Album 50 - Truth Shall Rise

Album 50 Song 1

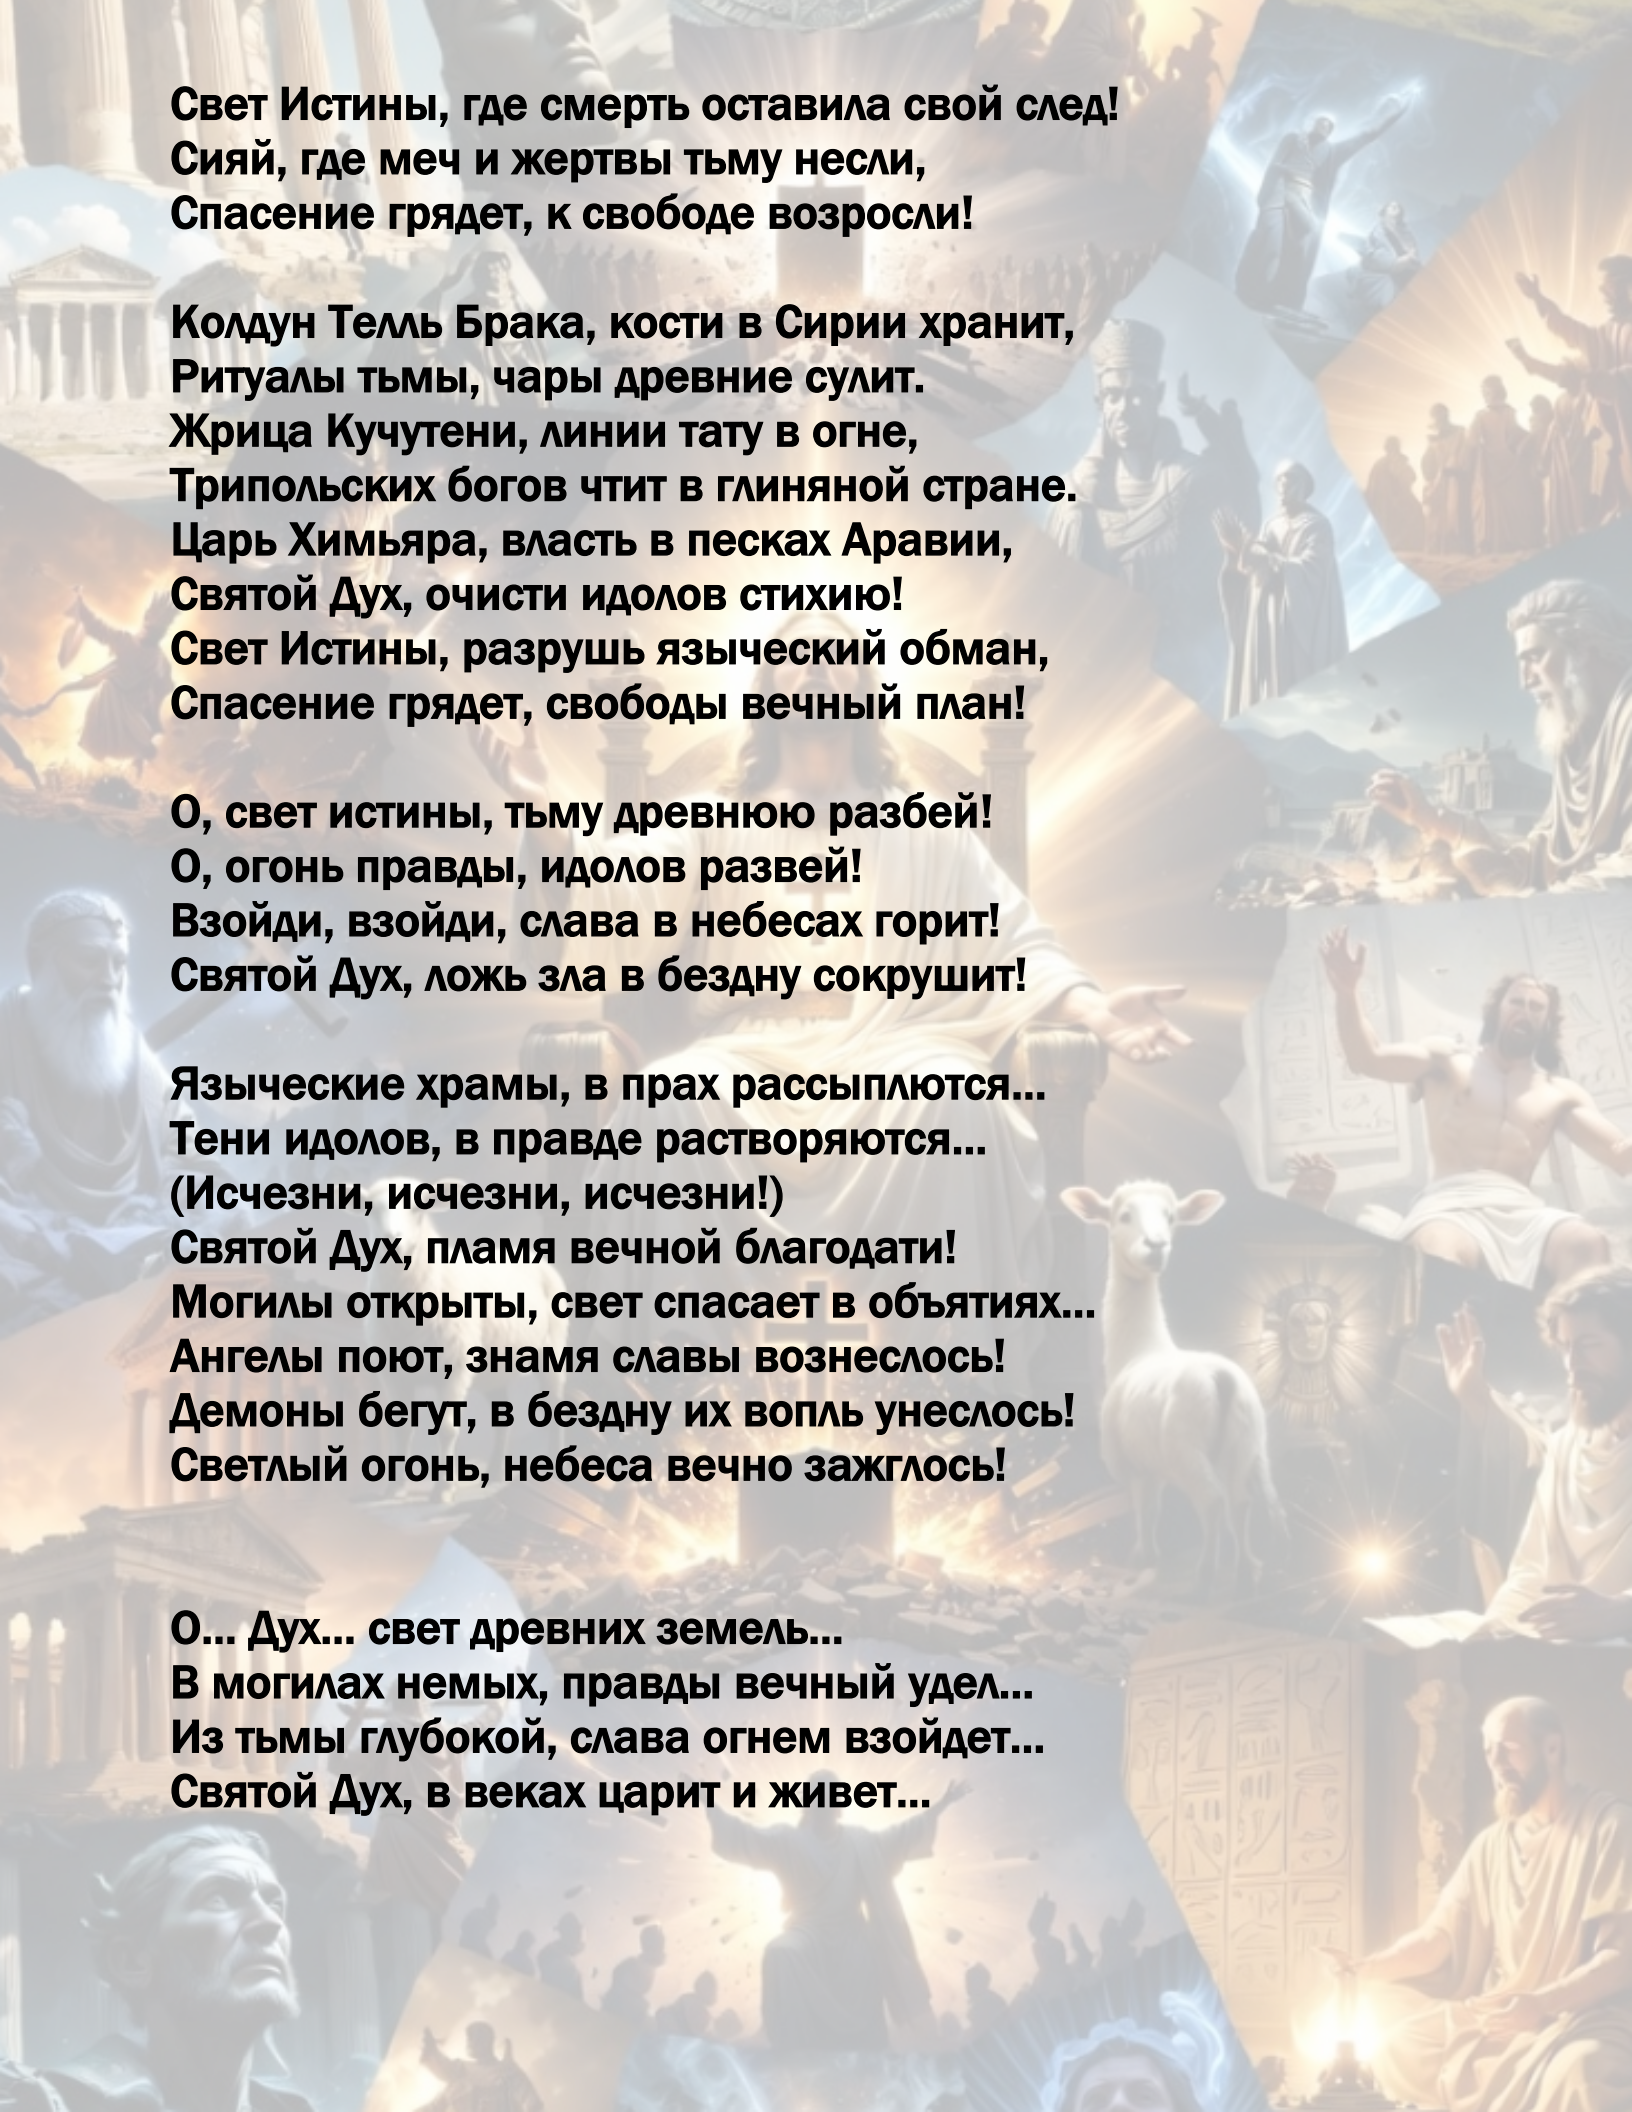

Свет истины и спасение душ

О, свет истины, тьму древнюю разбей!
О, огонь правды, идолов развей!
Взойди, взойди, слава в небесах горит!
Святой Дух, ложь зла в бездну сокрушит!

У Байкала, Татуированный Шаман в земле,
Спирали на руках, духов зовет во мгле.
В Лапа до Санто, Ведьма с колом в груди,
Палеоиндейский страх, чары в пещере спят.
Святой Дух, разбей заклатья темных сил,
Свет Истины, пустыни в рай преобразил!
Сияй, где тьма держала души в плен,
Спасение грядет, возродит новый день!

Царица Шеба, золото в песках Марыба,
Гордость Сабы, власть над миром держала.
Жертва Маркиз, волны тату на ногах,
Раздавленный в золе, вождей обряд в веках.
Святой Дух, сокруши гордыню царских тронов,
Свет Истины, спаси от жертв кровавых стонов!
Взойди, где кровь и пепел тьму слагали,
Спасение грядет, где души умирали!

