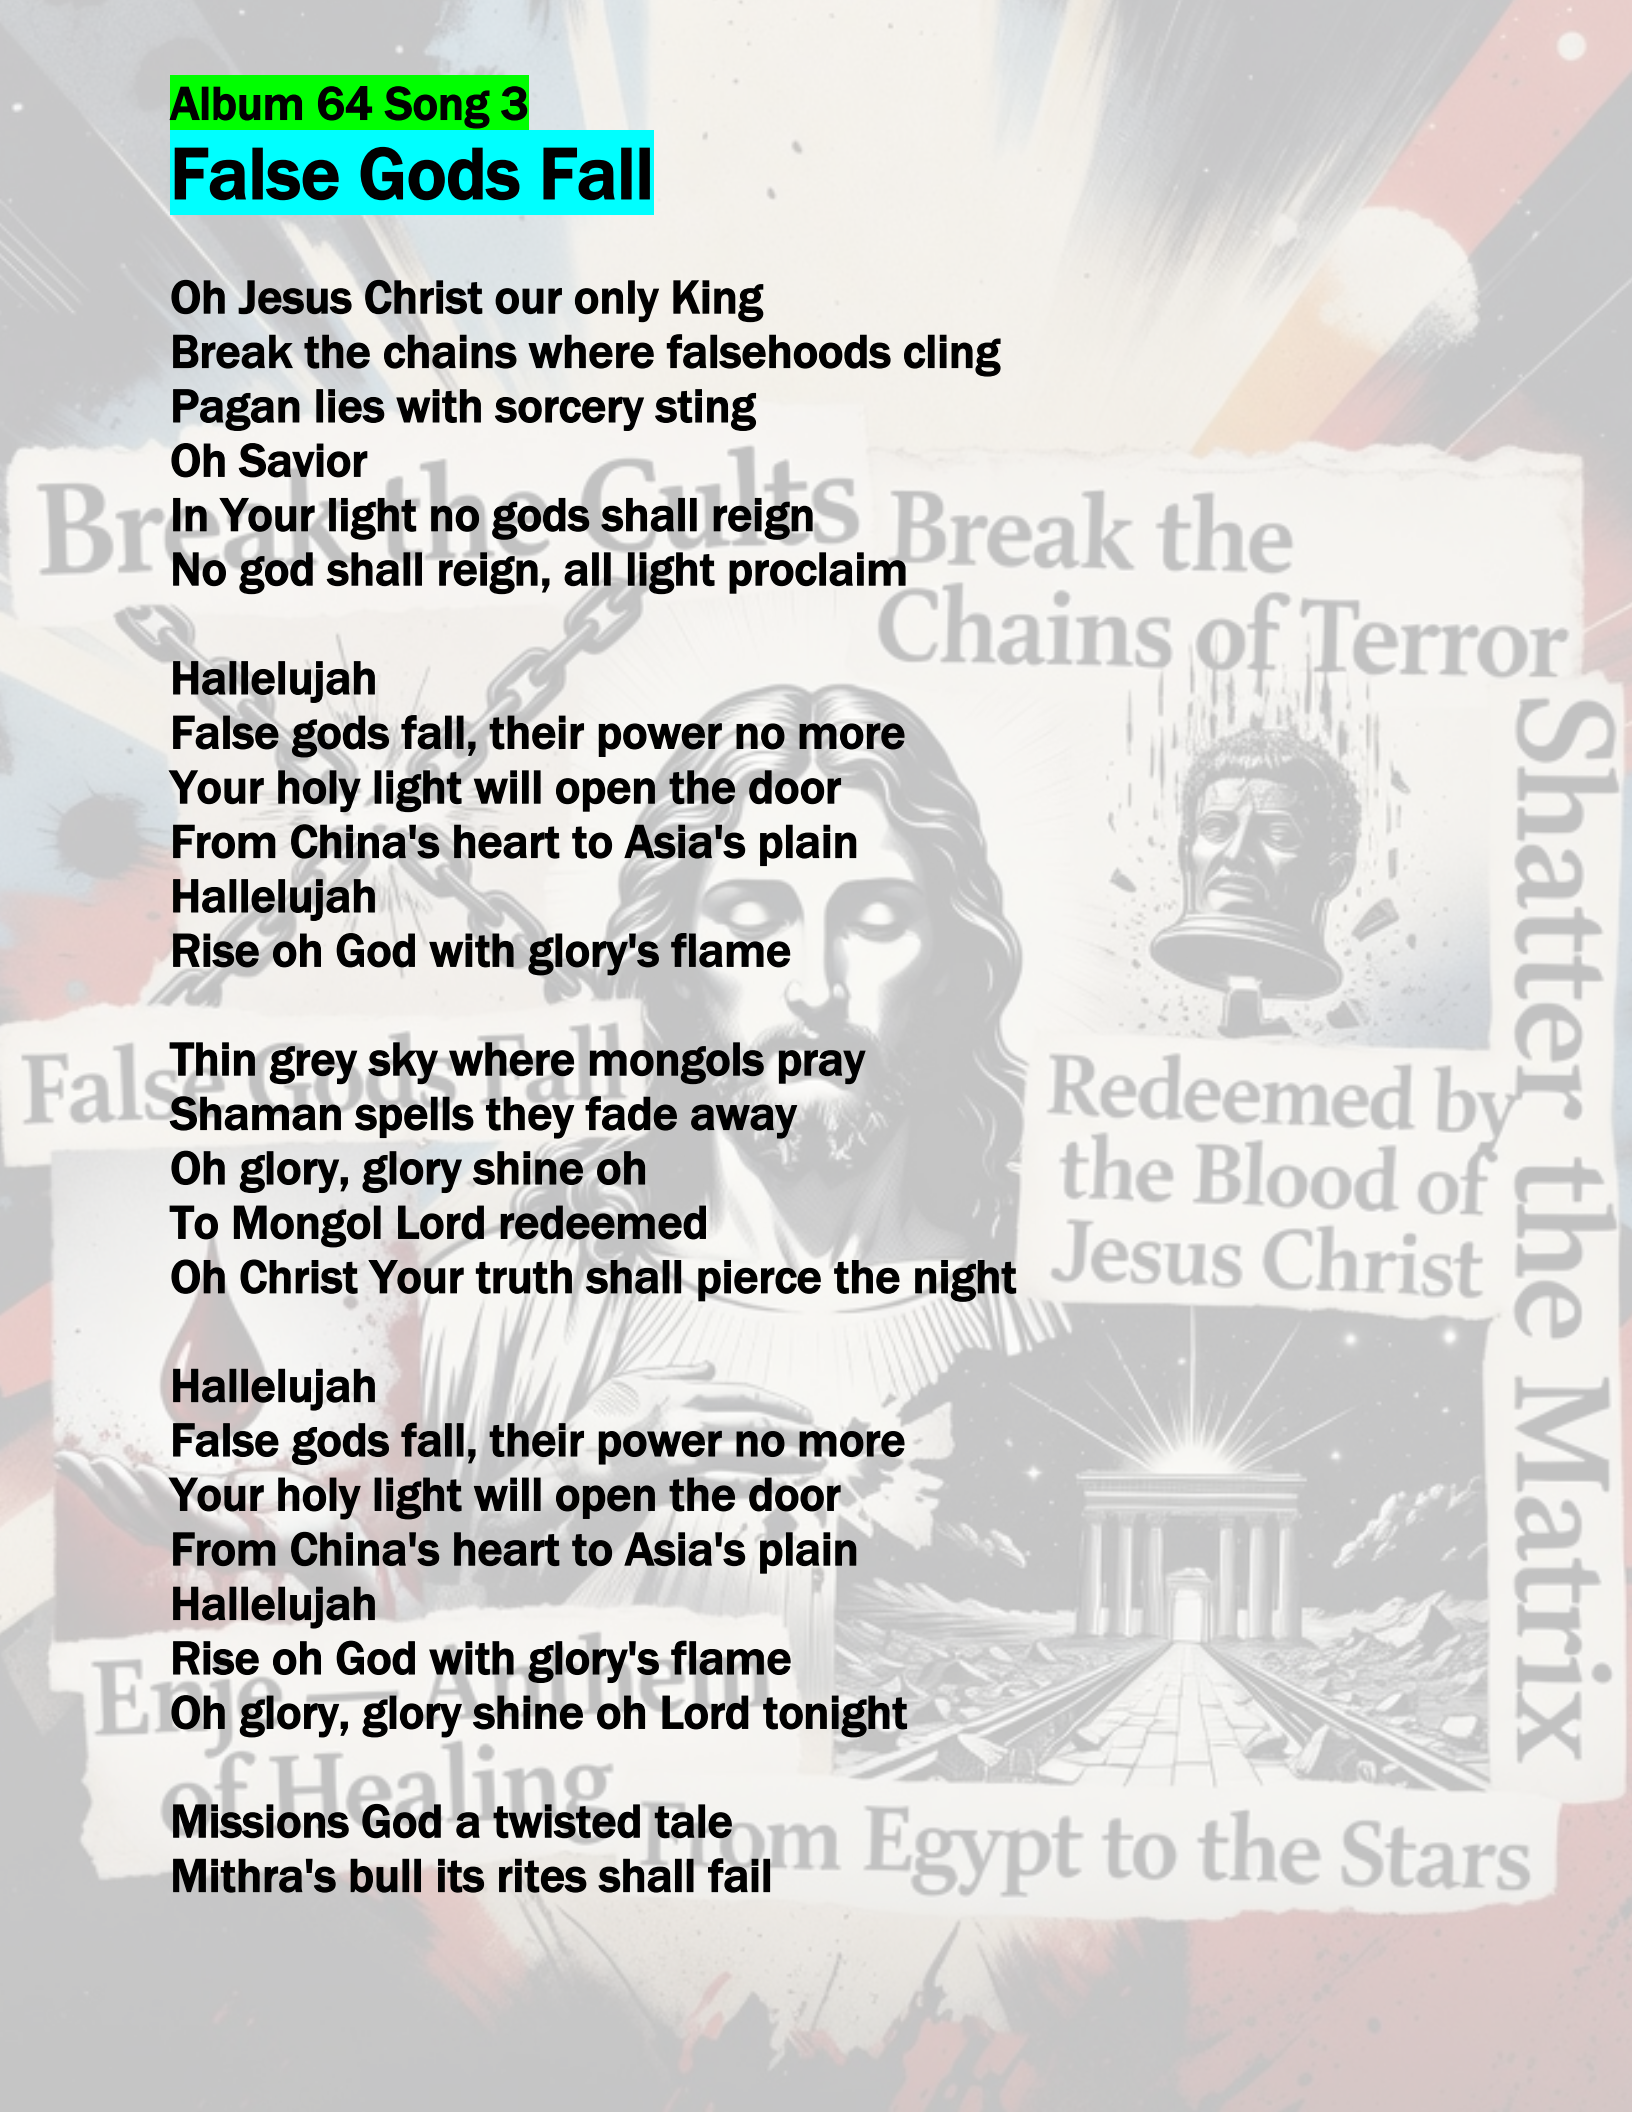

Oh Jesus Christ our only King
Break the chains where falsehoods cling
Pagan lies with sorcery sting
Oh Savior
In Your light no gods shall reign
No god shall reign, all light proclaim

Hallelujah
False gods fall, their power no more
Your holy light will open the door
From China's heart to Asia's plain
Hallelujah
Rise oh God with glory's flame