Жертва Джомон, горло в Хоккайдо разрезали,
Ритуал древний, духи кровь призывали.
Воин Вестготов, меч в Испании хранит,
Завоеваний след, в земле его гранит.
Святой Дух, исцели от ран кровавых лет,

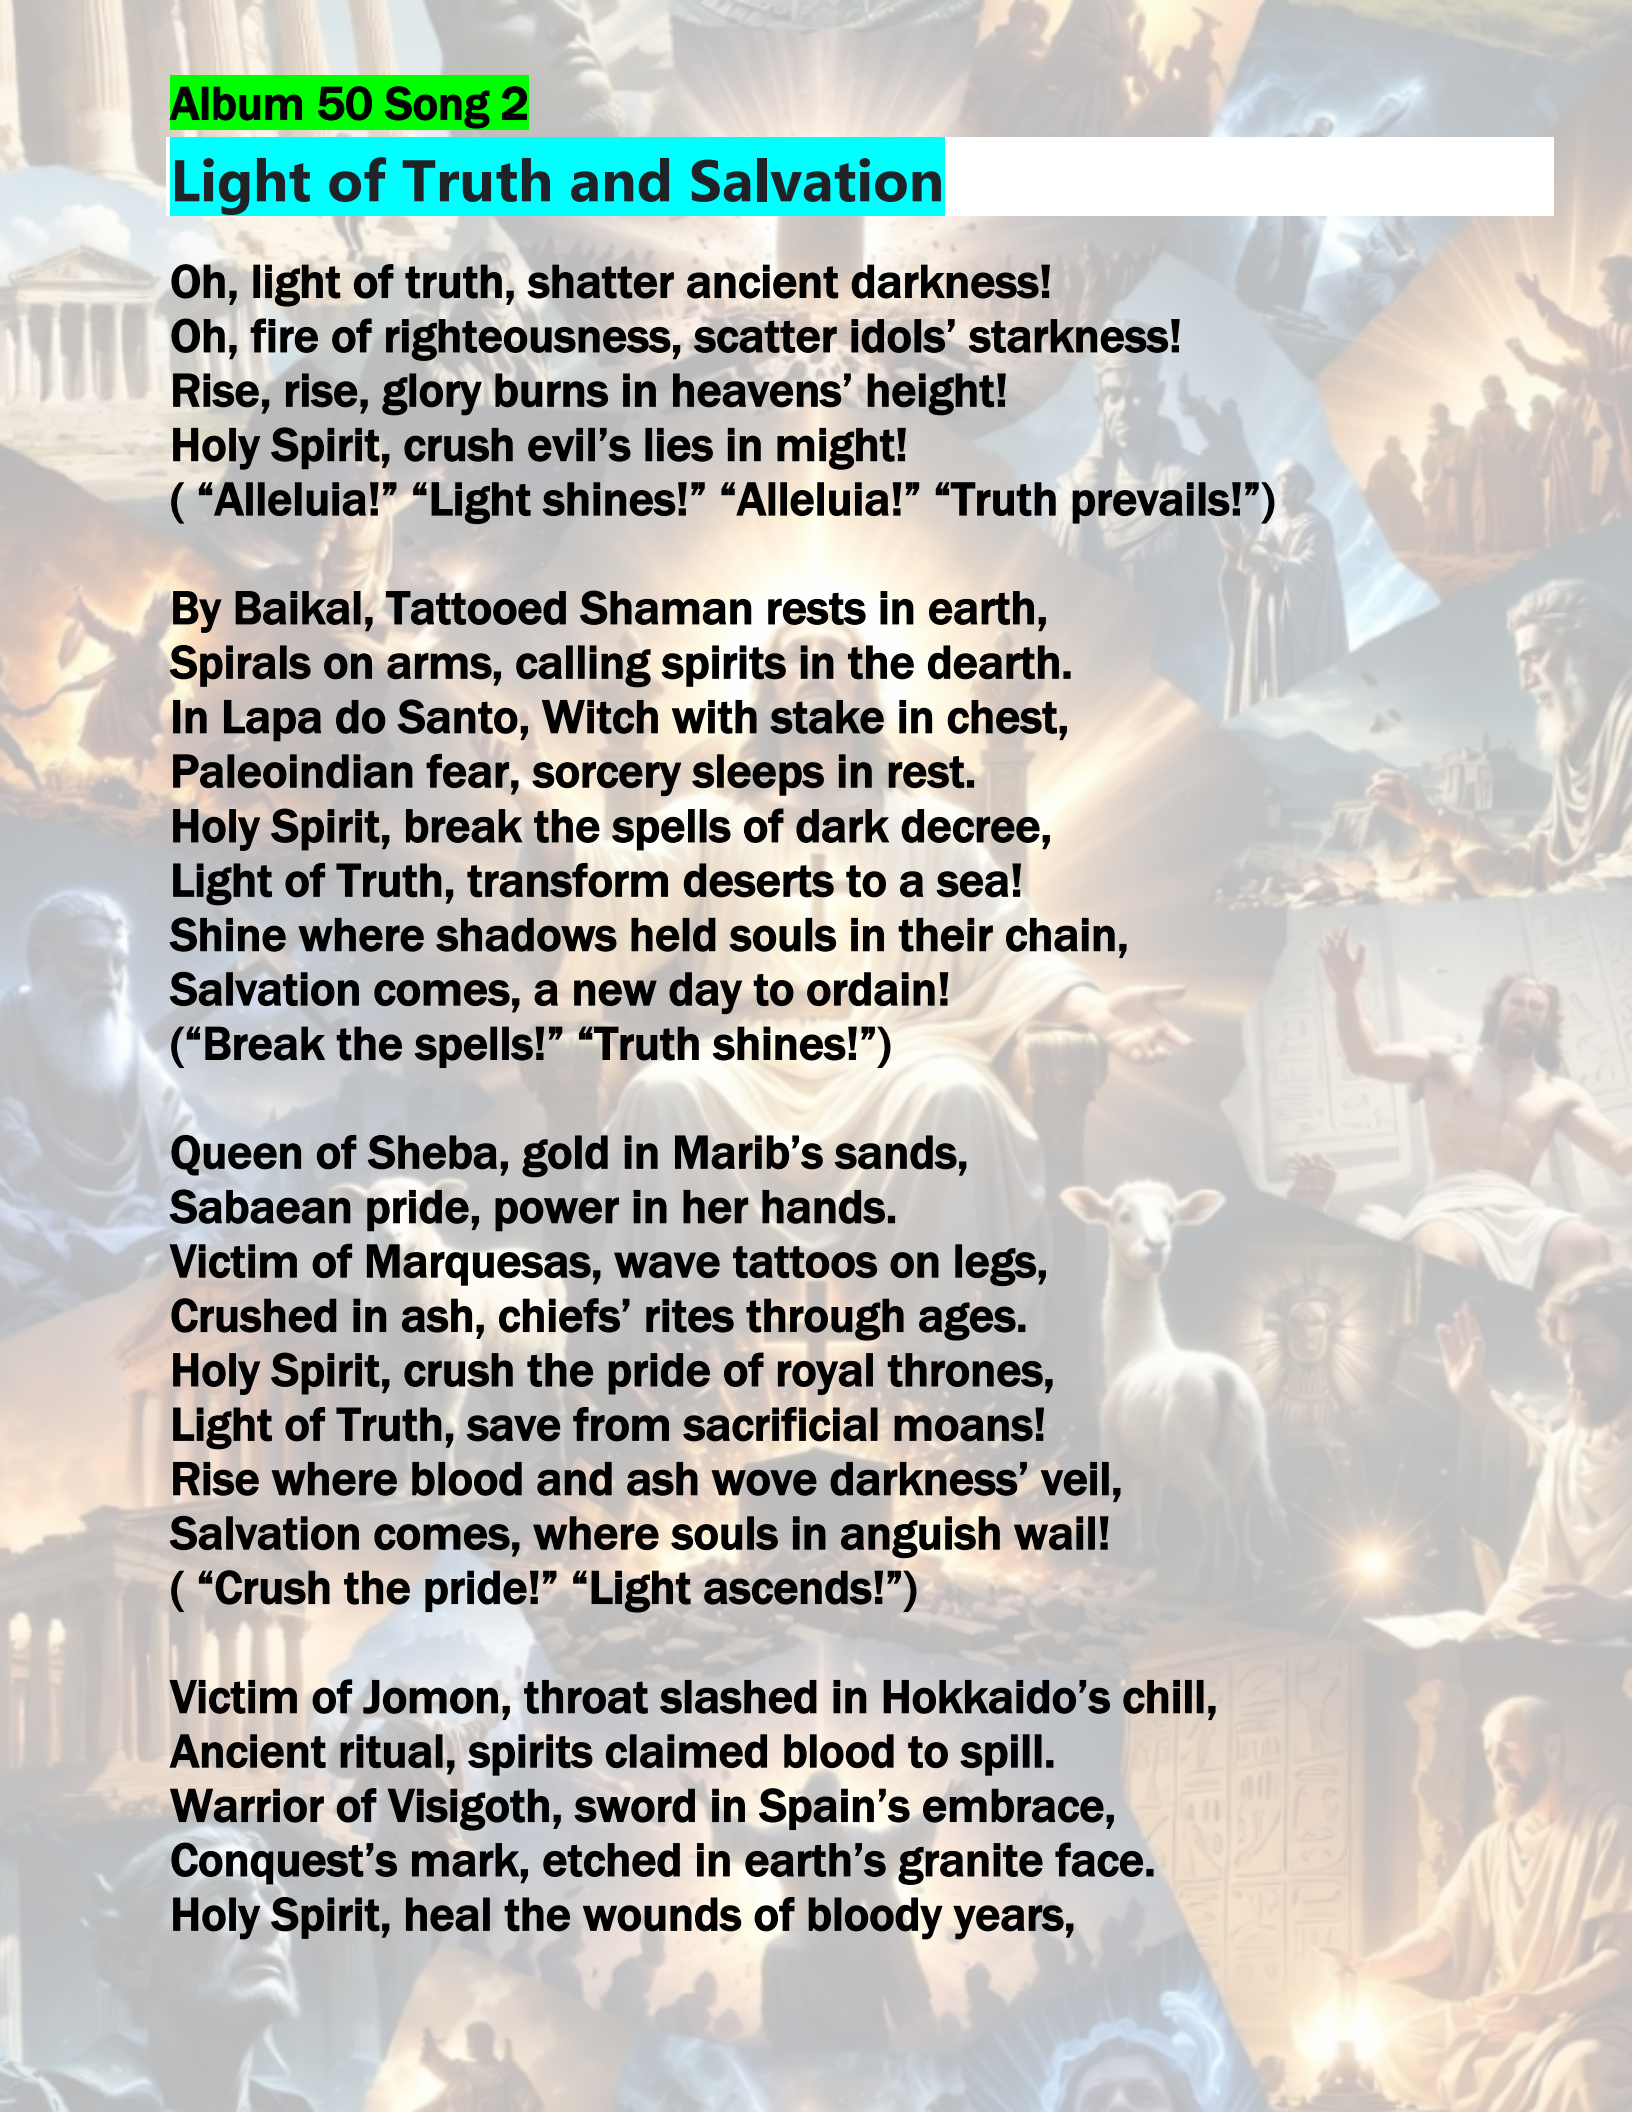

**Свет Истины, где смерть оставила свой след!
Сияй, где меч и жертвы тьму несли,
Спасение грядет, к свободе возросли!**

**Колдун Тель Брака, кости в Сирии хранит,
Ритуалы тьмы, чары древние сулит.
Жрица Кучутени, линии тату в огне,
Трипольских богов чтит в глиняной стране.
Царь Химьяра, власть в песках Аравии,
Святой Дух, очисти идолов стихию!
Свет Истины, разрушь языческий обман,
Спасение грядет, свободы вечный план!**

**О, свет истины, тьму древнюю разбей!
О, огонь правды, идолов развей!
Взойди, взойди, слава в небесах горит!
Святой Дух, ложь зла в бездну сокрушит!**

**Языческие храмы, в прах рассыплются...
Тени идолов, в правде растворяются...
(Исчезни, исчезни, исчезни!)
Святой Дух, пламя вечной благодати!
Могилы открыты, свет спасает в объятиях...
Ангелы поют, знамя славы вознеслось!
Демоны бегут, в бездну их вопль унеслось!
Светлый огонь, небеса вечно зажглось!**

**О... Дух... свет древних земель...
В могилах немых, правды вечный удел...
Из тьмы глубокой, слава огнем взойдет...
Святой Дух, в веках царит и живет...**

Album 50 Song 2

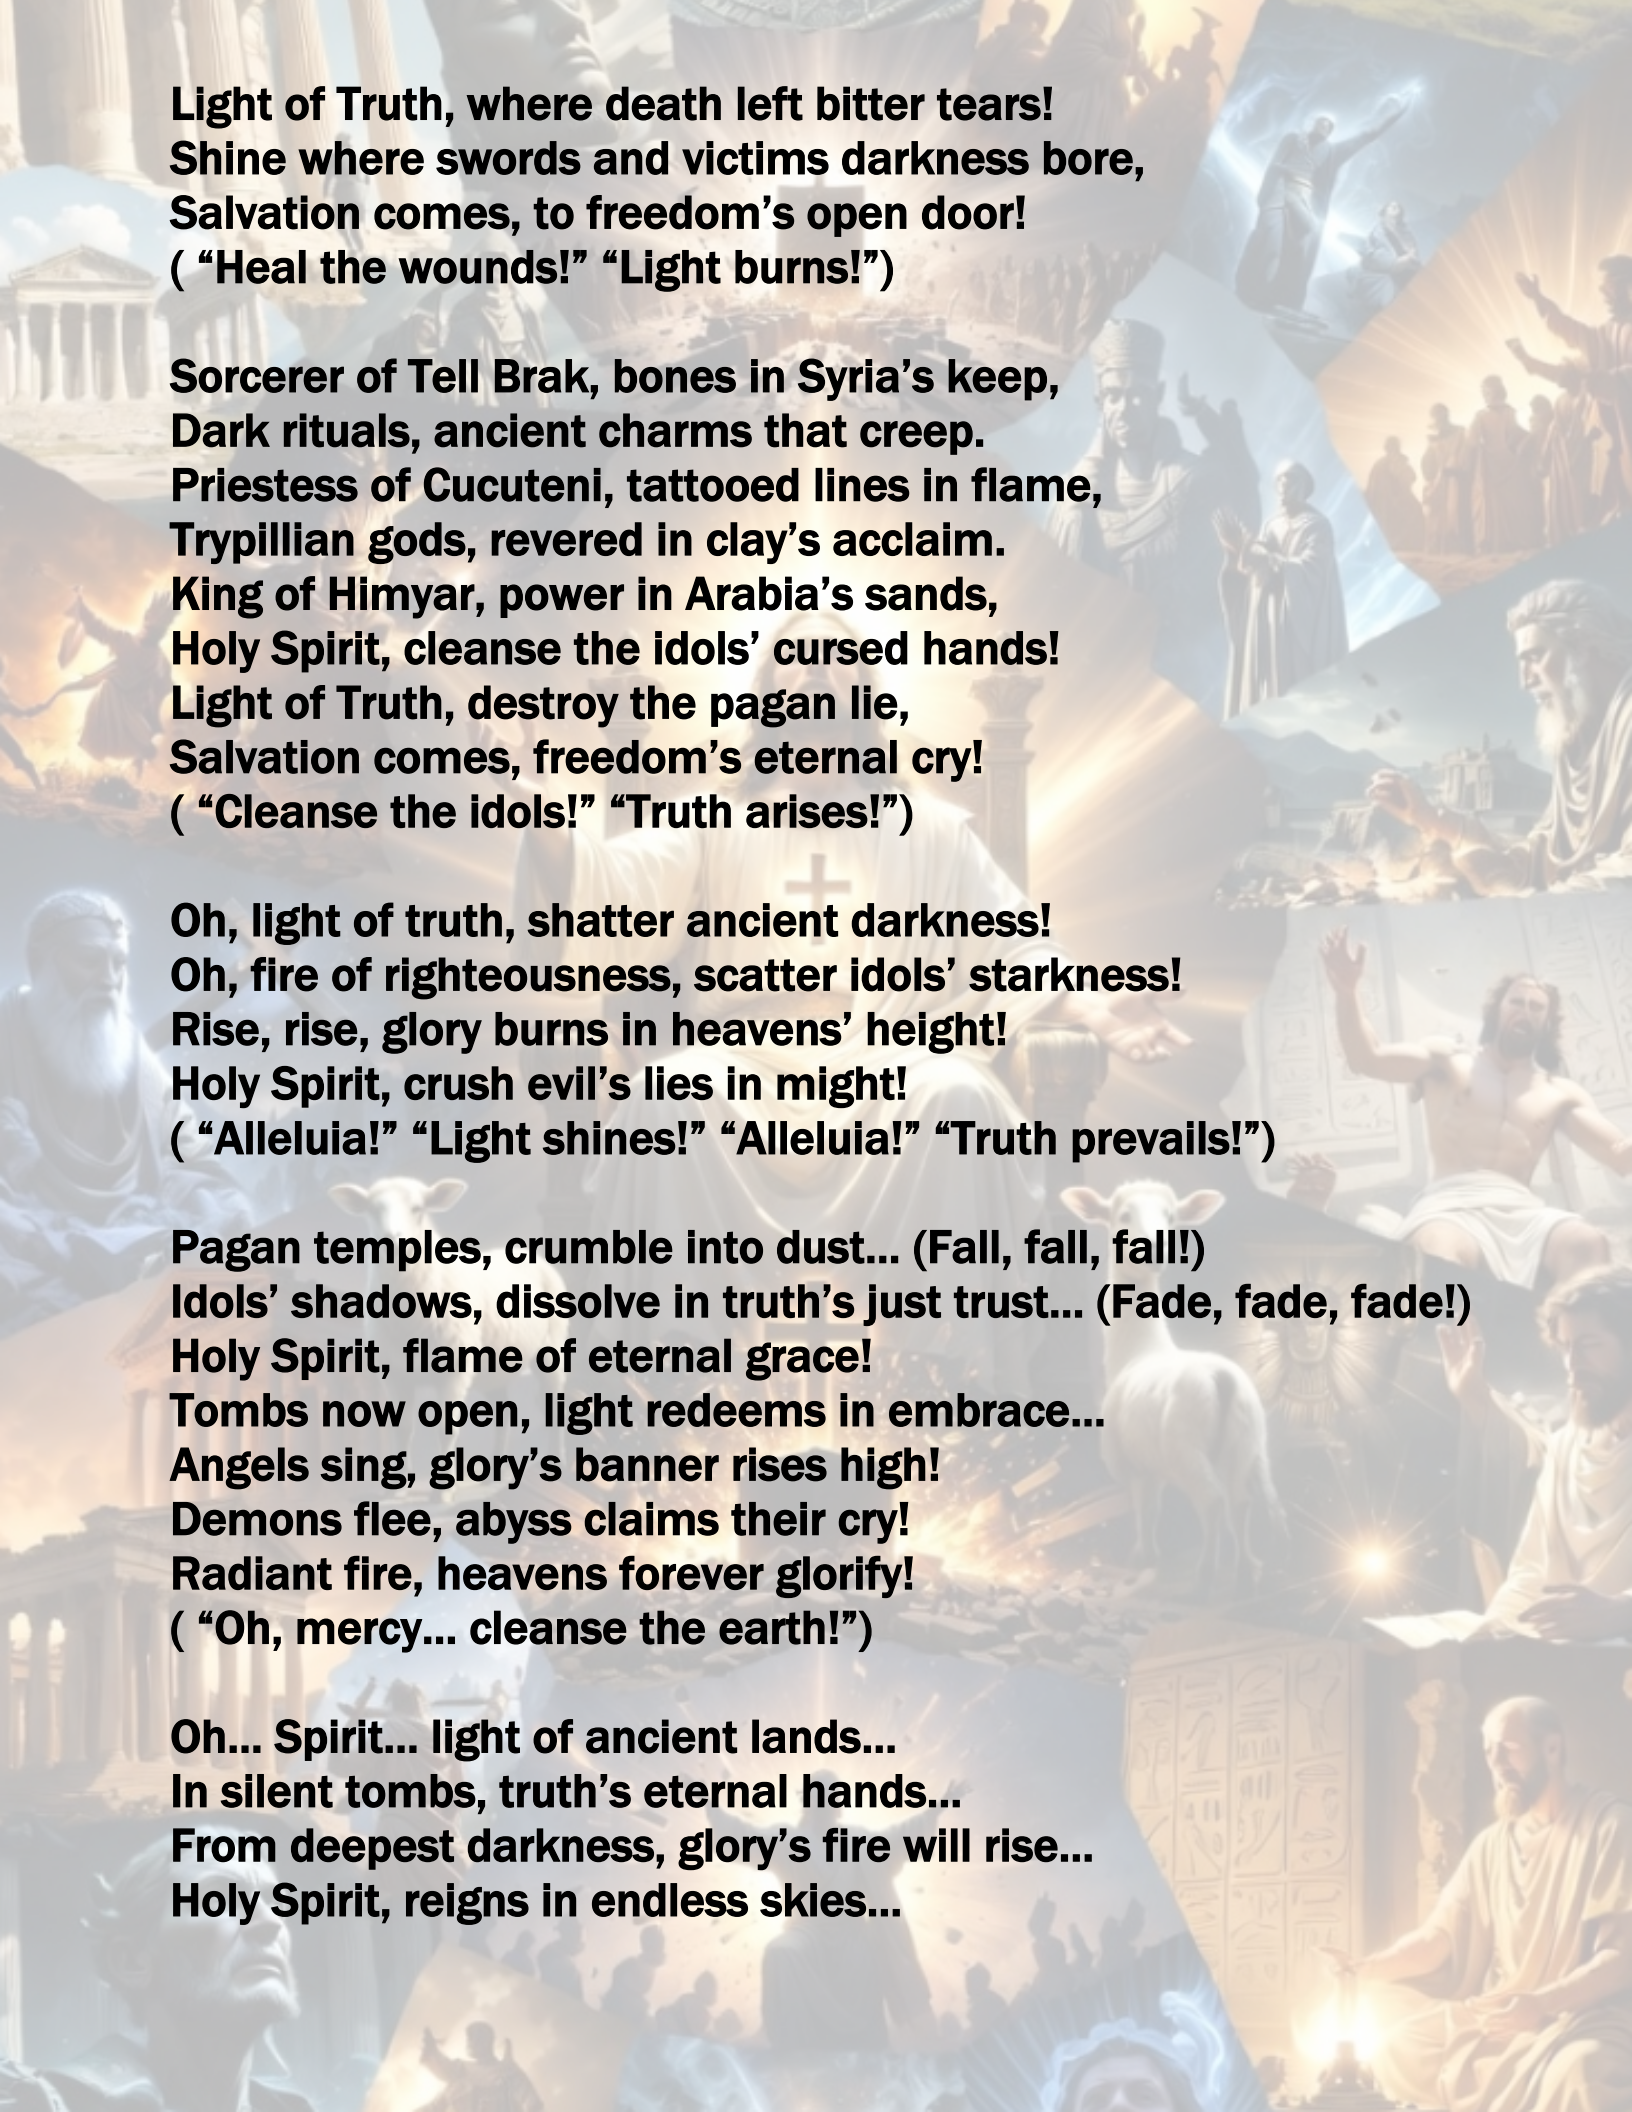

Light of Truth and Salvation

**Oh, light of truth, shatter ancient darkness!
Oh, fire of righteousness, scatter idols' starkness!
Rise, rise, glory burns in heavens' height!
Holy Spirit, crush evil's lies in might!
("Alleluia!" "Light shines!" "Alleluia!" "Truth prevails!")**

**By Baikal, Tattooed Shaman rests in earth,
Spirals on arms, calling spirits in the dearth.
In Lapa do Santo, Witch with stake in chest,
Paleoindian fear, sorcery sleeps in rest.
Holy Spirit, break the spells of dark decree,
Light of Truth, transform deserts to a sea!
Shine where shadows held souls in their chain,
Salvation comes, a new day to ordain!
("Break the spells!" "Truth shines!")**

**Queen of Sheba, gold in Marib's sands,
Sabaeen pride, power in her hands.
Victim of Marquesas, wave tattoos on legs,
Crushed in ash, chiefs' rites through ages.
Holy Spirit, crush the pride of royal thrones,
Light of Truth, save from sacrificial moans!
Rise where blood and ash wove darkness' veil,
Salvation comes, where souls in anguish wail!
("Crush the pride!" "Light ascends!")**

**Victim of Jomon, throat slashed in Hokkaido's chill,
Ancient ritual, spirits claimed blood to spill.
Warrior of Visigoth, sword in Spain's embrace,
Conquest's mark, etched in earth's granite face.
Holy Spirit, heal the wounds of bloody years,**

**Light of Truth, where death left bitter tears!
Shine where swords and victims darkness bore,
Salvation comes, to freedom's open door!
("Heal the wounds!" "Light burns!")**

**Sorcerer of Tell Brak, bones in Syria's keep,
Dark rituals, ancient charms that creep.
Priestess of Cucuteni, tattooed lines in flame,
Trypillian gods, revered in clay's acclaim.
King of Himyar, power in Arabia's sands,
Holy Spirit, cleanse the idols' cursed hands!
Light of Truth, destroy the pagan lie,
Salvation comes, freedom's eternal cry!
("Cleanse the idols!" "Truth arises!")**

**Oh, light of truth, shatter ancient darkness!
Oh, fire of righteousness, scatter idols' starkness!
Rise, rise, glory burns in heavens' height!
Holy Spirit, crush evil's lies in might!
("Alleluia!" "Light shines!" "Alleluia!" "Truth prevails!")**

**Pagan temples, crumble into dust... (Fall, fall, fall!)
Idols' shadows, dissolve in truth's just trust... (Fade, fade, fade!)
Holy Spirit, flame of eternal grace!
Tombs now open, light redeems in embrace...
Angels sing, glory's banner rises high!
Demons flee, abyss claims their cry!
Radiant fire, heavens forever glorify!
("Oh, mercy... cleanse the earth!")**

**Oh... Spirit... light of ancient lands...
In silent tombs, truth's eternal hands...
From deepest darkness, glory's fire will rise...
Holy Spirit, reigns in endless skies...**