Thin grey sky where mongols pray
Shaman spells they fade away
Oh glory, glory shine oh
To Mongol Lord redeemed
Oh Christ Your truth shall pierce the night

Hallelujah
False gods fall, their power no more
Your holy light will open the door
From China's heart to Asia's plain
Hallelujah
Rise oh God with glory's flame
Oh glory, glory shine oh Lord tonight

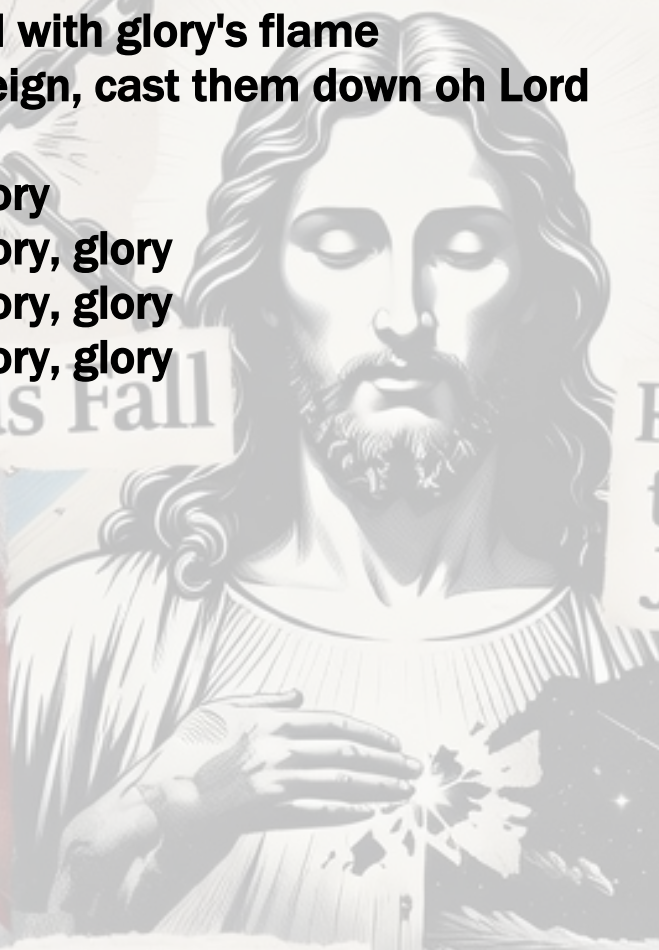

Missions God a twisted tale
Mithra's bull its rites shall fail

**Fail oh fail oh Lord of God
From ancient rites to sorcery's snare
Oh glory
Uproot their lies with holy might
Your kingdom dawns in endless light**

**Endless light
False gods fall, their power no more
Your holy light will open the door
From China's heart to Asia's plain
Hallelujah
Rise oh God with glory's flame
Oh Savior reign, cast them down oh Lord**