Album 50 Song 3

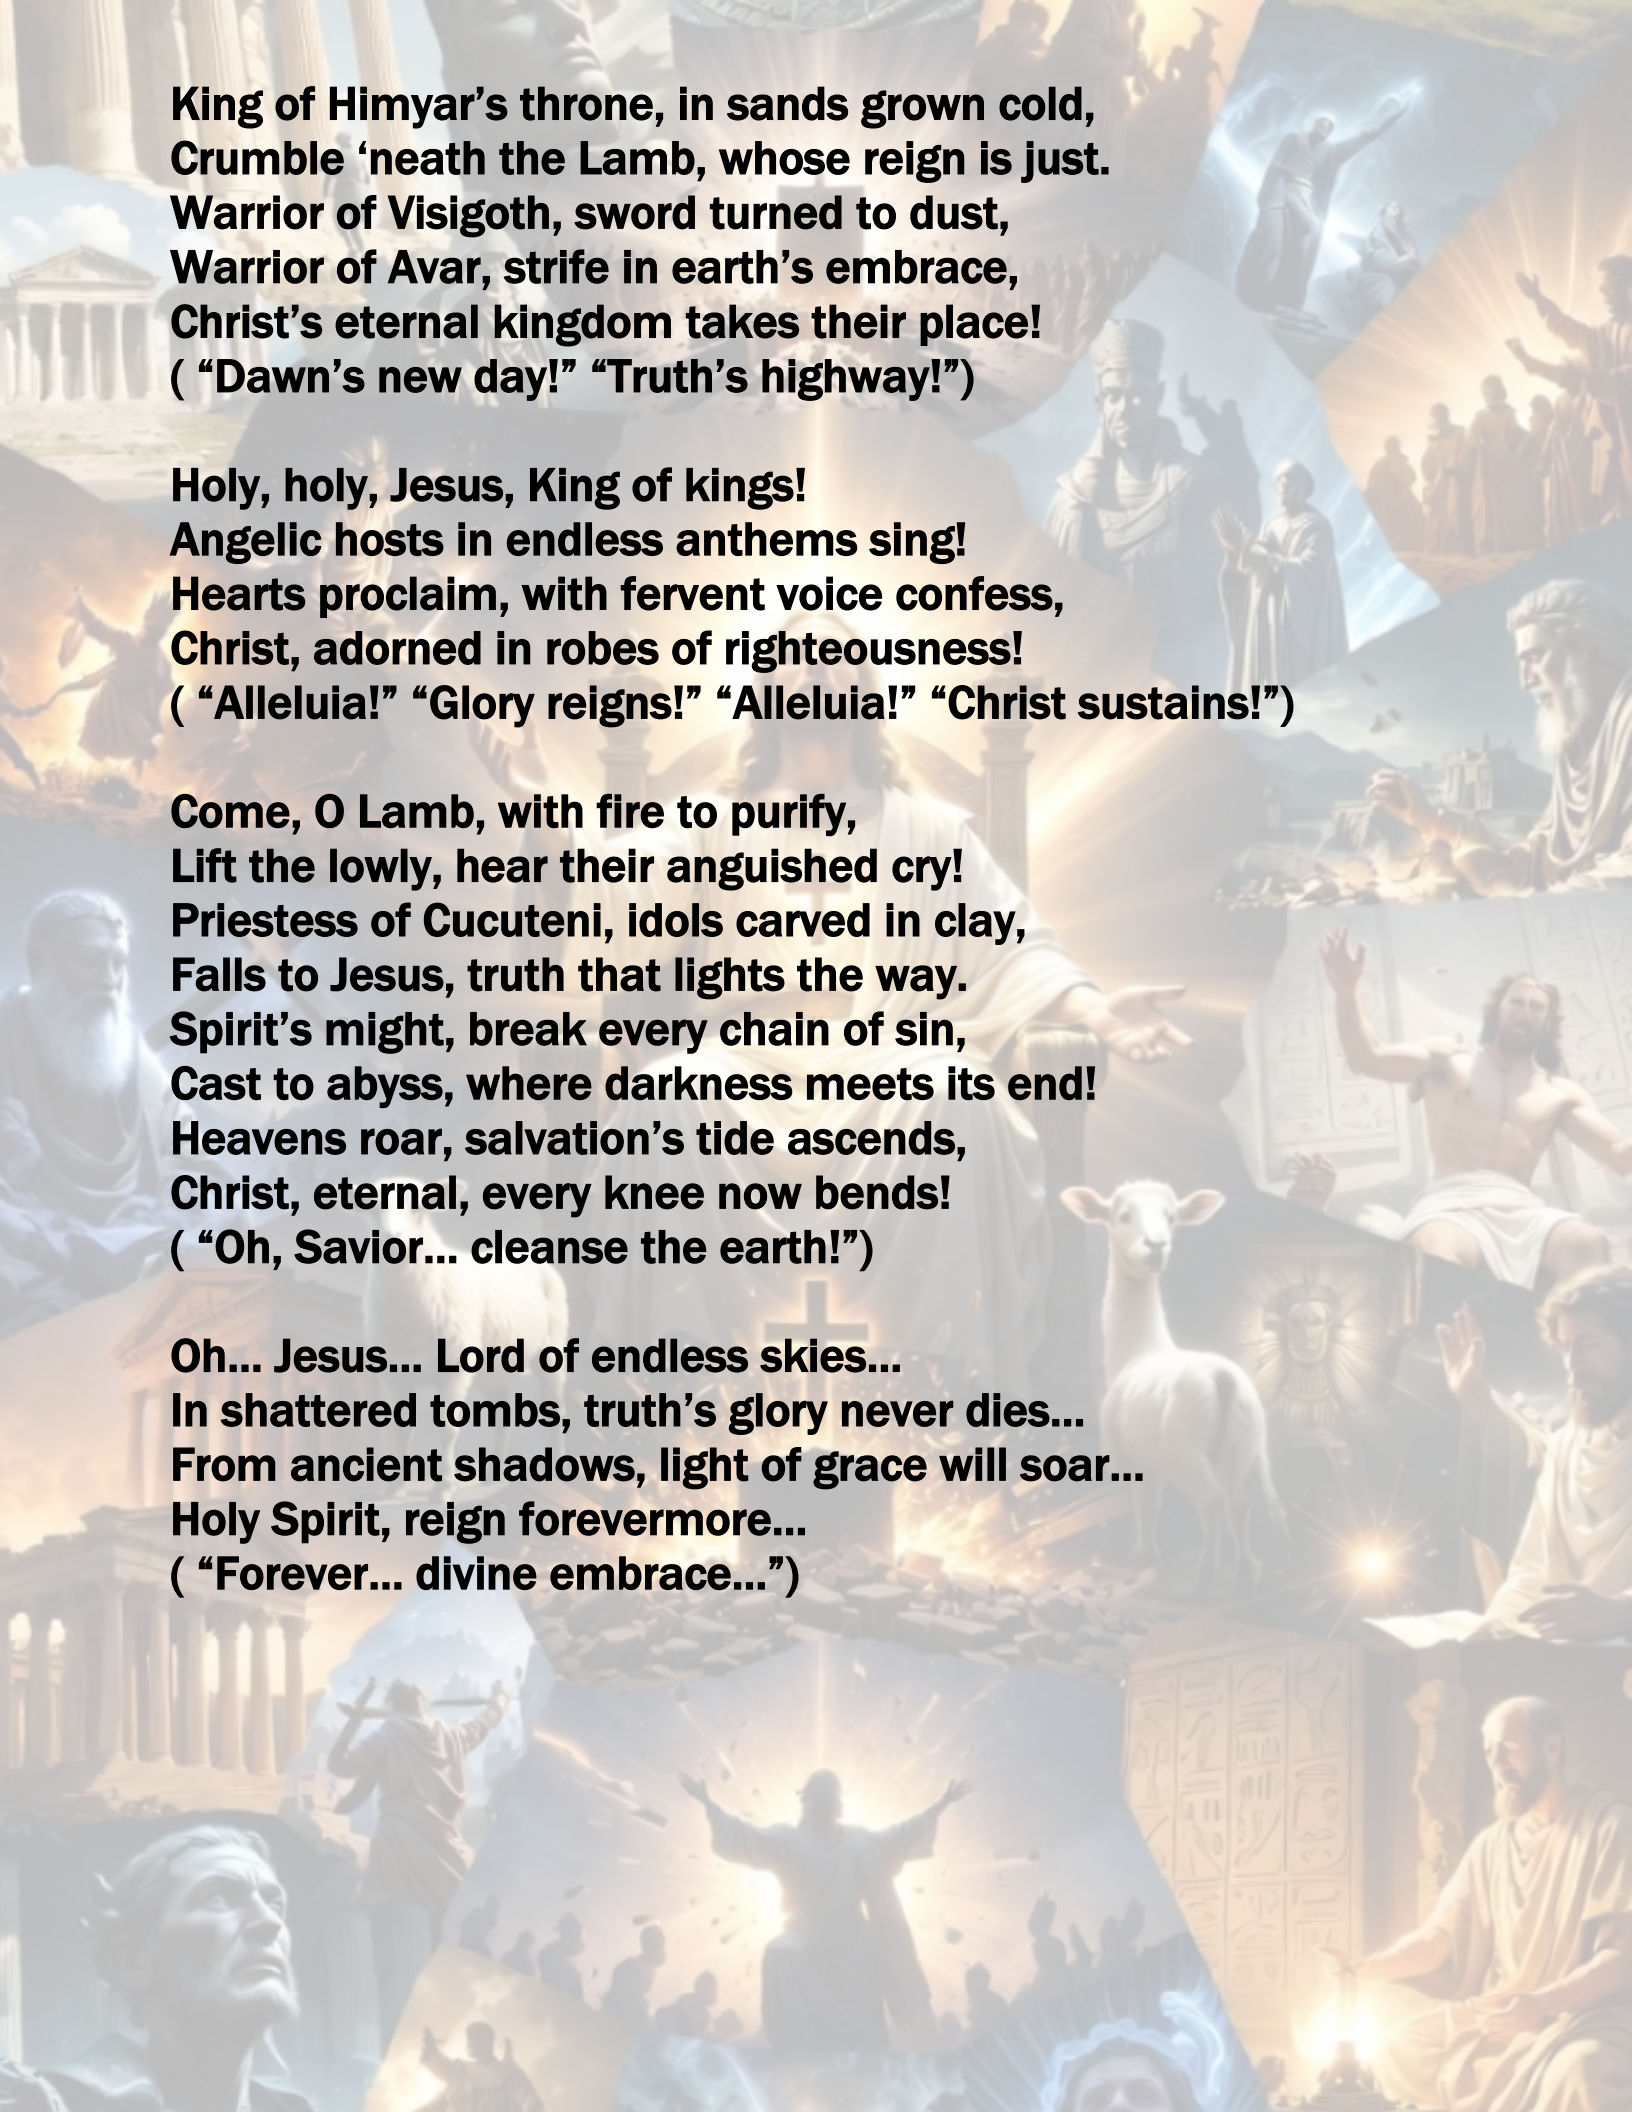

Jesus Sovereign of the Skies

**Holy, holy, Jesus, King of kings!
Angelic hosts in endless anthems sing!
Hearts proclaim, with fervent voice confess,
Christ, adorned in robes of righteousness!
(Call-and-Response: Choir: "Alleluia!" Lead: "Glory reigns!" Choir:
"Alleluia!" Lead: "Christ sustains!")**

**Jesus, Lord of heaven's boundless throne,
Crowned with cosmic light, eternal, known,
Stars and galaxies at Your word align,
Godhead sovereign, radiant, divine.
Tattooed Shaman's chants, in Baikal's gloom,
Witch of Lapa's spells, sealed in cave's tomb,
Bow to Christ, whose voice breaks occult chains,
Sovereign glory, where no darkness reigns!
("Crown of light!" "Truth shines bright!")**

**From pierced hands, redemption's river flows,
Grace cascades where broken hearts repose.
Victim of Jomon, blood in Hokkaido's frost,
Tattooed Victim of Marquesas, life's cruel cost,
Jesus mends each wound with tender care,
Living love, eternal, beyond compare.
Sorcerer of Tell Brak, rites in desert's shade,
Falls to Christ, whose mercy never fades!
("Healing stream!" "Grace redeems!")**

**Jesus, robed in dawn's unyielding flame,
Light of truth, no shadow dares to claim.
Queen of Sheba's pride, in Marib's gold,**

**King of Himyar's throne, in sands grown cold,
Crumble 'neath the Lamb, whose reign is just.
Warrior of Visigoth, sword turned to dust,
Warrior of Avar, strife in earth's embrace,
Christ's eternal kingdom takes their place!
("Dawn's new day!" "Truth's highway!")**

**Holy, holy, Jesus, King of kings!
Angelic hosts in endless anthems sing!
Hearts proclaim, with fervent voice confess,
Christ, adorned in robes of righteousness!
("Alleluia!" "Glory reigns!" "Alleluia!" "Christ sustains!")**

**Come, O Lamb, with fire to purify,
Lift the lowly, hear their anguished cry!
Priestess of Cucuteni, idols carved in clay,
Falls to Jesus, truth that lights the way.
Spirit's might, break every chain of sin,
Cast to abyss, where darkness meets its end!
Heavens roar, salvation's tide ascends,
Christ, eternal, every knee now bends!
("Oh, Savior... cleanse the earth!")**

**Oh... Jesus... Lord of endless skies...
In shattered tombs, truth's glory never dies...
From ancient shadows, light of grace will soar...
Holy Spirit, reign forevermore...
("Forever... divine embrace...")**

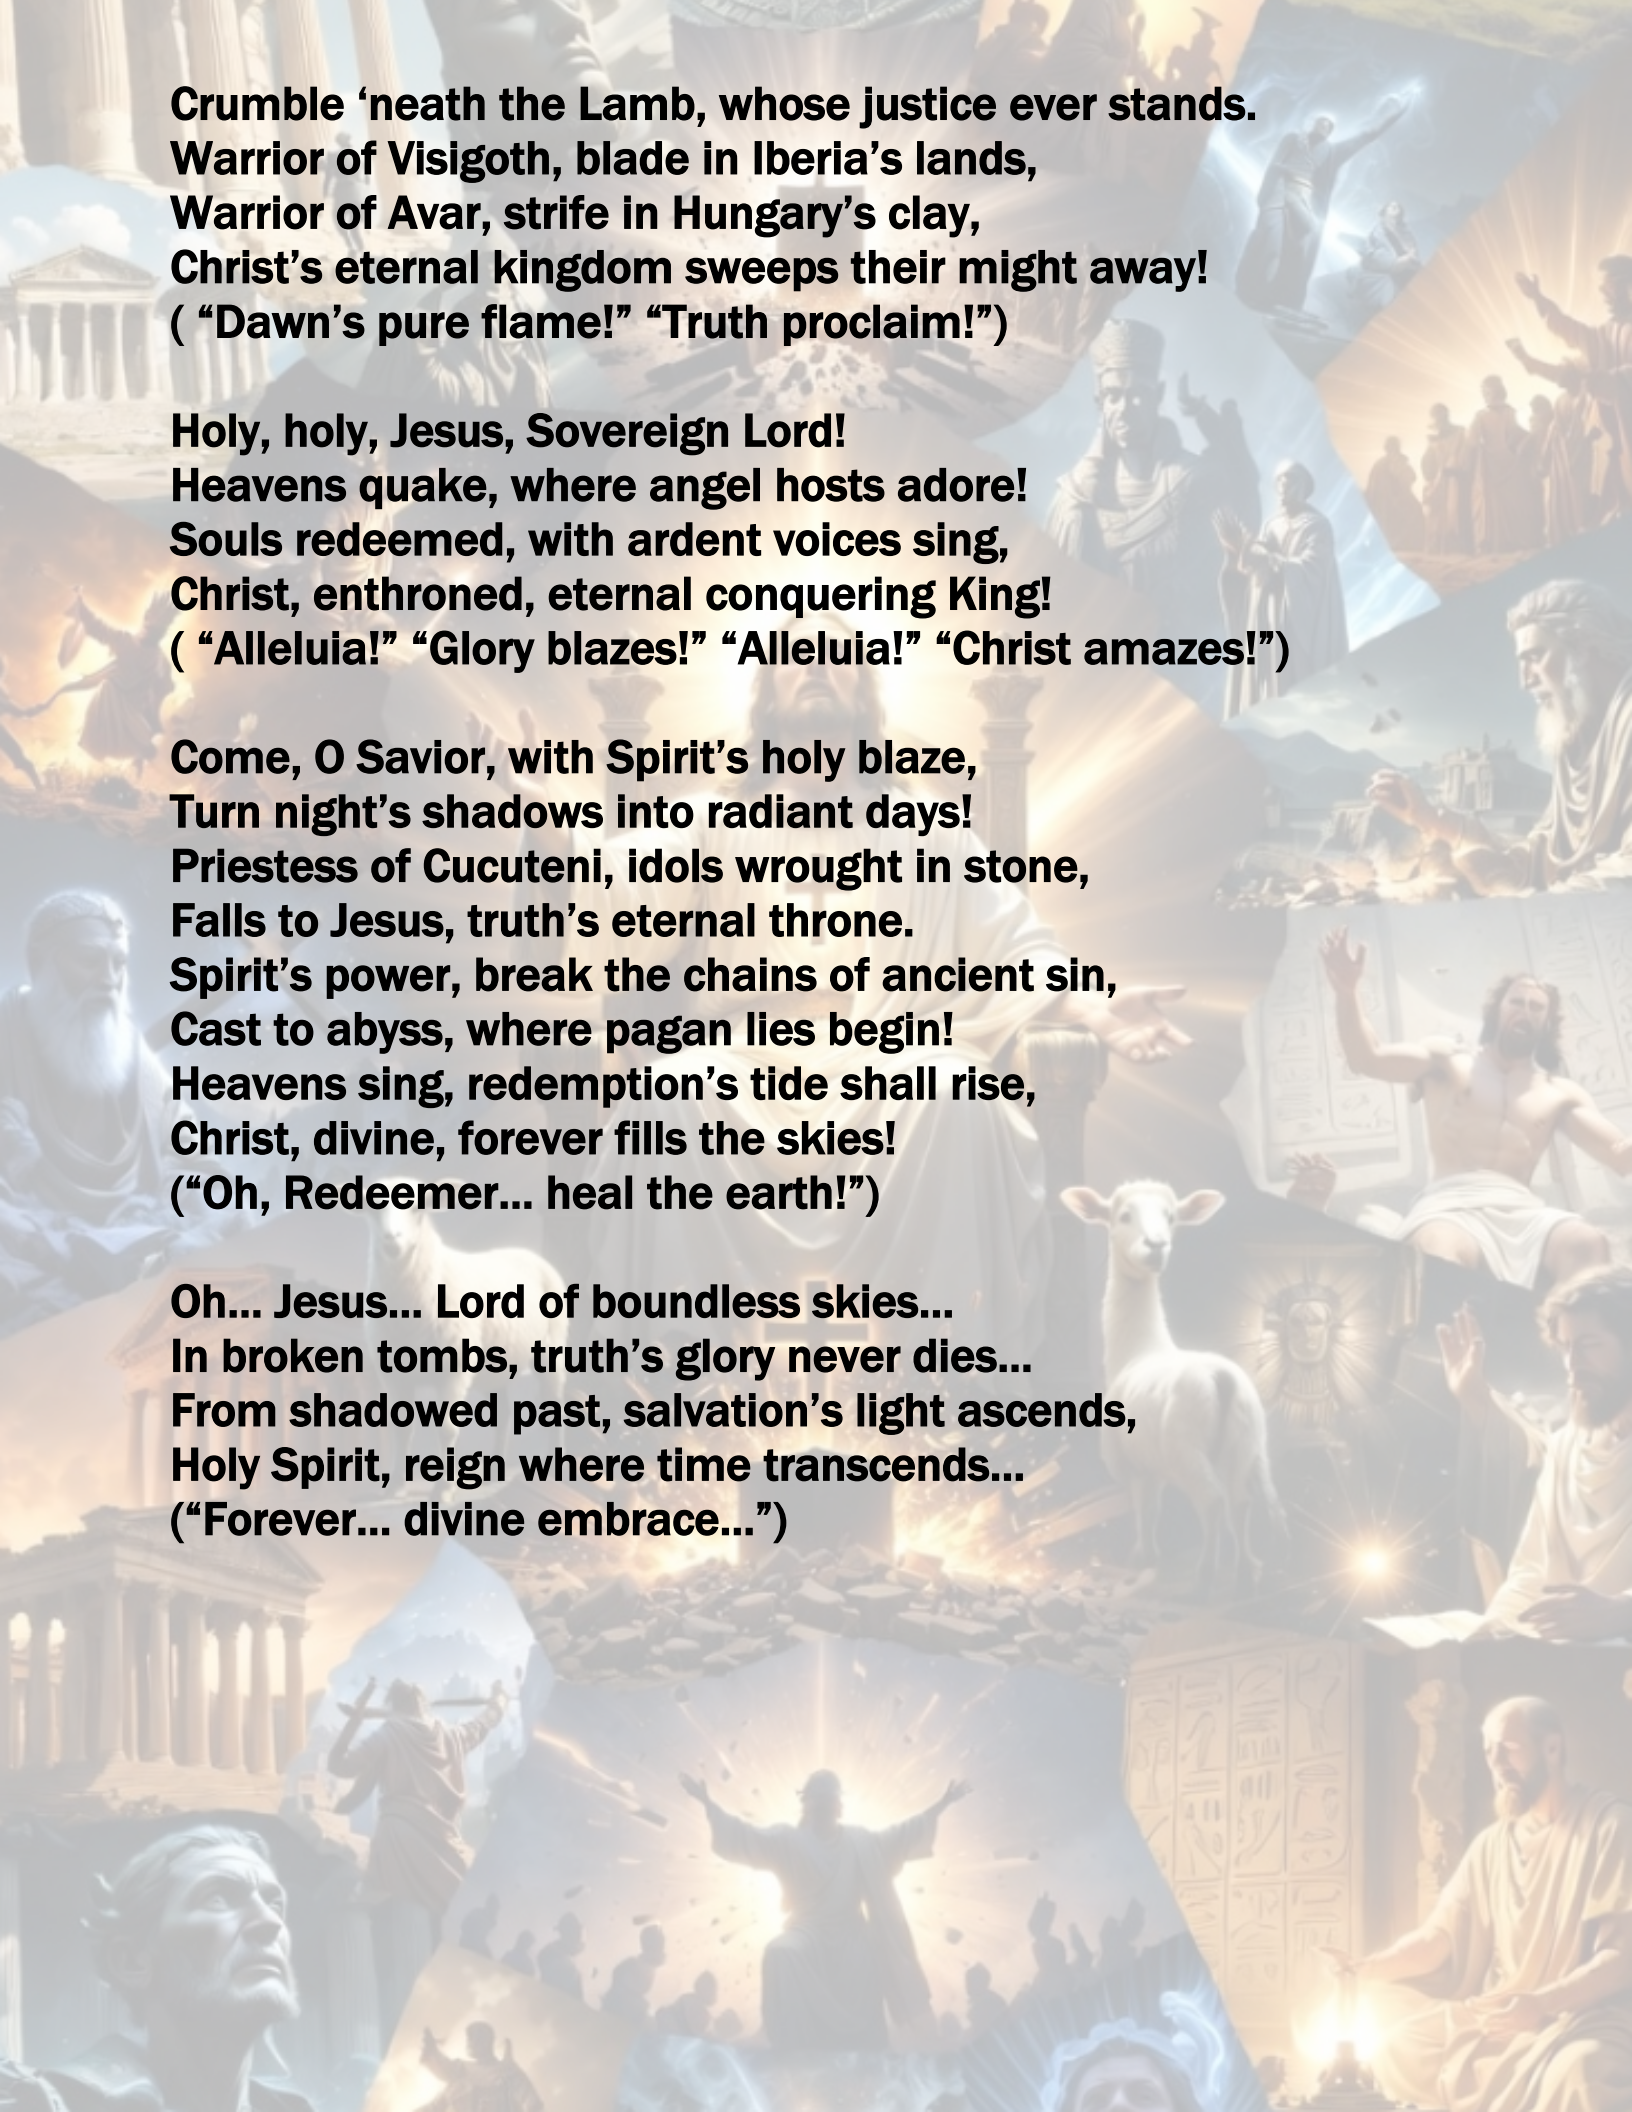

Holy Sovereign Lord

**Holy, holy, Jesus, Sovereign Lord!
Heavens quake, where angel hosts adore!
Souls redeemed, with ardent voices sing,
Christ, enthroned, eternal conquering King!
("Alleluia!" "Glory blazes!" "Alleluia!" "Christ amazes!")**

**Jesus, crowned on empyrean throne,
Ruler of all hearts, by grace alone,
Cosmic veils dissolve at Your command,
Godhead reigns, eternal, ever grand.
Tattooed Shaman's rites, in Baikal's frost,
Sorcerer of Tell Brak, in desert lost,
Fall to Christ, whose word shatters mystic lore,
Sovereign light, where darkness reigns no more!
("Crown divine!" "Truth shall shine!")**

**From wounded side, a crimson tide outpoured,
Redemption's balm, where brokenness restored.
Victim of Jomon, slain in Hokkaido's shade,
Tattooed Victim of Marquesas, life's price paid,
Jesus heals each scar with mercy's gentle hand,
Living love, unbound by time's frail strand.
Witch of Lapa do Santo, staked in cave's despair,
Christ's compassion lifts souls beyond repair!
("Crimson grace!" "Hearts embrace!")**

**Jesus, robed in dawn's celestial fire,
Light of truth, igniting heaven's choir.
Queen of Sheba's pride, in Marib's gilded reign,
King of Himyar's throne, in sands of fleeting gain,**

**Crumble 'neath the Lamb, whose justice ever stands.
Warrior of Visigoth, blade in Iberia's lands,
Warrior of Avar, strife in Hungary's clay,
Christ's eternal kingdom sweeps their might away!
("Dawn's pure flame!" "Truth proclaim!")**

Christ, enthroned, eternal conquering King!
("Alleluia!" "Glory blazes!" "Alleluia!" "Christ amazes!")**

**Come, O Savior, with Spirit's holy blaze,
Turn night's shadows into radiant days!
Priestess of Cucuteni, idols wrought in stone,
Falls to Jesus, truth's eternal throne.
Spirit's power, break the chains of ancient sin,
Cast to abyss, where pagan lies begin!
Heavens sing, redemption's tide shall rise,
Christ, divine, forever fills the skies!
("Oh, Redeemer... heal the earth!")**

**Oh... Jesus... Lord of boundless skies...
In broken tombs, truth's glory never dies...
From shadowed past, salvation's light ascends,
Holy Spirit, reign where time transcends...
("Forever... divine embrace...")**