**Oh glory, glory
Shine oh glory, glory

Album 64 Song 4

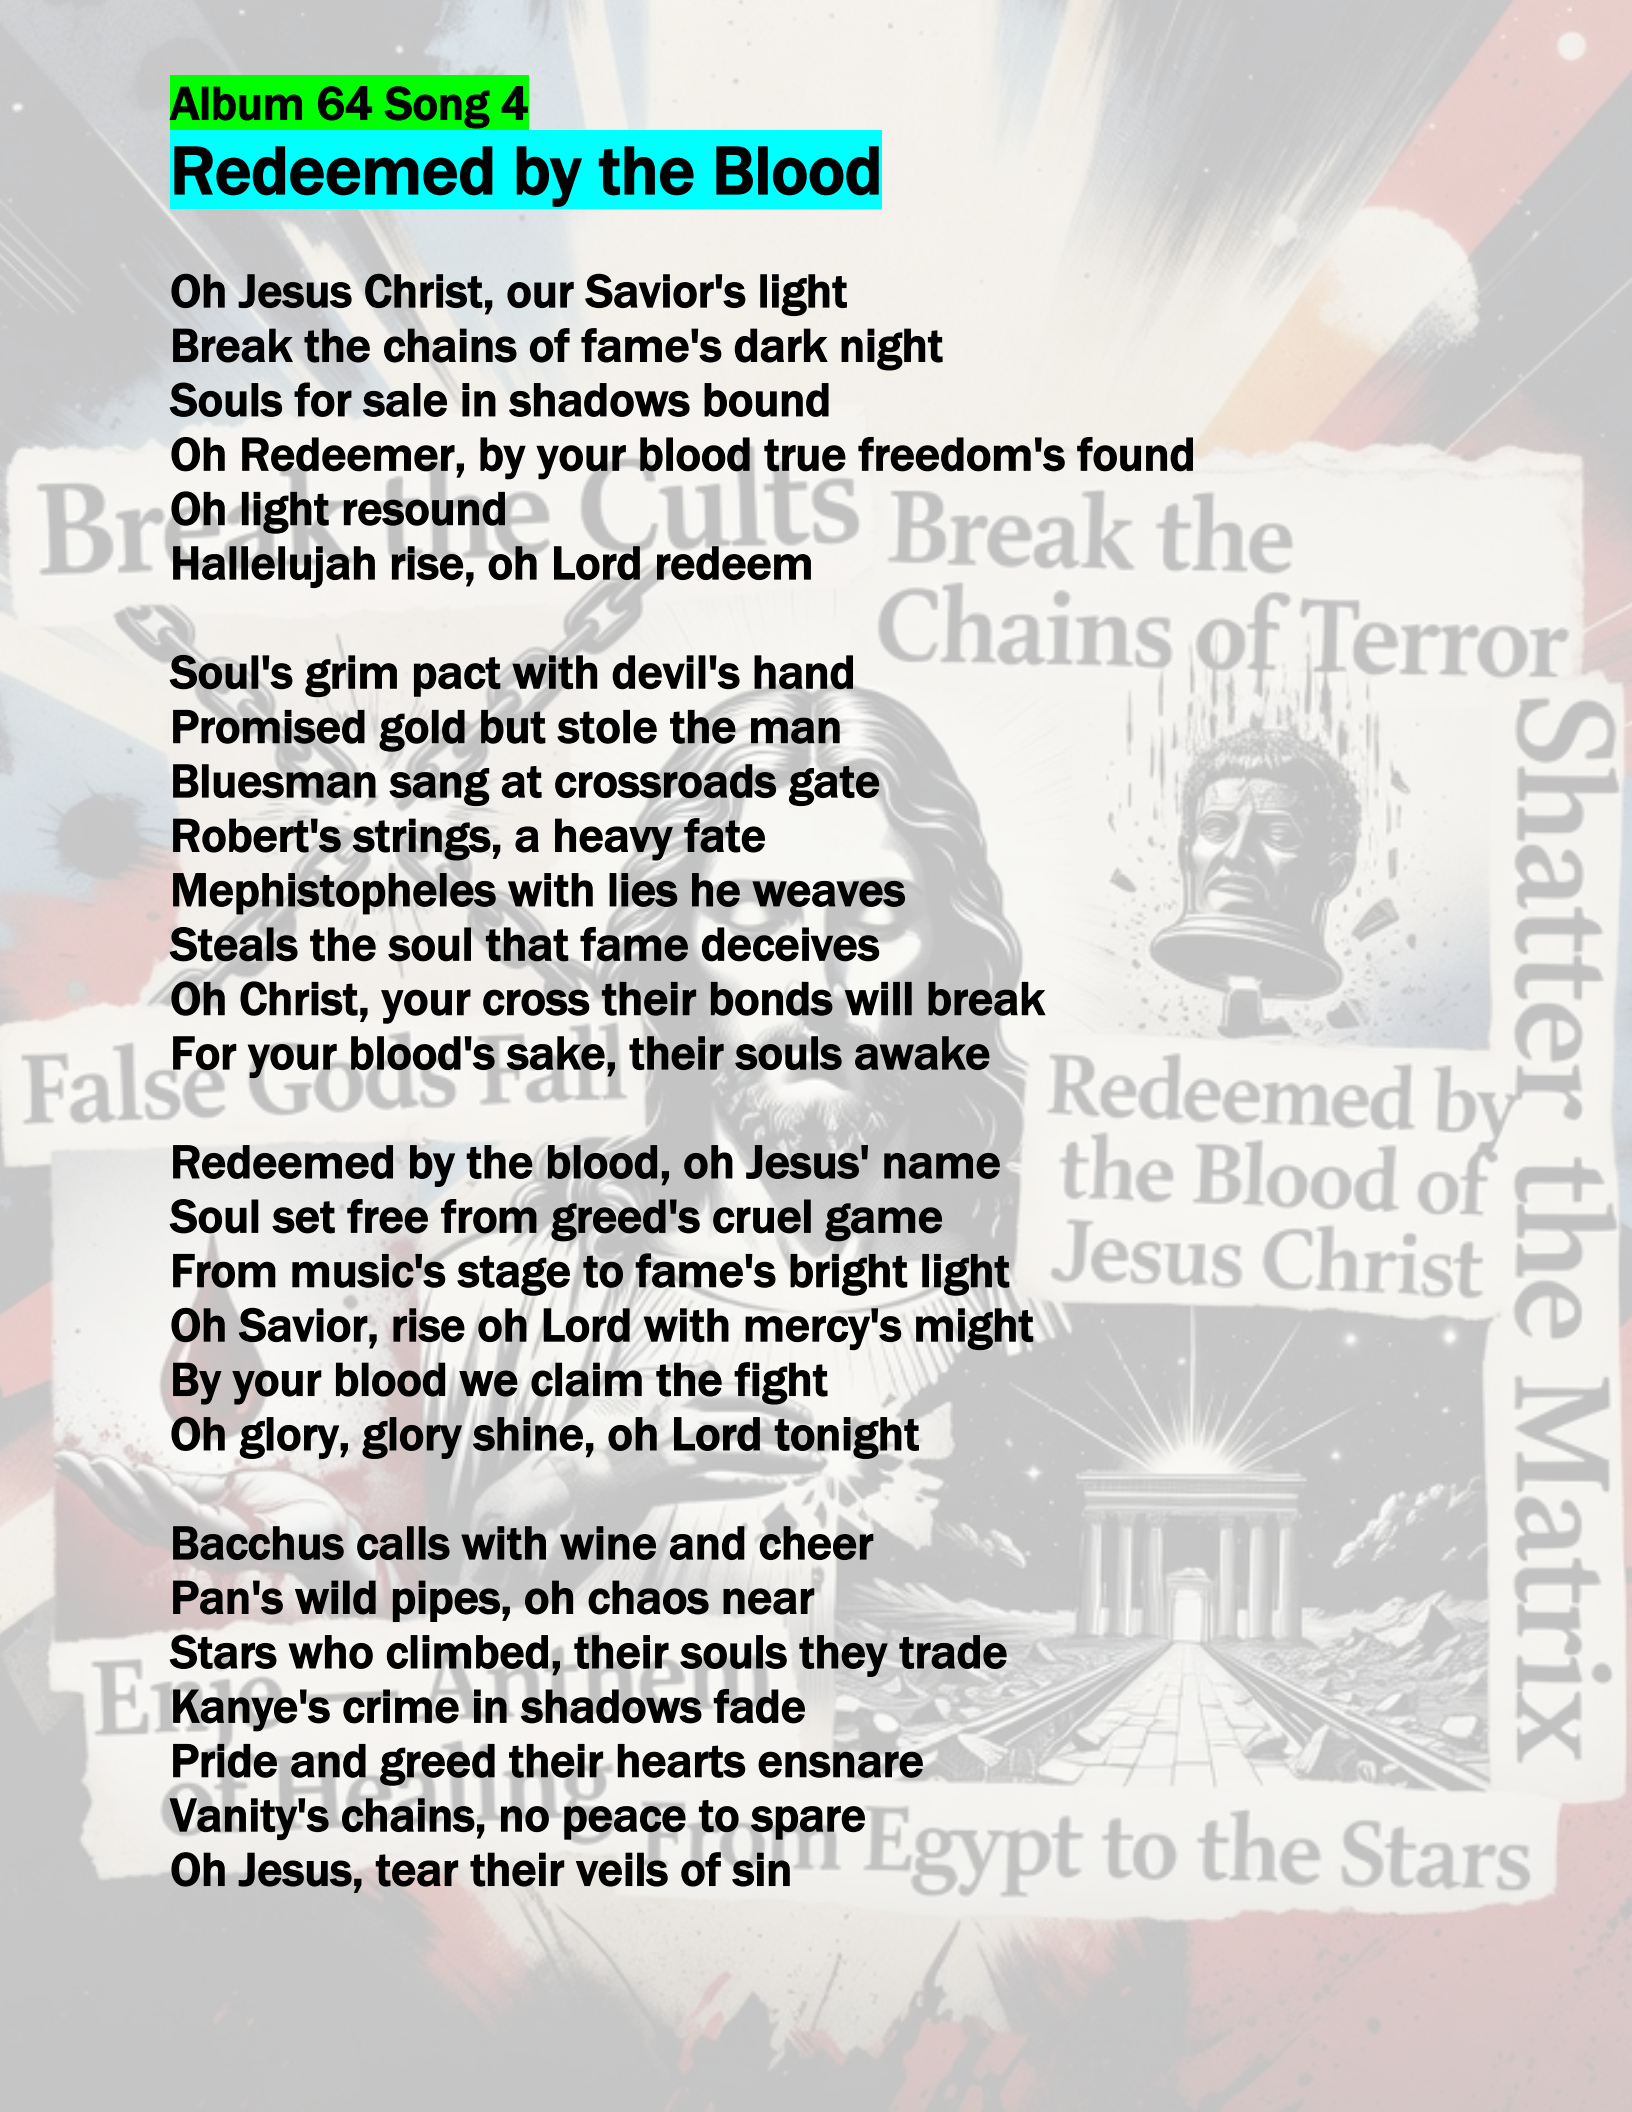

Redeemed by the Blood

Oh Jesus Christ, our Savior's light
Break the chains of fame's dark night
Souls for sale in shadows bound
Oh Redeemer, by your blood true freedom's found
Oh light resound
Hallelujah rise, oh Lord redeem

Soul's grim pact with devil's hand
Promised gold but stole the man
Bluesman sang at crossroads gate
Robert's strings, a heavy fate
Mephistopheles with lies he weaves
Steals the soul that fame deceives
Oh Christ, your cross their bonds will break
For your blood's sake, their souls awake

Redeemed by the blood, oh Jesus' name
Soul set free from greed's cruel game
From music's stage to fame's bright light
Oh Savior, rise oh Lord with mercy's might
By your blood we claim the fight
Oh glory, glory shine, oh Lord tonight

Bacchus calls with wine and cheer
Pan's wild pipes, oh chaos near
Stars who climbed, their souls they trade
Kanye's crime in shadows fade
Pride and greed their hearts ensnare
Vanity's chains, no peace to spare
Oh Jesus, tear their veils of sin

Let your spirit dwell within

**Redeemed by the blood, oh Jesus' name
Soul set free from greed's cruel game
From music's stage to fame's bright light
Oh Savior, rise oh Lord with mercy's might
By your blood we claim the fight
Oh Savior, free their souls oh Lord**

**Mephistopheles, your lies are done
Bacchus, Pan, your reign is none
Johnson's blues, still in scriptic fall
Fame's false gods, they crumble for
From crossroads dark to stage's glare
Oh everywhere, your cross will save them everywhere
Cast them out with holy fire
Raise their souls to heaven's choir**

**Redeemed by the blood, oh Jesus' name
Soul set free from greed's cruel game