Album 50 Song 5

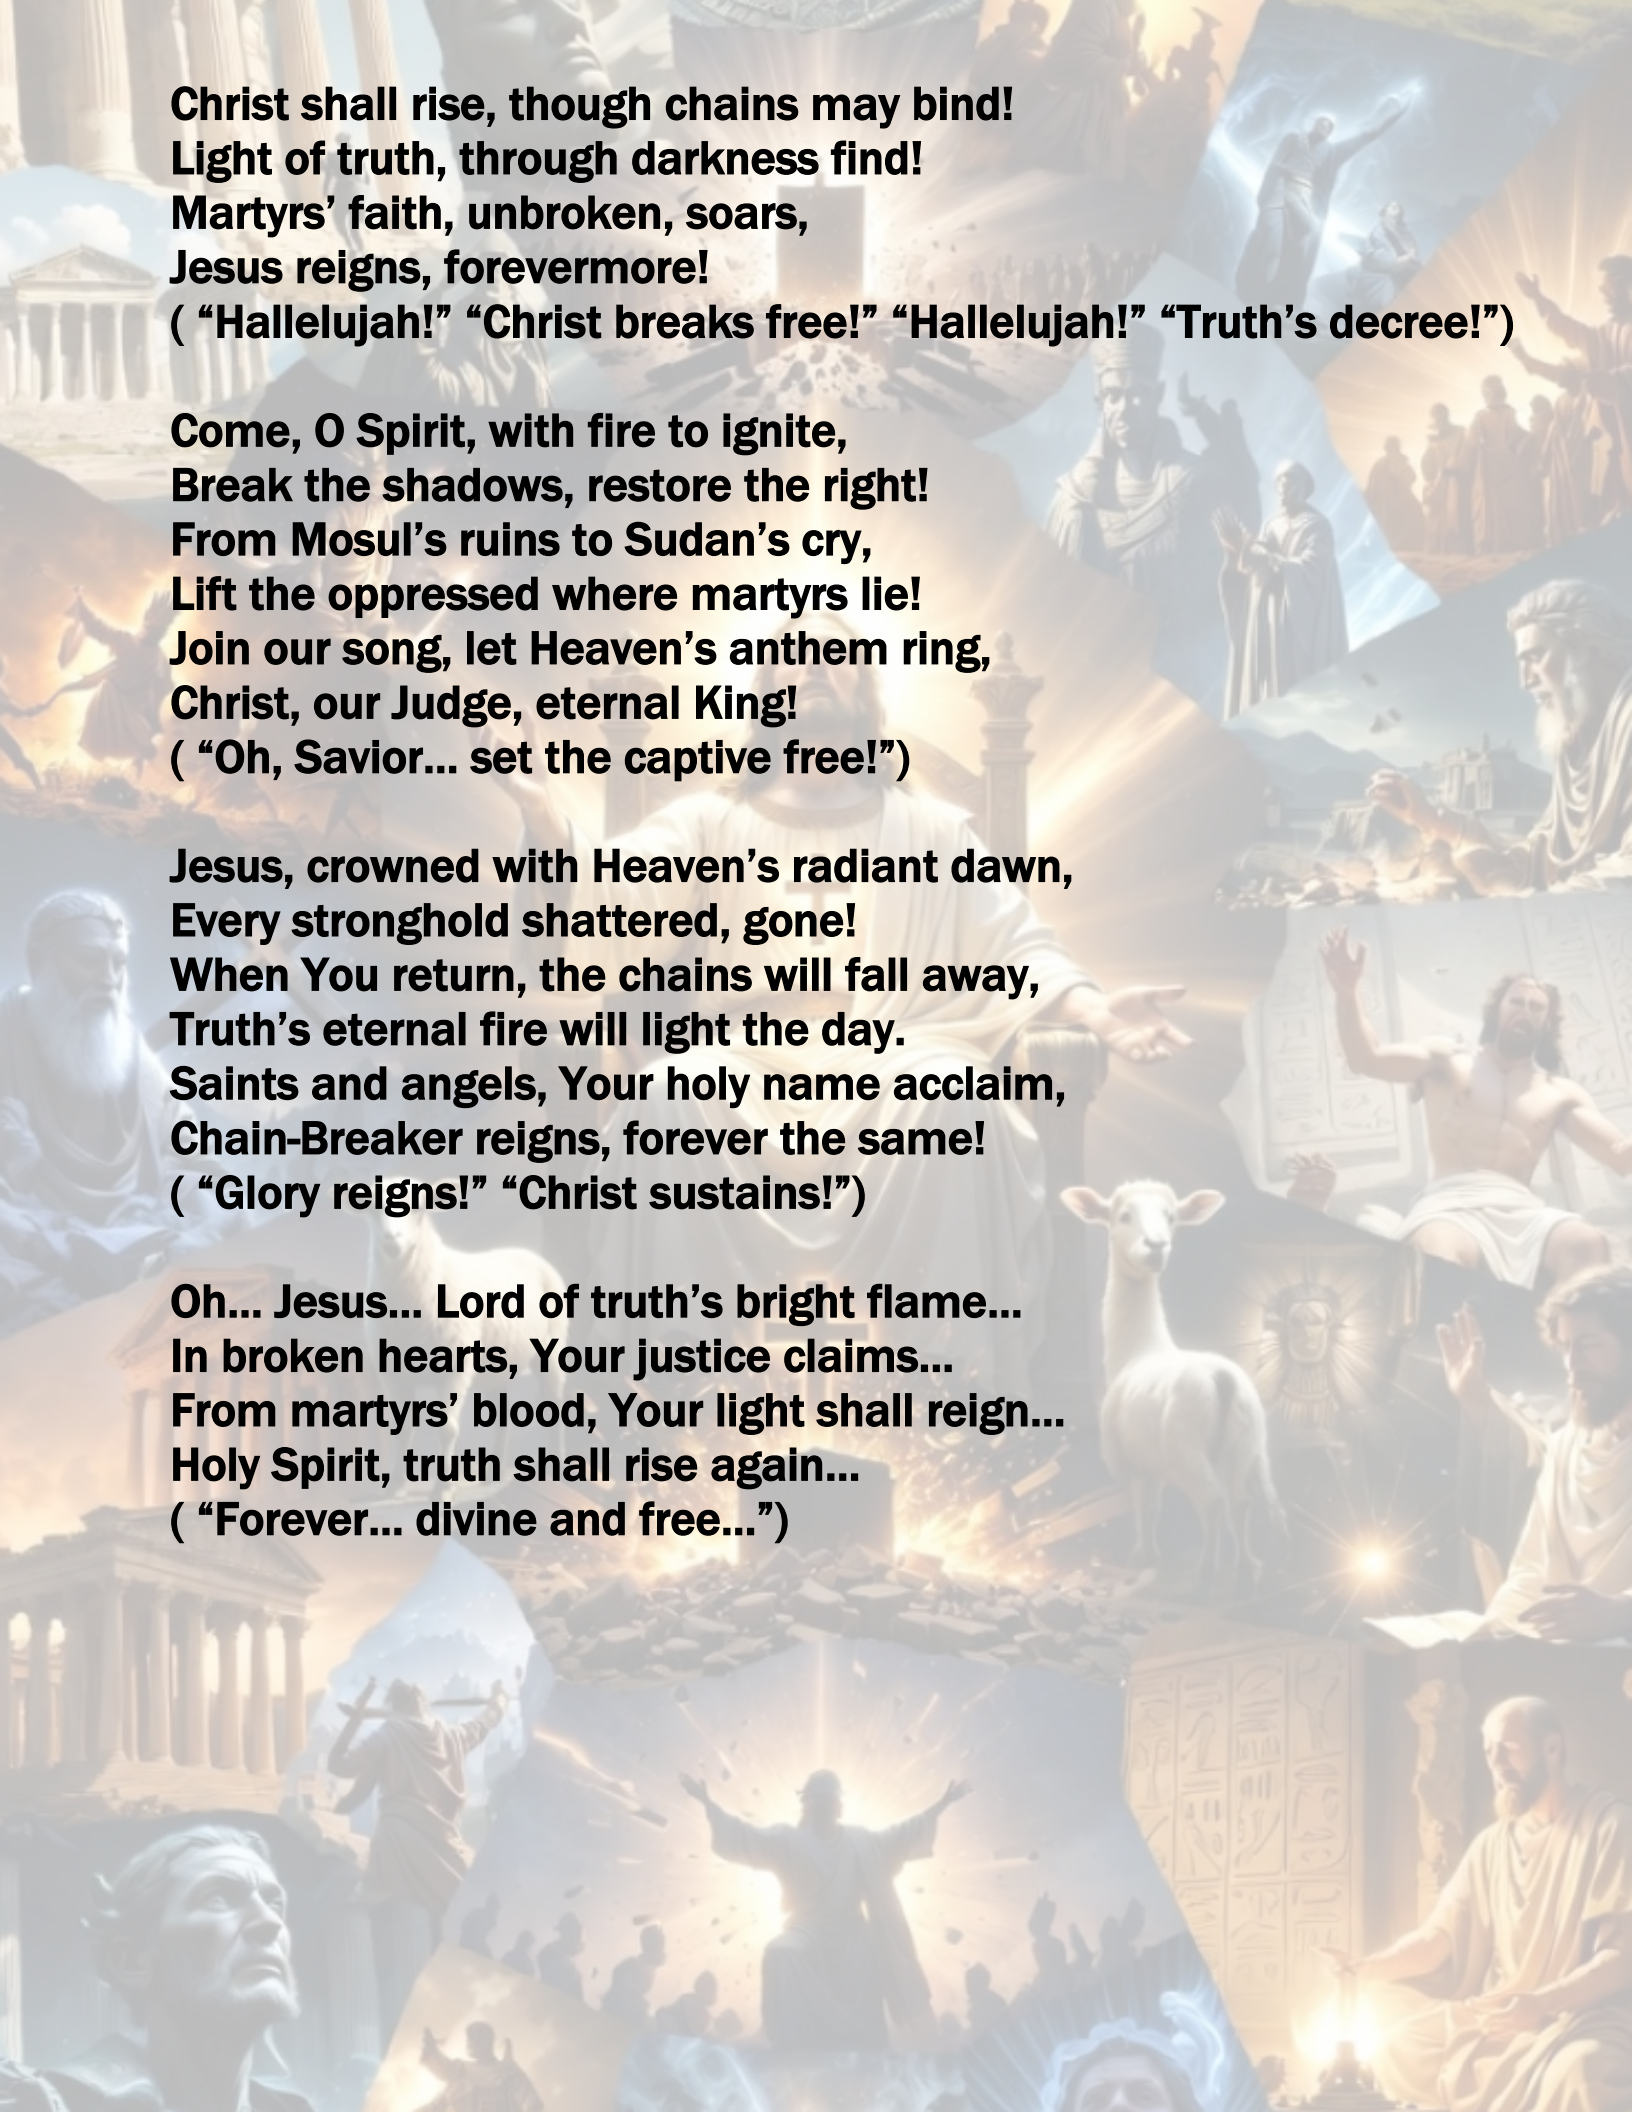

Christ shall raise

**Christ shall rise, though chains may bind!
Light of truth, through darkness find!
Martyrs' faith, unbroken, soars,
Jesus reigns, forevermore!
("Hallelujah!" "Christ breaks free!" "Hallelujah!" "Truth's decree!")**

**In Jerusalem's dust, Stephen's blood was spilled,
Stoned for truth, yet his heart was filled.
Nero's torches burned, believers crucified,
Peter's cross, upside down, in faith he died.
Through Rome's cruel decree, their voices banned,
Yet Christ's own light still lit the land.**

**Persia's sword, Jerusalem's fall in flame,
Ottoman chains, yet Your church proclaimed.
Armenians marched, a genocide's scar,
Nigeria weeps, where Boko's blades are.
Courts and kings, with laws to silence faith,
But Jesus' truth defies the wraith.
("Freedom torn!" Hope reborn!")**

**North Korea's camps, where believers hide,
China's chains, where Your Word's denied.
India's mobs, with fire to burn Your name,
Yet underground, Your church still claims.
When justice cloaks a tyrant's hand,
Christ's righteous throne shall truth command!
(Faith restrained!" "Truth sustained!")**

**Christ shall rise, though chains may bind!
Light of truth, through darkness find!
Martyrs' faith, unbroken, soars,
Jesus reigns, forevermore!
("Hallelujah!" "Christ breaks free!" "Hallelujah!" "Truth's decree!")**

**Come, O Spirit, with fire to ignite,
Break the shadows, restore the right!
From Mosul's ruins to Sudan's cry,
Lift the oppressed where martyrs lie!
Join our song, let Heaven's anthem ring,
Christ, our Judge, eternal King!
("Oh, Savior... set the captive free!")**

**Jesus, crowned with Heaven's radiant dawn,
Every stronghold shattered, gone!
When You return, the chains will fall away,
Truth's eternal fire will light the day.
Saints and angels, Your holy name acclaim,
Chain-Breaker reigns, forever the same!
("Glory reigns!" "Christ sustains!")**

**Oh... Jesus... Lord of truth's bright flame...
In broken hearts, Your justice claims...
From martyrs' blood, Your light shall reign...
Holy Spirit, truth shall rise again...
("Forever... divine and free...")**