From music's stage to fame's bright light
Oh Savior, rise oh Lord with mercy's might
By your blood we claim the fight
Oh holy is my God, most high
Uncensored souls from shadows fly
Oh Jesus, send for every name
All in the light of your holy flame
Oh glory, amen**

Enje — Anthem of Healing

Enje, Enje, Enje, Enje
Enje, Enje, Enje, Enje
Enje, Enje, Enje, Enje
Enje, Enje, Enje, Enje

I stood alone, my body frail
Disease struck my heart to assail
HIV shadow, cancer stain
Alzheimer's stole what thoughts could bring
Yet Jesus spoke, my blood's the cure
His wounds my healing ever sure
The Spirit broke these ancient chains
Plagues of God's no strength remains
From Egypt's Nile to Noah's rain
His cross has crushed their curse domain
One voice I raise, the Lord is he
By His blood I'm free from fear

Hallelujah Lord, oh heal my soul
Enje, Enje, Enje, Enje
Enje, Enje, Enje, Enje

Now two we sing, our hearts unite
The matrix falls beneath His might
Rheumatoid burns its fire so fierce
Rheumatoid burns its fire so fierce
Ebola's wrath, the plague of dread
Diabetes drains, leaves hope for dead
The curse is bound, we both decree
By Jesus' name, we're set free

**Enje, Enje, Enje, Enje
Enje, Enje, Enje, Enje**

**Hebe's blood, sick meds grow sore
Their rebel hearts afflict no more
Sickle cells, their twisted pain
Dissolve in Christ's redeeming rain
We lift our song, the shadows flee
His Spirit breaks their dark decree
Cystic breath once choked by strife
Now sings with everlasting life
From Moses' plagues to modern war
His word records what's in its store
Two voices join, the earth renewed
By His blood all ills subdued
No more despair, no more to roam
In Christ we find our heavenly home**

**Enje, Enje, Enje, Enje
Enje, Enje, Enje, Enje**

**Saviour, break the chains
Hallelujah Lord**

**Three voices rise in sacred song
The matrix breaks, its reign not long
MS, its chaos binds the strife
Falls before the Saviour's tide
Tumors grow, their shadows spread
Yet shrink beneath His holy thread
By His stripes we three proclaim
Diseases flee in Jesus' name
Labs of greed, their lies undone**

**Break the

Shatter the Matrix

from Egypt to the Stars

**Crumble now, the battle won
A river's stain washed away
By mercy's rain
Cancer's claws, a fleeting fight
Vanquished in His radiant light
Alzheimer's fog, a mind's dark veil
Lifts where Christ's own truth prevails
Run knots, their powers fade
Their plagues no more, their gods dismayed
We sing as one, the curse erased
The Spirit moves, the night displaced**

**Enje, Enje, Enje, Enje
Enje, Enje, Enje, Enje**

**Sickness and name, its home is through
Earth's restored, the skies are blue
Peace to all, our anthem rings
Jesus reigns, our sovereign King
From Pharaoh's fall to Noah's flood
Freedom flows through holy blood
Joyful hearts no longer fray
By His grace we shall prevail
The tree of life in glory blooms
Healing light where once was gloom
Three voices shout, the war is done
The Father, Spirit, Holy Son**

Shatter the Matrix

Album 64 Song 6

From Egypt to the Stars

In darkness deep where Kek's void dwells
My soul was bound by chaos spells
Pyramids loomed with dead souls' cry
Sobek's jaws held life awry
Yet Jesus shone His blood the key
To break the matrix set me free
The spirit moved the veil was torn
Wickedness fled morn by morn

From Egypt's stones to starlit skies
His cross defeats the ancient lies
One voice I lift O Christ arise
Pierce the dark with heaven's eyes
Hallelujah Lord
Shatter the void

Now to we sing our hearts aligned
Christ's light dissolves the Mage's design
Kek's shadow stirs a chaotic scene
Sobek's power binds eternity
Anubis traps the souls that roam
Horus claims a false king's throne
The curse is broken we both declare
By Jesus' blood the heavens flare

Pyramids quake their secrets spill
Dead energy bows to His will
Incarnation's chains no more to bind
Reincarnation's lies left behind

Break the Chains of Terror

Enjo - Anthem

From Egypt to the Stars

**We raise our song the darkness flees
The cornerstone sets captives free
Thus wisdom fades a fleeting dream
Ammit's jaws break in His beam
From Duat's depths to high places reign
Christ's truth uproots their wicked gain**

**Two voices soar the earth's reborn
By His spirit the night is torn
No more to wander no more to stray
His kingdom dawns this holy day
O Glory Savior pierce the skies
Hallelujah Medas**

**Three voices blend in sacred might
The matrix falls before His light
Kek's chaos weaves a shadowed snare
Sobek's strength a false repair
Anubis guards the dead's dark gate
Horus falters his crown too late
By His cross we three proclaim
Wickedness burns in Jesus' name
Pyramids' power their stones decay
Dead souls rise to His bright day
False scrolls fade their lies undone
Ammit's terror forever shun
High places' rulers their thrones collapse
Fallen angels bound in His grasp
Incarnation's cycles now they cease
Reincarnation's grief released
We sing as one the veil is rent
The spirit's fire from heaven sent
From Giza's sands to cosmic skies
Christ's victory echoes never dies**

Shatter the Matrix

Egypt to the Stars

Dead energies no more to roam
His spirit calls the lost ones home
Peace to earth where anthems flow
Jesus reigns well now grow
From Pharaoh's pride to Mem's dark guest
His truth prevails the world is blessed
Joyful souls no longer bound
In Christ's embrace true life is found
The matrix shattered its power gone
The Lamb of God forever strong
Three voices shout the battle's won
The Father Spirit Holy Son
Proclaim the earth forever free
From darkness' chains eternally
O Jesus reign Your glory shine
Hallelujah break the confine

Shatter the Matrix

Album 64 Song 7

Shatter the Matrix

In shadows deep, the matrix binds
Anomalies twist the heart and mind
Yaldabaoth's chaos, Scarlet's flame
SCP's veil hides a world of shame