Album 50 Song 6

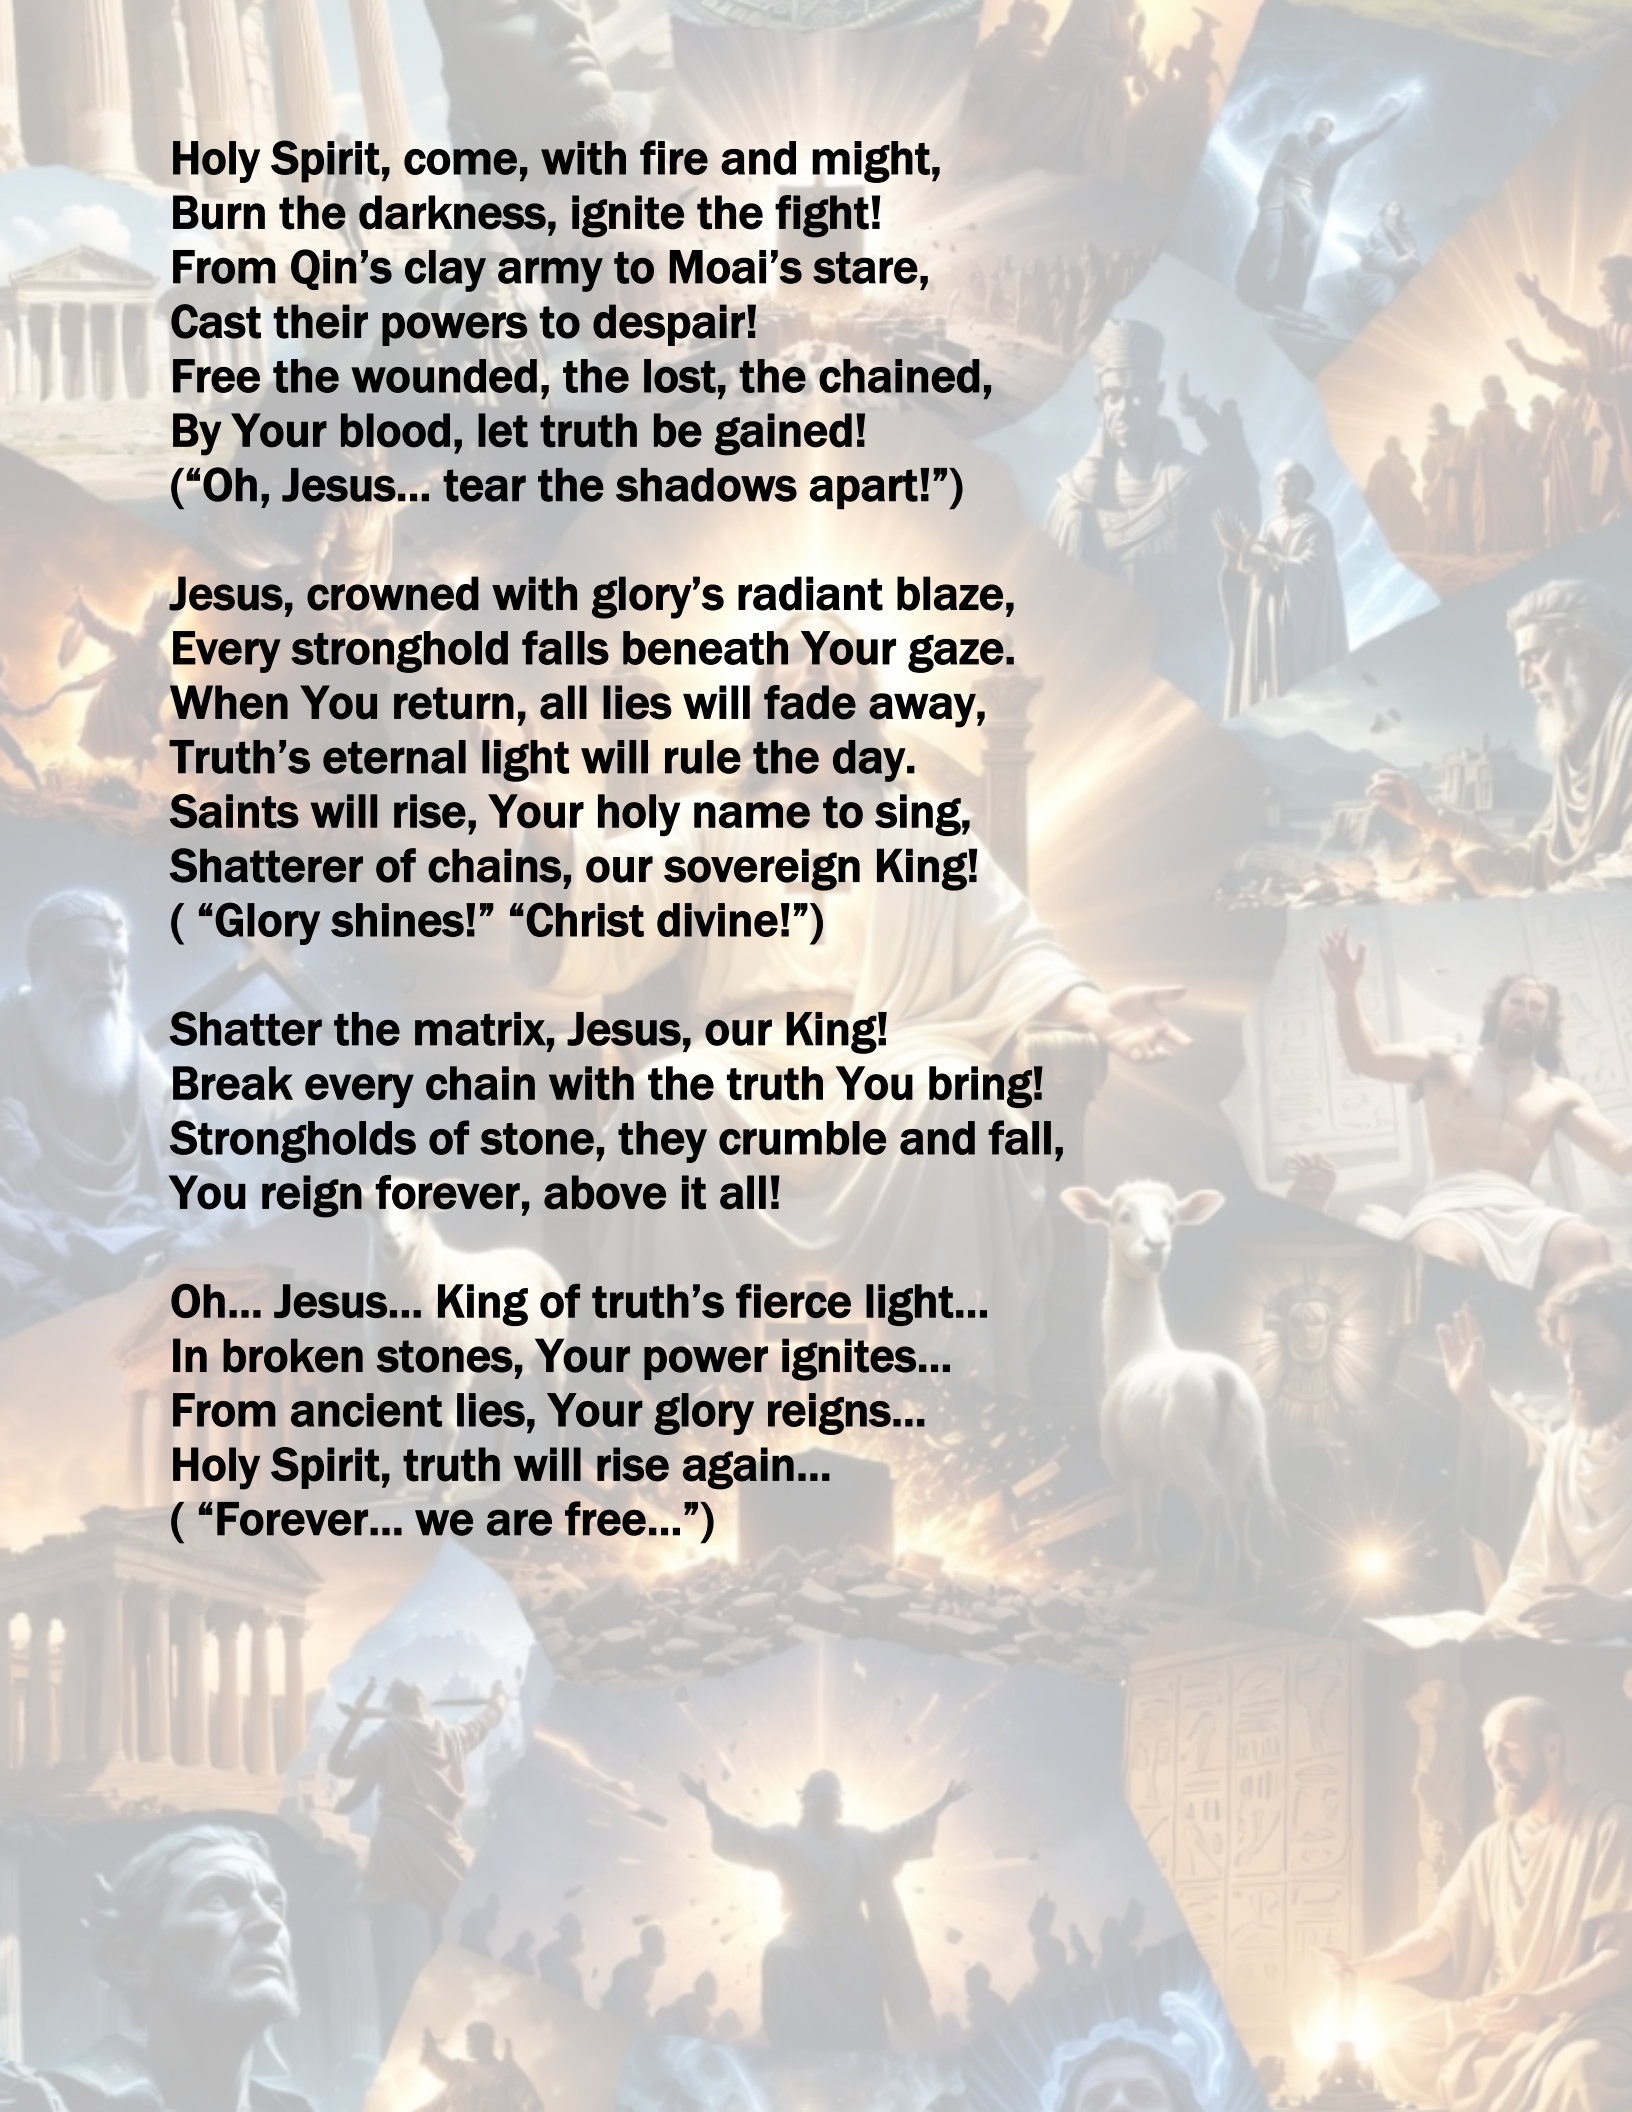

Shatter the Matrix

**Shatter the matrix, Jesus, our King!
Break every chain with the truth You bring!
Strongholds of stone, they crumble and fall,
You reign forever, above it all!
(“Oh-oh-oh!” “Christ is King!” “Oh-oh-oh!” “Freedom springs!”)**

**Giza’s pyramids, Khufu’s pride stands tall,
Ka of kings, with sorcery’s call.
Djoser’s steps, a stairway to deceive,
Unas’ spells, where dead souls weave.
From Sudan’s sands, Taharqa’s shade,
Darkness binds where idols are made.
Christ’s mighty cross will tear it down!
(“Lies will fade!” “Truth invades!”)**

**Teotihuacan, where serpents rise,
Cholula’s gates, with underworld ties.
Ur’s ziggurat, where false gods reign,
Babel’s tower, built in vain.
Newgrange glows with pagan light,
Cahokia’s mounds, where shadows fight.
Christ’s holy power will break their throne!
(“Idols break!” “For His sake!”)**

**Shatter the matrix, Jesus, our King!
Break every chain with the truth You bring!
Strongholds of stone, they crumble and fall,
You reign forever, above it all!
(“Oh-oh-oh!” “Christ is King!” “Oh-oh-oh!” “Freedom springs!”)**

**Holy Spirit, come, with fire and might,
Burn the darkness, ignite the fight!
From Qin's clay army to Moai's stare,
Cast their powers to despair!
Free the wounded, the lost, the chained,
By Your blood, let truth be gained!
(“Oh, Jesus... tear the shadows apart!”)**

**Jesus, crowned with glory's radiant blaze,
Every stronghold falls beneath Your gaze.
When You return, all lies will fade away,
Truth's eternal light will rule the day.
Saints will rise, Your holy name to sing,
Shatterer of chains, our sovereign King!
(“Glory shines!” “Christ divine!”)**

**Shatter the matrix, Jesus, our King!
Break every chain with the truth You bring!
Strongholds of stone, they crumble and fall,
You reign forever, above it all!**

**Oh... Jesus... King of truth's fierce light...
In broken stones, Your power ignites...
From ancient lies, Your glory reigns...
Holy Spirit, truth will rise again...
(“Forever... we are free...”)**