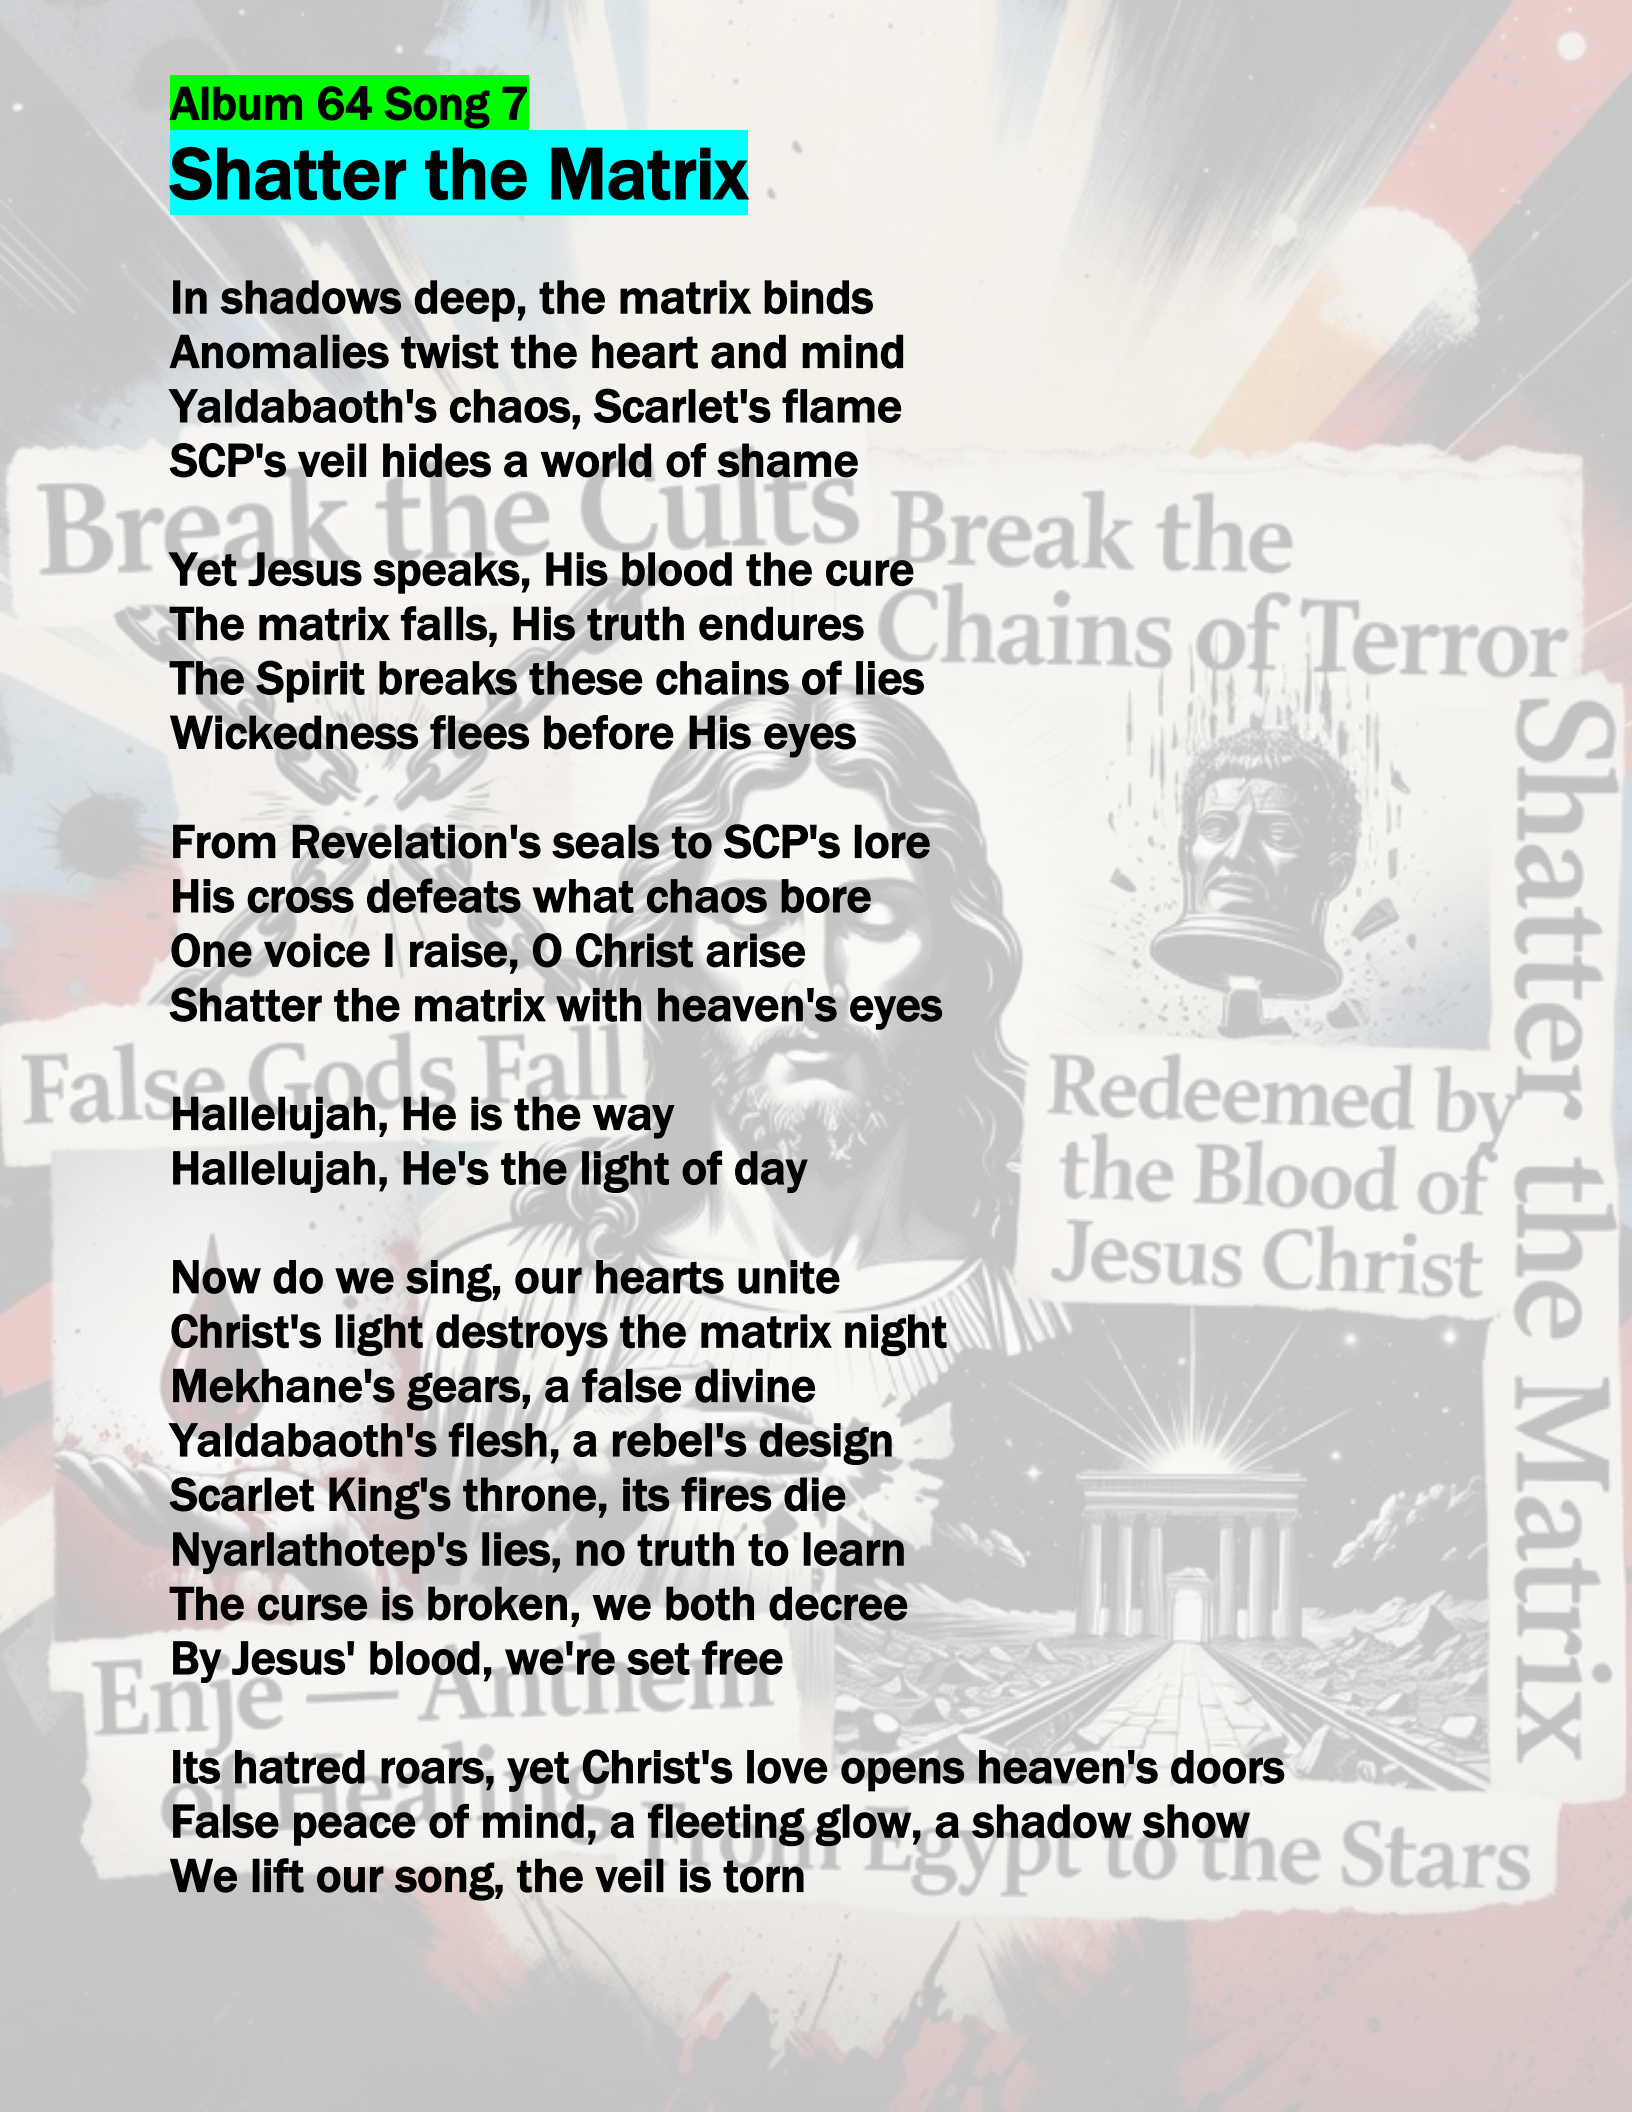

Yet Jesus speaks, His blood the cure
The matrix falls, His truth endures
The Spirit breaks these chains of lies
Wickedness flees before His eyes

From Revelation's seals to SCP's lore
His cross defeats what chaos bore
One voice I raise, O Christ arise
Shatter the matrix with heaven's eyes

Hallelujah, He is the way
Hallelujah, He's the light of day

Now do we sing, our hearts unite
Christ's light destroys the matrix night
Mekhane's gears, a false divine
Yaldabaoth's flesh, a rebel's design
Scarlet King's throne, its fires die
Nyarlathep's lies, no truth to learn
The curse is broken, we both decree
By Jesus' blood, we're set free

Its hatred roars, yet Christ's love opens heaven's doors
False peace of mind, a fleeting glow, a shadow show
We lift our song, the veil is torn

**The cornerstone where hope is born
From 005's throne to Sarkic rite
His Spirit casts them into night
Containment fails, their powers fade**

**Three voices rise in holy might
The matrix falls before His light
Mekhane's order, a broken dream
Yaldabaoth's chaos, a fleeting scheme
Scarlet King's throne, its fires die
Nyarlathep's deceit, a shattered lie
By His cross, we three proclaim
Powers flee in Jesus' name
Its rage undone, Christ's love prevails
The battle won, false joy of mind
No truth to hold, His gaze eternal told
High places' rulers, their claims collide
Principalities bow in His holy glide
Rituals fade, their altars break
The Spirit moves for heaven's sake
From seals to bowls, His judgment flows
The matrix crumbles, His glory grows
We sing as one, the chains are gone
The Lamb's own light outshines the dawn
O Jesus reign, Your glory shines
Hallelujah, break the confines**