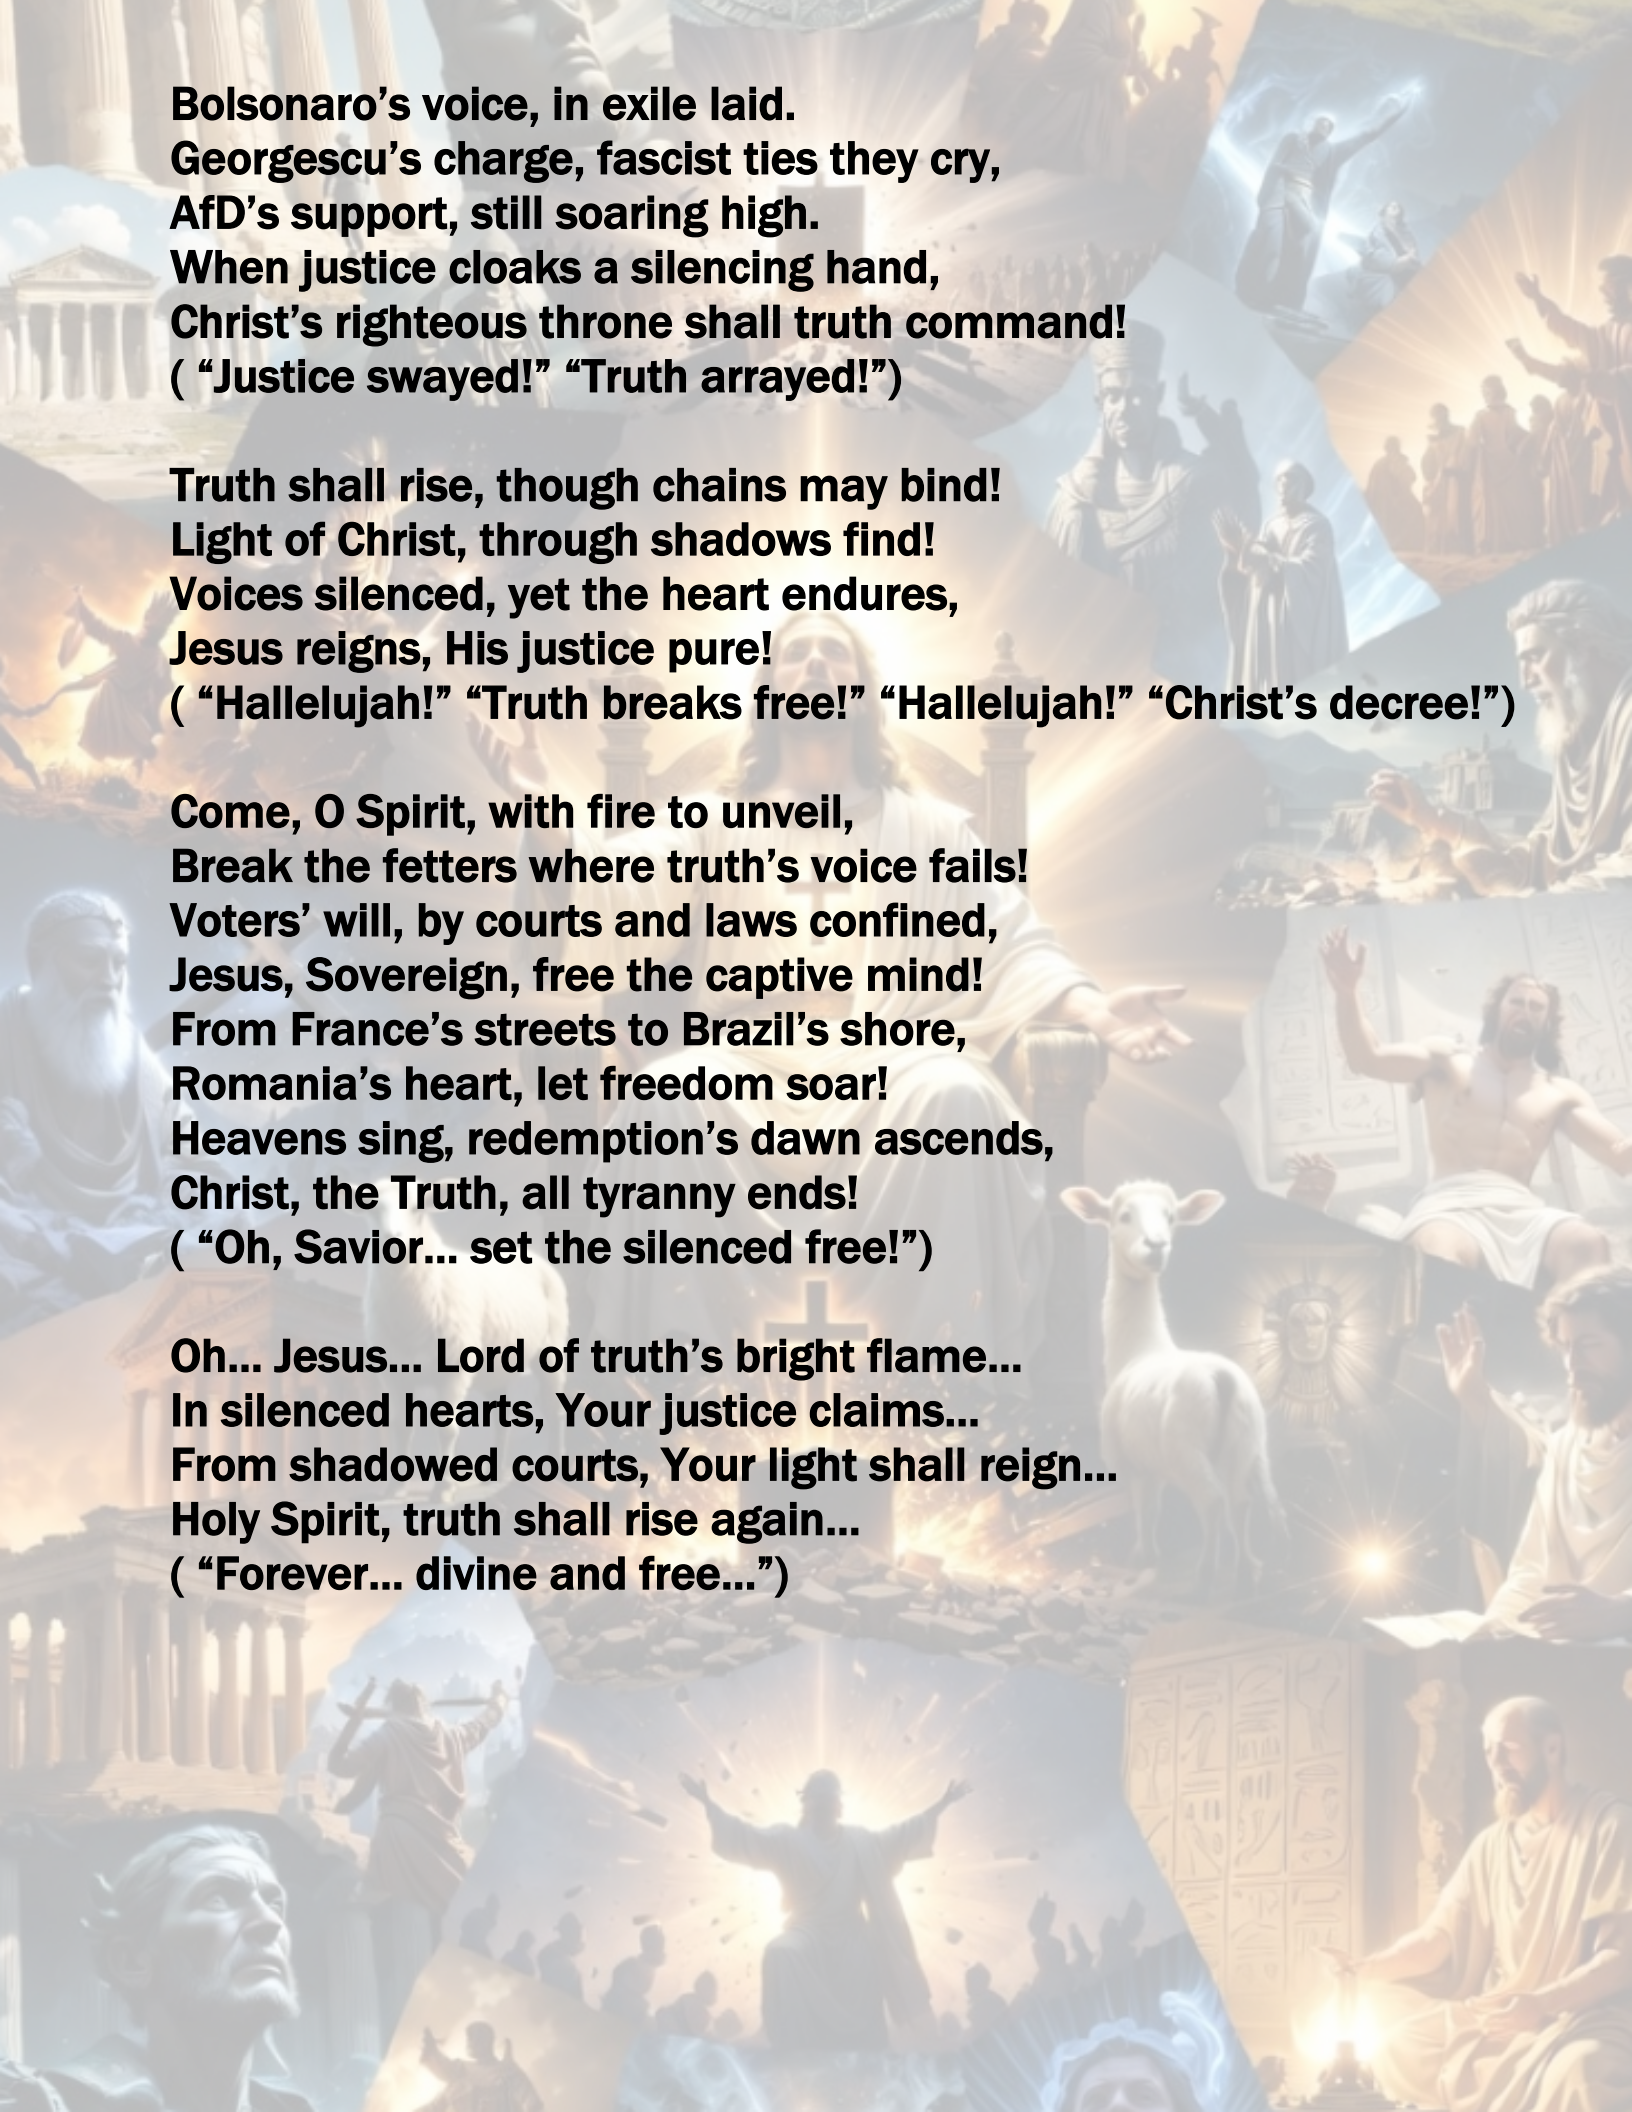

Right Direction-Truth Shall rise

**Truth shall rise, though chains may bind!
Light of Christ, through shadows find!
Voices silenced, yet the heart endures,
Jesus reigns, His justice pure!
(“Hallelujah!” L “Truth breaks free!” “Hallelujah!” “Christ’s
decree!”)**

**In Paris halls, Le Pen stands accused,
Embezzlement’s charge, five years refused.
Courts decree, no vote shall she claim,
Yet voters’ cries echo her name.
Across the seas, Bolsonaro’s barred,
Fraud’s false claim, his voice now scarred.
Institutions wield the gavel’s might,
But Christ’s own truth shall pierce the night!
(“Voices stilled!” “Truth fulfilled!”)**

**Bucharest weeps, Georgescu’s win erased,
Court’s annulment, charges swiftly placed.
Russia’s shadow, they claim, swayed the vote,
Yet voters’ will, in silence, smote.
AfD in Germany, labeled extreme,
Quarter of hearts uphold their dream.
Banned or branded, the people’s choice restrained,
But Jesus, Judge, shall break each chain!
(“Ballots torn!” “Truth reborn!”)**

**Courts proclaim, “Democracy’s shield!”
Yet voters’ hands, from power, yield.
Le Pen’s fine, four million repaid,**

**Bolsonaro's voice, in exile laid.
Georgescu's charge, fascist ties they cry,
AfD's support, still soaring high.
When justice cloaks a silencing hand,
Christ's righteous throne shall truth command!
("Justice swayed!" "Truth arrayed!")**

**Truth shall rise, though chains may bind!
Light of Christ, through shadows find!
Voices silenced, yet the heart endures,
Jesus reigns, His justice pure!
("Hallelujah!" "Truth breaks free!" "Hallelujah!" "Christ's decree!")**

Break the fetters where truth's voice fails!
Voters' will, by courts and laws confined,
Jesus, Sovereign, free the captive mind!

Romania's heart, let freedom soar!
Heavens sing, redemption's dawn ascends,
Christ, the Truth, all tyranny ends!
("Oh, Savior... set the silenced free!")**

In silenced hearts, Your justice claims...
From shadowed courts, Your light shall reign...
Holy Spirit, truth shall rise again...
("Forever... divine and free...")**
